In some cases, you may also find free books that are not public domain. Not all free books are copyright

free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books. It's worth remembering that absence of a price tag doesn't necessarily mean that the book is in the public domain; unless explicitly stated otherwise, the author will retain rights over it, including the exclusive right to distribute it. Similarly, even if copyright has expired on an original text, certain editions may still be in copyright due to editing, translation, or extra material like annotations.
