The Oxford Handbook of Indigenous American Literature James H. Cox, James Howard Cox, Daniel Heath Justice. 2014 This book explores Indigenous American literature and the development of an inter- and trans-Indigenous orientation in Native American and Indigenous literary studies. Drawing on the perspectives of scholars in the field, it seeks to reconcile tribal nation specificity, Indigenous literary nationalism, and trans-Indigenous methodologies as necessary components of post-Renaissance Native American and Indigenous literary studies. It looks at the work of Renaissance writers, including Louise Erdrich's *Tracks* (1988) and Leslie Marmon Silko's *Sacred Water* (1993), along with novels by S. Alice Callahan and John Milton Oskison. It also discusses Indigenous poetics and Salt Publishing's *Earthworks* series, focusing on poets of the Renaissance in conversation with emerging writers. Furthermore, it introduces contemporary readers to many American Indian writers from the seventeenth to the first half of the nineteenth century, from Captain Joseph Johnson and Ben Uncas to Samson Occom, Samuel Ashpo, Henry Quaquaquid, Joseph Brant, Hendrick Aupaumut, Sarah Simon, Mary Occom, and Elijah Wimpey. The book examines Inuit literature in Inuktitut, bilingual Mexican and Spanish poetry, and literature in Indian Territory, Nunavut, the Huasteca, Yucatán, and the Great Lakes region. It considers Indigenous literatures north of the Medicine Line, particularly francophone writing by Indigenous authors in Quebec. Other issues tackled by the book include racial and blood identities that continue to divide Indigenous nations and communities, as well as the role of colleges and universities in the development of Indigenous literary studies.

The Native American Renaissance Alan R. Velie, A. Robert Lee. 2013-11-11 The outpouring of Native American literature that followed the publication of N. Scott Momaday's Pulitzer Prize-winning *House Made of Dawn* in 1968 continues unabated. Fiction and poetry, autobiography and discursive writing from such writers as James Welch, Gerald Vizenor, and Leslie Marmon Silko constitute what critic Kenneth Lincoln in 1983 termed the Native American Renaissance. This collection of essays takes the measure of that efflorescence. The contributors scrutinize writers from Momaday to Sherman Alexie, analyzing works by Native women, First Nations Canadian writers, postmodernists, and such theorists as Robert Warrior, Jace Weaver, and Craig Womack. Weaver's own examination of the development of Native literary criticism since 1968 focuses on Native American literary nationalism. Alan R. Velie turns to the achievement of Momaday to examine the ways Native novelists have influenced one another. Post-renaissance and postmodern writers are discussed in company with newer writers such as Gordon Henry, Jr., and D. L. Birchfield. Critical essays discuss the poetry of Simon Ortiz, Kimberly Blaeser, Diane Glancy, Luci Tapahonso, and Ray A. Young Bear, as well as the life writings of Janet Campbell Hale, Carter Revard, and Jim Barnes. An essay on Native drama examines the work of Hanay Geigogamah, the Native American Theater Ensemble, and Spider Woman Theatre. In the volume's concluding essay, Kenneth Lincoln reflects on the history of the Native American Renaissance up to and beyond his seminal work, and discusses Native literature's legacy and future. The essays collected here underscore the vitality of Native American literature and the need for debate on theory and ideology.

Positive Pollutions and Cultural Toxins John Blair Gamber. 2012-10-01 In this innovative study, *Positive Pollutions and Cultural Toxins*, John Blair Gamber examines urbanity and the results of urban living—traffic, garbage, sewage, waste, and pollution—arguing for a new recognition of all forms of human detritus as part of the natural world and thus for a broadening of our understanding of environmental literature. While much of the discourse surrounding the United States' idealistic and nostalgic views of itself privileges "clean" living (primarily in rural, small-town, and suburban settings), representations of rurality and urbanity by Chicanas/Chicanos, African Americans, Asian Americans, and Native Americans, on the other hand, complicate such generalization. Gamber widens our understanding of current ecocritical debates by examining texts by such authors as Octavia Butler, Louise Erdrich, Alejandro Morales, Gerald Vizenor, and Karen Tei Yamashita that draw on the physical signs of human corporeality to refigure cities and urbanity as natural. He demonstrates how ethnic American literature reclaims waste objects and waste spaces—likening pollution to miscegenation—as a method to revalue cast-off and marginalized individuals and communities. *Positive Pollutions and Cultural Toxins* explores the conjunction of, and the frictions between, twentieth-century U.S. postcolonial studies, race studies, urban studies, and ecocriticism, and works to refigure this portrayal of urban spaces.

