This highly accessible book includes a broad selection of 265 letters, from a total of 820 in existence, that focus on Van Gogh's relentless quest to find his destiny, a search that led him to become an artist; the close bond with his brother Theo; his fraught relationship with his father; his innate yearning for recognition; and his great love of art and literature. The correspondence not only offers detailed insights into Van Gogh's complex inner life, but also re-creates the world in which he lived and the artistic avant-garde that was taking hold in Paris. **Timeskipper** Stefano Benni.2008 From the author of Margherita Dolce Vita One late-winter morning as he is hop-hiking downhill toward his character-building destination, a vomit-yellow cube surrounded by a garden of barbarously unkempt weeds known as the Bisacconi elementary school, Stefano Benni's young hero encounters a peculiar man--as big as a mountain and as filthy as a garbage dump, with a vast beard the color of a dung-heap, dressed from head to foot in layers and rags, and in the company of a swarm of buzzing flies. A god, perhaps? A pagan divinity? Who can tell! After a brief tête-à-tête, this earthy apparition endows the young boy with a rare gift: an internal duoclock that allows him to see into the future and at the same time exist in the present with an uncommon fullness. Meet Timeskipper. Timeskipper sees and foresees the epochal events of his era from postwar reconstruction to the birth of television--from the golden age of rock'n'roll to the revolutionary sixties and the turbulent seventies. These events are tenderly offset by his own private experiences: his first love, his first job, leaving home, hilariously wild adventures with oddball acquaintances. This vibrant fictional character is the repository of our collective experience. His is the story of our time, an era of momentous change. A moving and inventive satiric tale in which imagination defies corruption and conformity, in which the innocence of yesteryear comes face-to-face with the moral aridity of today's money-obsessed society, Timeskipper is one of Stefano Benni's most touching and enduring creations. Colored by Benni's trademark linguistic inventiveness and irresistible humor, this is a coming-of-age story with a difference.

**Pussypedia** Zoe Mendelson.2021-08-03 Written by the creators of the popular website, this rigorously fact-checked, accessible, and fully illustrated guide is essential for anyone with a pussy. If the clitoris and penis are the same size on average, why is the word "small" in the definition of clitoris but strangely missing from the definition of penis? Sex probably doesn't cause yeast infections? But racism probably does cause BV? Why is masturbating so awesome? How hairy are butt cracks . . . generally? Why is labiaplasty on a global astronomical rise? Does egg freezing really work? Should I stick an egg-shaped rock up there or nah? There is still a shocking lack of accurate, accessible information about pussies and many esteemed medical sources seem to contradict each other. Pussypedia solves that with extensive reviews of peer-reviewed science that address old myths, confusing inconsistencies, and the influence of gender narratives on scientific research--always in simple, joyful language. Through over 30 chapters, Pussypedia not only gives the reader information, but teaches them how to read science, how to consider information in its context, and how to accept what we don't know rather than search for conclusions. It also weaves in personal anecdotes from the authors and their friends--sometimes funny, sometimes sad, often cringe-worthy, and always extremely personal--to do away with shame and encourage curiosity, exploration, and agency. A gift for your shy niece, your angsty teenager, your confused boyfriend, or yourself. Our generation's Our Bodies, Ourselves, with a healthy dose of fun.

**The Enchantment of Gardens** Ruth Ammann.2008 Ancient wisdom tells us that gardens have a healing, nourishing effect on the human soul and body. The garden belongs to the great archetype of life and is one of the few big archetypal images that are experienced primarily as positive. This positive experience is significant because the garden is a part of the natural and cultural human environment, and thus, is particularly influential in the interaction between human beings and their environment.
