Lost Souls of the River Kwai Bill Reed,Mitch Peeke.1990-12-31 This is the moving story of a young man who found himself along with thousands of his comrades in the nightmare of Japanese captivity. Unlike so many (it is said that one Commonwealth POW died for every sleeper laid) Bill lived to tell the tale. Indeed it is remarkable that this story has not been told before, so graphic are Bill's memories of the hardships and horrors. The book goes on to describe how the experiences of those years have affected his life since.

Chasing Ghosts Louise DeSalvo.2015-10-12 When literary biographer and memoirist Louise DeSalvo embarked upon a journey to learn why her father came home from World War II a changed man, she didn't realize her quest would take ten years, and that it would yield more revelations about the man—and herself—and the effect of his military service upon their family than she'd ever imagined. During his last years, as he told her about his life, DeSalvo began to understand that her obsession with war novels and military history wasn't merely academic but rooted in her desire to understand this complex father whom she both adored and reviled because of his mistreatment of her. Although she at first believes she wants to uncover his story, the story of a man who was no

hero but who was nonetheless adversely affected by the his military service, she learns that what she really wants is to recover the man that he was before he went away. As DeSalvo and her father uncover his past piece-by-piece, bit-by-bit, she learns about the dreams of a working-class man who entered the military in the late 1930s during peacetime to better himself, a man who wanted to become a pilot. She learns about what it was like for him to participate in war games in the Pacific prior to the war, and its devastating toll. She learns about what it was like for her parents to fall in love, set up house, marry, and have children during this cataclysmic time. And as the pieces of her father's life fall into place as works to piece together the puzzle of everything she's learned about this time, she finds herself finally able to understand him. Chasing Ghosts is an original contribution to the understanding of working-class World War II veterans who did not conventionally distinguish themselves through "heroic" actions and whose lives were not until recently considered worthy of historical or cultural attention. It personalizes the history of those sailors who served in the Navy aboard aircraft carriers and on islands in the Pacific prior to, and during World War II and contributes to the current vital conversation about the often-unrecognized effects of war and its traumas upon those men and their families. It reveals the lifelong devastating consequences of military service on those men and women who fell in love, married, and set up house. And it reveals the complexity of what it is like to be the daughter of a father who has gone to war.

This volume gathers leading Chrétien scholars and thinkers to explicate, explore, think with, and commemorate his thought. A Cultural History of Tragedy in the Modern Age Jennifer Wallace.2021-05-20 In this book leading scholars come together to provide a comprehensive, wide-ranging overview of tragedy in theatre and other media from 1920 to the present. The 20th century is often considered to have witnessed the death of tragedy as a theatrical genre, but it was marked by many tragic events and historical catastrophes, from two world wars and genocide to the proliferation of nuclear weapons and the anticipation and onset of climate change. The authors in this volume wrestle with this paradox and consider the degree to which the definitions, forms and media of tragedy were transformed in the modern period and how far the tragic tradition—updated in performance—still spoke to 20th- and 21st-century challenges. While theater remains the primary focus of investigation in this strikingly illustrated book, the essays also cover tragic representation—often re-mediated, fragmented and provocatively questioned—in film, art and installation, photography, fiction and creative non-fiction, documentary reporting, political theory and activism. Since 24/7 news cycles travel fast and modern crises cross borders and are reported across the globe more swiftly than in previous centuries, this volume includes intercultural encounters, various forms of hybridity, and postcolonial tragic representations. Each chapter takes a different theme as its focus: forms and media; sites of performance and circulation; communities of production and consumption; philosophy and social theory; religion, ritual and myth; politics of city and nation; society and family, and gender and sexuality.

The Forgotten Highlander Alistair Urquhart.2010-10-01 Alistair Urquhart was a soldier in the Gordon Highlanders, captured by the Japanese in Singapore. Forced into manual labor as a POW, he survived 750 days in the jungle working as a slave on the notorious “Death Railway” and building the Bridge on the River Kwai. Subsequently, he moved to work on a Japanese “hellship,” his ship was torpedoed, and nearly everyone on board the ship died. Not Urquhart. After five days adrift on a raft in the South China Sea, he was rescued by a Japanese whaling ship. His luck would only get worse as he was taken to Japan and forced to work in a mine near Nagasaki. Two months later, he was just ten miles from ground zero when an atomic bomb was dropped on Nagasaki. In late August 1945, he was freed by the American Navy—a living skeleton—and had his first wash in three and a half years. This is the extraordinary story of a young man, conscripted at nineteen, who survived not just one, but three encounters with death, any of which should have probably killed him. Silent for over fifty years, this is Urquhart’s inspirational tale in his own words. It is as moving as any memoir and as exciting as any great war movie.

The Making of Planet of the Apes J. W. Rinzler.2018-10-23 FOREWORD BY FRASER HESTON In celebration of the fiftieth anniversary of Planet of the Apes, the classic science-fiction film from 1968, *The Making of Planet of the Apes* tells the film and offers exclusive, never-before-seen photographs and concept art. Based on Pierre Boulle's novel *La Planète de singes*, the original Planet of the Apes was one of the most celebrated films of the 1960s and beyond. Starring Hollywood icons Charlton Heston and Roddy McDowall, the movie struck a chord with the world and sparked a franchise that included eight sequels, two television series, and a long-running comic book. Now, five decades after its theatrical release, New York Times bestselling author J. W. Rinzler tells the thrilling story of this legendary Hollywood production—a film even Boulle thought would be impossible to make. With a foreword by Fraser Heston, Charlton Heston's son, *The Making of Planet of the Apes* is an entertaining, informative experience that will transport readers back to the strange alternate Earth ruled by apes, and bring to life memorable characters such as Cornelius, Dr. Zira, Dr. Zaius, and Taylor, the human astronaut whose time-traveling sparks an incredible adventure.

Meticulously researched and designed to capture the look and atmosphere of the film, *The Making of Planet of the Apes* is also packed with a wealth of concept paintings, storyboards, and never-before-seen imagery—including rare journal pages and sketches from Charlton Heston's private collection—as well as color and black-and-white unit photography, posters, and more unique ephemera. Comprehensive in scope, *The Making of Planet of the Apes* is the definitive look at the original blockbuster film, a must-have for fans, film buffs, and collectors alike.
