Feedback in Online Course for Non-Native English-Speaking Students Larisa Olesova.2014-08-11 Feedback in Online Course for Non-Native English-Speaking Students is an investigation of the effectiveness of audio and text feedback provided in English in an online course for non-native English-speaking students. The study presents results showing how audio and text feedback can impact on non-native English-speaking students' higher-order learning as they participate in an asynchronous online course. It also discusses the results of how students perceive both types of the feedback provided. In addition, the study examines how the impact and perceptions differ when the instructor giving the feedback is a non-native English-speaking teacher or a native English-speaking teacher. Finally, the study discusses pedagogical implications and suggestions for instructors and designers in creating online learning environments as it relates to asynchronous online courses that include non-native English-speaking students. The students who participated in this study include non-native English-speaking students from a university in northern Siberia, Russia. An extended literature review of audio and text feedback in different learning environments is used to refer to the possible effectiveness of feedback expected in an online course. Feedback in Online Course for Non-Native English-Speaking Students provides empirical evidence that could assist online courses administrators in making appropriate assessment of non-native English-speaking students' online learning.

**Rapidex English Speaking Course (Telugu)** EDITORIAL BOARD.2015-01-09 A legendary language learning course undoubtedly! Rapidex English Speaking Course is the only speaking course of its kind whose features can be described in superlative degree only. It has already benefited millions of readers across the country. Experts have unanimously declared it as the best self-study course. Perhaps that is the reason that for over 15 years it has constantly been on the top of the best sellers list in the market. What is the secret of its great popularity? Maybe, a no-nonsense down-to-earth approach and a very scientific methodology that takes into its account the special requirements of Indian learners. In any case it is not just another crash course that begins with a bang but ends with a whimper. Rather its contents and subject matters have been specially designed to help a common man achieve maximum command on the language in a very short time. The most important part of this self-study course is confidence building measures because it has been found from the long experience that biggest problem in the path of fluently speaking a foreign language is hesitation, that arises out of lack of confidence. Many people, who have good command over the language and are well versed in its grammar and composition, can't speak the language fluently. Why? The answer is simple. While speaking they try to construct a sentence in their mother language and do the mental translation before uttering a single line. This creates not only confusion but utter chaos in their mind. As a result they feel great hesitation to speak simple sentences. In some cases, however, the problem is more complex, as they lack the basic knowledge of the English language. Rapidex English Speaking Course takes care of both the cases. So, what are you waiting for? Go ahead and discover the secret of fluency in English speaking. Explore and develop your hidden potential and face the world with a new-found confidence and smartness. Only the sky should be your limit. No matter which language you know or speak, be it Hindi, Marathi, Gujarati, Tamil, Telegu, Assami, Oriya, Kannad, Punjabi, Bengali, Nepali or Urdu, with the help of this book English will no more be a foreign language for you. A must for every Indian home. #v&spublishers

The first step is to go to make sure you're logged into your Google Account and go to Google Books at [books.google.com](https://books.google.com). My favorite part about DigiLibraries.com is that you can click on any of the categories on the left side of the page to quickly see free Kindle books that only fall into that category. It really speeds up the work of narrowing down the books to find what I'm looking for. DailyCheapReads.com has daily posts on the latest Kindle book deals available for download at Amazon, and will sometimes post free books. It's easy to search Wikibooks by topic, and there are separate sections for recipes and childrens' textbooks. You can download any page as a PDF using a link provided in the left-hand menu, but unfortunately there's no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks is simply to open them in your web browser. Authorama is a very simple site to use. You can scroll down the list of alphabetically arranged authors on the front page, or check out the list of Latest Additions at the top. Despite its name, most books listed on Amazon Cheap Reads for Kindle are completely free to download and enjoy.
