Kraus' Recreation and Leisure in Modern Society Daniel McLean, Amy Hurd, University of Nevada Las Vegas Daniel McLean. 2014-02-18 With a new full-color design with perforated worksheets, the Tenth Edition of Kraus' Recreation and Leisure in Modern Society provides a detailed introduction to the history, developments, and current trends in leisure studies. It addresses contemporary issues facing the recreation and leisure profession and focuses on challenges and opportunities that impact the profession now as well as years from now. Extensive research into emerging trends helps support the text and provide insights into the future. Focusing on the ten different types of organizations --ranging from nonprofit community organizations and armed forces recreation to sports management and travel and tourism sponsors -- this classic text is an invaluable resource for students considering a career in the recreation and leisure industry. New to the Tenth Edition: - Discusses how specific trends, such as dramatic shifts in population make-up, the impact of technology, and marketing affect leisure-service systems and the recreation and park professions. - Focus on the role of parks and recreation on the health and wellness of our communities as well as means to combat the obesity epidemic in North America. - Includes new case studies which allow students to apply knowledge of technology in leisure, identify the value and benefits of play, and recognize the changing family structures of our modern society.

Teens Together Grief Support Group Curriculum Linda Lehmann, Shane R. Jimerson, Ann Gaasch. 2013-05-13 The texts focus on preschool-aged children, children in kindergarten through grade two, children in grades three through six, and teenagers. Each curriculum contains ten ninety-minute sessions that should be implemented over a period of ten weeks. By employing age-appropriate themes to engage the child and provide continuity throughout the sessions, the division of material within the curricula assures that the activities reflect the developmental level of the grieving child or adolescent. Each person grieves differently, and Grief Support Group Curriculum addresses the issues related to mourning while recognizing the importance of individuality in grieving.

Nollywood Stars Noah A. Tsika. 2015-04-10 "A revelation. It will introduce readers to one of the most significant global centers of film production, Nigeria . . . an important work . . . Essential." —Choice In this comprehensive study of Nollywood stardom around the world, Noah A. Tsika explores how the industry's top on-screen talents have helped Nollywood to expand beyond West Africa and into the diaspora to become one of the globe's most prolific and diverse media producers. Carrying VHS tapes and DVDs onto airplanes and publicizing new methods of film distribution, the stars are active agents in the global circulation of Nollywood film. From Omotola Jalade-Ekeinde's cameo role on VH1's popular series *Hit the Floor* to Oge Okoye's startling impersonation of Lady Gaga, this book follows Nollywood stars from Lagos to London, Ouagadougou, Cannes, Paris, Porto-Novo, Sekondi-Takoradi, Dakar, Accra, Atlanta, Houston, New York, and Los Angeles. Tsika tracks their efforts to integrate into various entertainment cultures, but never to the point of effacing their African roots. "Tsika breaks new ground in showing that Nollywood stars are not the passive creations of an industry, but rather have been essential conditions of its existence and phenomenal success." —Jacquelyn Southern, Center for Urban & Global Studies, Trinity College "There is no doubt that this is a pioneering book, one that raises important questions about the transnational and transmedial dimensions of an emergent, corporate culture of stardom and models an entirely new approach to the study of African movies and media." —African Studies Review "Makes a convincing case that one cannot fully understand Nollywood without a thorough and rigorous examination of its stars." —Christina Lane, University of Miami

Managing to Change the World Alison Green, Jerry Hauser. 2012-07-06 Why getting results should be every nonprofit manager's first priority A nonprofit manager's fundamental job is to get results, sustained over time, rather than boost morale or promote staff development. This is a shift

from the tenor of many management books, particularly in the nonprofit world. *Managing to Change the World* is designed to teach new and experienced nonprofit managers the fundamental skills of effective management, including: managing specific tasks and broader responsibilities; setting clear goals and holding people accountable to them; creating a results-oriented culture; hiring, developing, and retaining a staff of superstars. Offers nonprofit managers a clear guide to the most effective management skills Shows how to address performance problems, dismiss staffers who fall short, and the right way to exercising authority Gives guidance for managing time wisely and offers suggestions for staying in sync with your boss and managing up This important resource contains 41 resources and downloadable tools that can be implemented immediately.

