**My Doctor, Wine** Gaston Derys,Raoul Dufy.2003 This delightful little volume, first published in French in 1936, extols the many joys and benefits of wine. Wine drinkers will take pleasure in Gaston Derys's quaint appreciation of the grape, and art lovers will admire Raoul Dufy's joyful watercolors. Reflecting the exuberance and elan of an earlier day, Derys takes us back to a time when the doctor's favored prescription was an amiable glass of wine. In Derys's ode to wine, here translated into English, we discover that the medicinal and therapeutic uses of wine are many: it assists in fighting typhoid, infant sicknesses, and diabetes; it exerts a positive effect on one's character, beauty, and creativity: and it lends a fortifying power to athletes and soldiers. Supported by the comments of French doctors as well as Dufy's beautifully reproduced paintings, Derys's argument to raise a glass of wine becomes pleasantly irrefutable.

**The Poetics of Multilingualism - La Poétique du plurilinguisme** Patrizia Noel Aziz Hanna,Levente Seláf.2017-01-06 Poetica et Metrica 2. One of the most fascinating aspects of the poetics of multilingualism is that it reveals national literatures to be an outcome of transcultural reflection. This kind of reflection can surface in lexical borrowings and inventions, in attempts at imitating foreign language features, and in combining and improvising stylistic and linguistic devices. The experiments presented in this book range from idiosyncratic and "forced" solutions to the partly unconscious creation of new genres from situations of cultural contact. Multilingualism, as such, turns out to be basic for the emergence of vernacular literatures. While research on the poetics of multilingualism is usually restricted to specific authors, languages, genres or epochs, this book addresses the issue from the perspective of its general systematics, and reflects the diversity of the phenomenon. It provides facets from individual authors' poetics to conventionalised features of poetics, and from written to oral and sung products of multilingual creation. By focusing on the topic's ontology, its basic categories and relations, the volume demonstrates the fundamental importance of multilingualism for literary and linguistic theory with studies on a number of European countries and regions, including multilingualism in the literature and literary traditions of the Alsace, the Basque Country, England, France, Germany, Hungary, Italy, Ireland, the Netherlands, Russia, Sardinia, and Spain.