Books and Beyond [4 volumes] Kenneth Womack. 2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter, and book clubs, including Oprah Winfrey's. Although recent government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy literature, flash fiction, GLBTQ literature, graphic novels, manga and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at

trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Reading in America for pleasure and knowledge continues to be popular, even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres, such as cyberpunk, zines, flash fiction, GLBTQ literature, and other topics. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues.

Heartsong of Charging Elk Arnold Krupat.2015-09 James Welch was one of the central figures in twentieth-century American Indian literature, and *The Heartsong of Charging Elk* is of particular importance as the culminating novel in his canon. A historical novel, *Heartsong* follows a Lakota (Sioux) man at the end of the nineteenth century as he travels with Buffalo Bill's Wild West show; is left behind in Marseille, France; and then struggles to overcome many hardships, including a charge for murder. In this novel Welch conveys some of the lifeways and language of a traditional Sioux. Here for the first time is a literary companion to James Welch's *Heartsong* that includes an unpublished chapter of the first draft of the novel; selections from interviews with the author; a memoir by the author's widow, Lois Welch; and essays by leading scholars in the field on a wide range of topics. The rich resources presented here make this volume an essential addition to the study of James Welch and twentieth-century Native American literature.

Indigenous Intellectuals Kiara M. Vigil.2015-07-15 In the United States of America today, debates among, between, and within Indian nations continue to focus on how to determine and define the boundaries of Indian ethnic identity and tribal citizenship. From the 1880s and into the 1930s, many Native people participated in similar debates as they confronted white cultural expectations regarding what it meant to be an Indian in modern American society. Using close readings of texts, images, and public performances, this book examines the literary output of four influential American Indian intellectuals who challenged long-held conceptions of Indian identity at the turn of the twentieth century. Kiara M. Vigil traces how the narrative discourses created by these figures spurred wider discussions about citizenship, race, and modernity in the United States. Vigil demonstrates how these figures deployed aspects of Native American cultural practice to authenticate their status both as indigenous peoples and as citizens of the United States.

Reckonings Hertha D. Sweet Wong,Lauren Stuart Muller,Jana Sequoya Magdaleno.2008-03-11 Unlike most anthologies that present a single story from many writers, this volume offers an in-depth sampling of two or three stories by a select number of both famous and emergent Native women writers. Here you will find much-loved stories (many made easily accessible for the first time) and vibrant new stories by such well-known contemporary Native American writers as Paula Gunn Allen, Louise Erdrich, Joy Harjo, Linda Hogan, and Leslie Marmon Silko as well as the fresh voices of emergent writers such as Reid Gomez and Beth Piatote. These stories celebrate Native American life and provide readers with essential insight into this vibrant culture.

Politics and Aesthetics in Contemporary Native American Literature Matthew Herman.2010-02 Over the last twenty years, Native American literary studies has taken a sharp political turn. In this book, Matthew Herman provides the historical framework for this shift and examines the key moments in the movement away from cultural analyses toward more politically inflected and motivated perspectives. He highlights such notable cases as the prevailing readings of the popular within Native American writing; the Silko-Erdrich controversy; the ongoing debate over the comparative value of nationalism versus cosmopolitanism within Native American literature and politics; and the status of native nationalism in relation to recent critiques of the nation coming from postmodernism, postcolonialism, and subaltern studies. Herman concludes that the central problematic defining the last two decades of Native American literary studies has involved the emergence in theory of anti-colonial nationalism, its variants, and its contradictions. This study will be a necessary addition for students and scholars of Native American Studies as well as 20th-century literature.