Critical Foundations in Young Adult Literature Antero Garcia. 2013-11-19 Young Adult literature, from *The Outsiders* to *Harry Potter*, has helped shape the cultural landscape for adolescents perhaps more than any other form of consumable media in the twentieth and twenty-first century. With the rise of mega blockbuster films based on these books in recent years, the young adult genre is being co-opted by curious adult readers and by Hollywood producers. However, while the genre may be getting more readers than ever before, Young Adult literature remains exclusionary and problematic: few titles feature historically marginalized individuals, the books present heteronormative perspectives, and gender stereotypes continue to persist. Taking a critical approach, *Young Adult Literature: Challenging Genres* offers educators, youth librarians, and students a set of strategies for unpacking, challenging, and transforming the assumptions of some of the genre's most popular titles. Pushing the genre forward, Antero Garcia builds on his experiences as a former high school teacher to offer strategies for integrating Young Adult literature in a contemporary critical pedagogy through the use of participatory media.

Final Report of the Task Force on Combating Terrorist and Foreign Fighter Travel

Homeland Security Committee. 2016-11-01 The report addresses the urgent and growing threat of terrorist travel by Americans to Syria and Iraq. Despite the government's efforts to control this travel, hundreds of Americans have attempted to reach the conflict zones to join the jihadists. Using numerous briefings, interviews, site visits, and document analysis, the Task Force makes thirty-two key findings dealing with government strategy, identification of terrorists, and disruption of foreign fighter travel, including: Key Finding 1: The United States lacks a comprehensive strategy for combating terrorist and foreign fighter travel. Key Finding 14: State and local law enforcement personnel continue to express concern that they are not provided with the appropriate security clearances to assist with counterterrorism challenges. Key Finding 25: "Broken travel" and other evasive tactics are making it harder to track foreign fighters. Key Finding 29: Gaping security weaknesses overseas—especially in Europe—are putting the U.S. homeland in danger by making it easier for aspiring foreign fighters to migrate to terrorist hotspots and for jihadists to return to the West. Introductory remarks by security experts accompany the text and place these findings and recommendations in their proper context, explaining the critical need for effective strategy in combating terrorist travel from the United States.

[Teen Suicide](#) Tracey Mullins MS QMHP. 2019-11-13 *Teen Suicide: The Raw Truth*, educates teens, parents, peers and teachers. It expresses on the major stressors on why children commit suicide, while expressing how parents, peers and teachers can help a child in need. Suicide is hitting the homes of many families and it is time to stand strong together and help our children. The reader will find the reasons why a child commits suicide, and the main source they use to commit suicide. The reader will also be able to read about true suicide victims. One will find twenty interviews, which were done by the author. The author sat with the children and talked about subjects that are killing

our children. The author hopes the book helps children who are contemplating suicide, helps parents understand the signs and symptoms their child may be showing, peers who know someone is wanting to commit suicide to reach out and let someone know and teachers to keep their eyes and ears open.

Online around the World Laura M. Steckman, Marilyn J. Andrews.2017-05-24 Covering more than 80 countries around the world, this book provides a compelling, contemporary snapshot of how people in other countries are using the Internet, social media, and mobile apps. How do people in other countries use the social media platform Facebook differently than Americans do? What topics are discussed on the largest online forum—one in Indonesia, with more than seven million registered users? Why does Mongolia rate in the top-ten countries worldwide for peak Internet speeds? Readers of *Online around the World: A Geographic Encyclopedia of the Internet, Social Media, and Mobile Apps* will discover the answers to these questions and learn about people's Internet and social media preferences on six continents—outside of the online community of users within the United States. The book begins with an overview of the Internet, social media platforms, and mobile apps that chronologically examines the development of technological innovations that have made the Internet what it is today. The country-specific entries that follow the overview provide demographic information and describe specific events influenced by online communications, allowing readers to better appreciate the incredible power of online interactions across otherwise-unconnected individuals and the realities and peculiarities of how people communicate in today's fast-paced, globalized, and high-technology environment. This encyclopedia presents social media and the Internet in new light, identifying how the use of language and the specific application of human culture impacts emerging technologies and communications, dramatically affecting everything from politics to social activism, education, and censorship.