Toward a Native American Critical Theory Elvira Pulitano.2003-01-01 Unlike Western interpretations of Native American literatures and cultures in which external critical methodologies are imposed on Native texts, ultimately silencing the primary voices of the texts themselves, Pulitano's work examines critical material generated from within the Native contexts to propose a different approach to Native literature. Pulitano argues that the distinctiveness of Native American critical theory can be found in its aggressive blending and reimagining of oral tradition and Native epistemologies on the written page - a powerful, complex mediation that can stand on its own yet effectively subsume and transform non-Native critical theoretical strategies.--BOOK JACKET.

Myth and Environment in Recent Southwestern Literature Theda Wrede.2014-04-10 *Myth and Environment in Recent Southwestern Literature* challenges readers' understanding of where the mythic Southwest and ecological consciousness meet. The book establishes conceptual connections between literature, ecocriticism, and feminist, postcolonial, and psychoanalytic theory to recover the creative imagination in redemptive figurations of the Southwest that may help foster environmental responsibility.

Red Ink Drew Lopenzina.2012-03-01 Reexamines the writings of early indigenous authors in the northeastern United States. The Native peoples of colonial New England were quick to grasp the practical functions of Western literacy. Their written literary output was composed to suit their own needs and expressed views often in resistance to the agendas of the European colonists they were confronted with. *Red Ink* is an engaging retelling of American colonial history, one that draws on documents that have received scant critical and scholarly attention to offer an important new interpretation grounded in indigenous contexts and perspectives. Author Drew Lopenzina reexamines a literature that has been compulsively "corrected" and overinscribed with the norms and expectations of the dominant culture, while simultaneously invoking the often violent tensions of "contact" and the processes of unwitnessing by which Native histories and accomplishments were effectively erased from the colonial record. In a compelling narrative arc, Lopenzina enables the reader to travel through a history that, however familiar, has never been fully appreciated or understood from a Native-centered perspective. Drew Lopenzina is Assistant Professor of American Literature at Sam Houston State University.

Handbook of the American Short Story Erik Redling, Oliver Scheiding. 2022-01-19 The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics. This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media. Part I provides systematic overviews of significant contexts ranging from historical-political backgrounds, short story theories developed by writers, print and digital culture, to current theoretical approaches and canon formation. Part II consists of 35 paired readings of representative short stories by eminent authors, charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age. The handbook examines historically, methodologically, and theoretically the coming together of the enduring narrative practice of compression and concision in American literature. It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture.

Dawnland Voices Siobhan Senier. 2014-09-01 Dawnland Voices calls attention to the little-known but extraordinarily rich literary traditions of New England's Native Americans. This pathbreaking anthology includes both classic and contemporary literary works from ten New England indigenous nations: the Abenaki, Maliseet, Mi'kmaq, Mohegan, Narragansett, Nipmuc, Passamaquoddy, Penobscot, Schaghticoke, and Wampanoag. Through literary collaboration and recovery, Siobhan Senier and Native tribal historians and scholars have crafted a unique volume covering a variety of genres and historical periods. From the earliest petroglyphs and petitions to contemporary stories and hip-hop poetry, this volume highlights the diversity and strength of New England Native literary traditions. Dawnland Voices introduces readers to the compelling and unique literary heritage in New England, banishing the misconception that "real" Indians and their traditions vanished from that region centuries ago.

The Social Lives of Books Edward Frederick Finn. 2011 This project explores how changing models of literary production are blurring or erasing the divisions between authors, critics and readers. Millions of cultural consumers are participating in previously closed literary conversations and expressing forms of mass distinction through their purchases and reviews of books. These traces of popular reading choices constitute a fresh perspective on elusive audience reactions to literature and reveal evolving networks of conversation. Employing network analysis methodologies and 'distant reading' of book reviews, recommendations and other digital traces of cultural distinction, I develop a new model for literary culture in America today. Through readings of the fiction and reception of Thomas Pynchon, Toni Morrison, David Foster Wallace and Junot Díaz, this model outlines the fundamental requirements for contemporary literary fame. My introduction outlines methodological tools I developed and situates them in the critical traditions of literary reception, cultural sociology and media theory before describing the digital ecologies that have emerged around literature online and their value. Chapter 1 explores the nature of literary fame through a case study of Thomas Pynchon, whose carefully guarded anonymity and ironic distance from capitalism are reflected in the networks his readers construct around his long, challenging books. In stark contrast, Toni Morrison, the subject of Chapter 2, has succeeded critically and commercially, tirelessly seeking out readers to form literary communities around her writing, most prominently through her collaboration with Oprah's Book Club. Chapter 3 considers David Foster Wallace and Junot Díaz and sets out a model for contemporary literary culture: a reading society that demands new forms of authorial reflexivity to mirror the collaborative, iterative nature of digital literary conversations. I conclude with a brief consideration of the exciting prospects and challenges for fiction in a world that reads more than ever but is growing disaffected with the material realities of literary production.

Louis Owens Jacquelyn Kilpatrick. 2004 Louis Owens (1948-2002) achieved worldwide recognition with his humorous and fearless novels that explored themes close to Owens's own upbringing as a mixed-blood Choctaw, Cherokee, and Irish-American. His critical works were equally substantive. Readers of his criticism find his work challenging, and casual readers find his fiction highly enjoyable—a remarkable combination that speaks well of Owens's intellectual and creative abilities. In a new collection of essays, *Louis Owens: Literary Reflections on His Life and Work*, editor Jacquelyn Kilpatrick and eleven other contributors examine Owens's fiction and nonfiction from widely varying viewpoints to address issues such as identity, place, literary theory, trickster motifs, and the environment. This text aids the reader in understanding the theories Owens articulated and how he followed those theories in his own writing. Also included is the last interview Owens gave, appearing in print for the first time, which provides insights into this complex man's personal life.

The Routledge Global Haiku Reader James Shea, Grant Caldwell. 2023-06-30 The Routledge Global Haiku Reader provides a historical overview and comprehensive examination of haiku across the world in numerous languages, poetic movements, and cultural contexts. Offering an extensive critical perspective, this volume provides leading essays by poets and scholars who explore haiku's various global developments, demonstrating the form's complex and sometimes contradictory manifestations from the twentieth century to the present. The sixteen chapters are carefully organized into categories that reflect the salient areas of practice and study: Haiku in Transit, Haiku and Social Consciousness, Haiku and Experimentation, and The Future of Global Haiku. An insightful introduction surveys haiku's influence beyond Japan and frames the collection historically and culturally, questioning commonly held assumptions about haiku and laying the groundwork for new ways of seeing the form. Haiku's elusiveness, its resistance to definition, is partly what keeps it so relevant today, and this book traces the many ways in which this global verse form has evolved. The Routledge Global Haiku Reader ushers haiku into the twenty-first century in a critically minded and historically informed manner for a new generation of readers and writers and will appeal to students and researchers in Asian studies, literary studies, comparative literature, creative writing, and cultural studies