Subversive Horror Cinema Jon Towlson.2014-03-13 Horror cinema flourishes in times of ideological crisis and national trauma—the Great Depression, the Cold War, the Vietnam era, post-9/11—and this critical text argues that a succession of filmmakers working in horror—from James Whale to Jen and Sylvia Soska—have used the genre, and the shock value it affords, to challenge the status quo during these times. Spanning the decades from the 1930s onward it examines the work of producers and directors as varied as George A. Romero, Pete Walker, Michael Reeves, Herman Cohen, Wes Craven and Brian Yuzna and the ways in which films like *Frankenstein* (1931), *Cat People* (1942), *The Woman* (2011) and *American Mary* (2012) can be considered “subversive.”

Teen Movies Timothy Shary.2023-10-31 Cinema has always engaged with the experiences, hopes, fears, and anxieties of—and about—adolescents, teenagers, and young people. This book is a comprehensive and accessible history of the depiction of teenagers in American film, from the silent era to the twenty-first century. Timothy Shary explores the development of teenage roles across eras and industrial cycles, such as the juvenile delinquent pictures of the 1950s, the beach movies of the 1960s, the horror films of the 1980s, and the fantasy epics of the 2000s. He considers the varied genres of the teen movie—horror and melodrama, romance and adventure, fantasy and science fiction—and its shifting themes and tropes around sex and gender, childhood and adulthood, rebellion and social order, crime and consumer culture. *Teen Movies* features analyses of films such as *Rebel Without a Cause* (1955), *Splendor in the Grass* (1961), *Carrie* (1976), *The Breakfast Club* (1985), *American Pie* (1999), and the *Twilight* series (2008–2012). This second edition is updated

throughout and features a new chapter examining Millennials and Generation Z on screen, with discussions of many contemporary topics, including queer youth in movies like *Moonlight* (2016), abortion in films such as *Never Rarely Sometimes Always* (2020), and the flourishing of a “tween” cinema as seen in *Are You There God? It’s Me, Margaret.* (2023).

Sex, Teens, and Everything in Between Shafia Zaloom.2019-09-03 The only book you need to start a conversation with your kids about sexual harassment, consent, #metoo, and more Many American teens are steeped in a culture that sends unsettling messages about sex, through everything from politics to music to the normalization of porn. In today's environment, it's crucial that teens be able to ask hard questions about how to take care of themselves, make decisions that reflect their values, and stay safe. In *Sex, Teens, and Everything in Between*, veteran teen sex educator and mother of three Shafia Zaloom helps you discuss a wide variety of sex-related topics with your teens, including: How to get and give consent What it means to have good sex How to help prevent sexual harassment and assault How to stay safe in difficult situations The legal consequences of sexual harassment and assault, and what to do if a teen experiences assault or is accused of it Stories from survivors of sexual assault Approachable, engaging, and with real-life scenarios and discussion questions in every chapter, *Sex, Teens, and Everything in Between* is a must-have resource that gives parents and educators the tools they need to have meaningful conversations with teens about what sex can and should be.

The Turning Richard Eyre,Linda Eyre.2014-08-26 It is easy to find alarming statistics on escalating violence, addiction and economic inequality in developed countries and stubborn poverty in the third world. The fascinating question has to do with cause. New York Times #1 bestselling authors Richard and Linda Eyre’s new book *The Turning: Why the State of the Family Matters and What the World Can Do about It* contends that the social and economic challenges faced not only in the United States, but throughout the world, are the direct result of an unprecedented and widespread turning away from family. The negative effects of this turning are apparent in the youth of the world today: In São Paulo, Brazil, more than 1.2 million “street children” are addicted to cocaine; Suicide is the third leading cause of death for American fifteen-to-twenty-four-year-olds; Great Ormond Street Hospital in London has treated girls as young as seven or eight for eating disorders; In Ethiopia, nearly half of the children under the age of six work 30-hour weeks; and In the past year there have been over 64 school shootings in the U.S., equaling more than one shooting a week. *The Turning* uses research findings, statistics (like those listed above), and the Eyres’ personal experiences at home and abroad to show that families are essential to the survival and success of civilization. With the well-being of the world at risk, *The Turning* will move readers in a way that will raise personal reflection, discussion, and action to return the family to its necessary position as the recognized and prioritized basic unit of society. But far more than a book of statistics and political suggestions, this is a book for parents—parents who want to better understand the world their children are growing up in and who want to create a family culture that is stronger than the internet culture, the peer culture, and all the other influences that flurry around our children every day. As Thomas Friedman’s *The World is Flat* opened our eyes to the cause-and-effect aspects of the global economy, *The Turning* will open the eyes of readers across the world to the means-and-ends connections between stable families and households and the world’s ability to meet its social and economic challenges. As Harvard’s Clayton Christensen and best-selling author of *The Innovator’s Dilemma* states, “This book gives us a common cause, and a clear way to frame and explain the causality of today’s problems.” In the spirit of Friedman’s *The World is Flat*, Richard and Linda Eyre examine the connections between the world’s mounting social problems and the breakdown of families and look deeply at the root causes of family disintegration—the false paradigms that confuse the priorities of parents and influence the kind of policies and practices in larger institutions (from media to government) that threaten families both economically and emotionally.

Promoting Great Reads to Improve Teen Reading Lucy Schall.2015-02-12 Support current educational initiatives with a ready-to-use tool that will help you with selection, motivation, and skill building relative to titles published within the last five years. New demands by Common Core and

other national and state standards mean teachers and librarians need support in pairing high-interest content with skill building that speaks to those standards. This hands-on, research-based resource will help. Covering 100 titles, it guides you to topics, themes, values, and activities that meet national and state standards. The book's organization—by genres, topics, and themes—will enable librarians to serve customers with specific requests and help teachers build thematic units. Focusing on recent young adult fiction and nonfiction (2010–2014), the guide offers a succinct plot summary, links to popular themes and genres, indication of reading levels, and an engaging booktalk for each title. It also includes guidelines for further promoting each book and extending knowledge through discussion. The author, a former middle and high school teacher, demonstrates how you can foster close reading through paraphrasing, comparison, and response and explains how to strengthen critical thinking among teens. Lists of related titles and notes on gender appeal can be used for readers' advisory.

Spinglish Henry Beard, Christopher Cerf. 2015-06-02 Spinglish—the devious dialect of English used by professional spin doctors—is all around us. And the fact is, until you’ve mastered it, politicians and corporations (not to mention your colleagues and friends) will continue putting things over on you, and generally getting the better of you, every minute of every day—without your even knowing it. However, once you perfect the art of terminological inexactitude, you’ll be the one manipulating and one-upping everyone else! And here’s the beauty part: Henry Beard and Christopher Cerf, authors of the New York Times semi-bestseller *The Official Politically Correct Dictionary and Handbook*, have compiled this handy yet astonishingly comprehensive lexicon and translation guide—a fictionary, if you will—to help you do just that. If you want to succeed in business (or politics, sports, the arts, or life in general) without really lying, this is the book for you! (Your results may vary.) Spinglish includes these nifty bits of spurious verbiage and over a thousand more: aesthetic procedure - face-lift dairy nutrients - cow manure enhanced interrogation techniques - torture “For your convenience.” - “For our convenience.” hands-on mentoring - sexual relations with a junior employee incomplete success - failure rightsizing - firing people zero-tasking - doing nothing With each and every entry sourced from some of the greatest real-life language benders in the world today, you’re virtually guaranteed to have the perfectly chosen tried-and-untrue term right at the tip of your forked tongue. Wish you could nimbly sidestep a question without batting an eye? Not sure how to apologize while also . . . not apologizing? Spinglish has you covered.