Writing America Shelley Fisher Fishkin. 2015-11-11 Winner of the John S. Tuckey 2017 Lifetime Achievement Award for Mark Twain Scholarship from The Center for Mark Twain Studies American novelist E.L. Doctorow once observed that literature "endows places with meaning." Yet, as this wide-ranging new book vividly illustrates, understanding the places that shaped American writers' lives and their art can provide deep insight into what makes their literature truly meaningful. Published on the eve of the 50th anniversary of the Historic Preservation Act, *Writing America* is a unique, passionate, and eclectic series of meditations on literature and history, covering over 150 important National Register historic sites, all pivotal to the stories that make up America, from chapels to battlefields; from plantations to immigration stations; and from theaters to internment camps. The book considers not only the traditional sites for literary tourism, such as Mark Twain's sumptuous Connecticut home and the peaceful woods surrounding Walden Pond, but also locations that highlight the diversity of American literature, from the New York tenements that spawned Abraham Cahan's fiction to the Texas pump house that irrigated the fields in which the farm workers central to Gloria Anzaldúa's poetry picked produce. Rather than just providing a cursory overview of these authors' achievements, acclaimed literary scholar and cultural historian Shelley Fisher Fishkin offers a deep and personal reflection on how key sites bore witness to the struggles of American writers and inspired their dreams. She probes the global impact of American writers' innovative art and also examines the distinctive contributions to American culture by American writers who wrote in languages other than English, including Yiddish, Chinese, and Spanish. Only a scholar with as wide-ranging interests as Shelley Fisher Fishkin would dare to bring together in one book writers as diverse as Gloria Anzaldúa, Nicholas Black Elk, David Bradley, Abraham Cahan, S. Alice Callahan, Raymond Chandler, Frank Chin, Elizabeth Cook-Lynn, Countee Cullen, Frederick Douglass, Paul Laurence Dunbar, Jessie Fauset, William Faulkner, F. Scott Fitzgerald, Allen Ginsberg, Jovita González, Rolando Hinojosa, Langston Hughes, Zora Neale Hurston, Lawson Fusao Inada, James Weldon Johnson, Erica Jong, Maxine Hong Kingston, Irena Klepfisz, Nella Larsen, Emma Lazarus, Sinclair Lewis, Genny Lim, Claude McKay, Herman Melville, N. Scott Momaday, William Northup, John Okada, Miné Okubo, Simon Ortiz, Américo Paredes, John P. Parker, Ann Petry, Tomás Rivera, Wendy Rose, Morris Rosenfeld, John Steinbeck, Harriet Beecher Stowe, Henry David Thoreau, Mark Twain, Yoshiko Uchida, Tino Villanueva, Nathanael West, Walt Whitman, Richard Wright, Hisaye Yamamoto, Anzia Yezierska, and Zitkala-Ša. Leading readers on an enticing journey across the borders of physical places and imaginative terrains, the book includes over 60 images, and extended excerpts from a variety of literary works. Each chapter ends with resources for further exploration. *Writing America* reveals the alchemy through which American writers have transformed the world around them into art, changing their world and ours in the process.

The Myths That Made America Heike Paul. 2014-08-31 This essential introduction to American studies examines the core foundational myths upon which the nation is based and which still determine discussions of

US-American identities today. These myths include the myth of »discovery,« the Pocahontas myth, the myth of the Promised Land, the myth of the Founding Fathers, the melting pot myth, the myth of the West, and the myth of the self-made man. The chapters provide extended analyses of each of these myths, using examples from popular culture, literature, memorial culture, school books, and every-day life. Including visual material as well as study questions, this book will be of interest to any student of American studies and will foster an understanding of the United States of America as an imagined community by analyzing the foundational role of myths in the process of nation building.

Reading Native American Literature Joseph L. Coulombe.2011-03-17 In this volume, Joseph Coulombe argues that Native American writers use diverse narrative strategies to engage with readers and are 'writing for connection' with both Native and non-Native audiences.

Speak to Me Words Dean Rader,Janice Gould.2003-11 Although American Indian poetry is widely read and discussed, few resources have been available that focus on it critically. This book is the first collection of essays on the genre, bringing poetry out from under the shadow of fiction in the study of Native American literature. Highlighting various aspects of poetry written by American Indians since the 1960s, it is a wide-ranging collection that balances the insights of Natives and non-Natives, men and women, old and new voices.

Von Puritanern, Relativsätzen und Wandelbaren Frauengestalten Frauke Reitemeier.2009

Plural Sovereignties and Contemporary Indigenous Literature S. Christie.2009-04-26 Offering close readings of novels by Sherman Alexie to Leslie Marmon Silko, this book documents the reinvention of Anglo-European nationality in the interests of sustaining the indigenous traditions that long-preceded colonization.

Back to the Blanket Kimberly G. Wieser.2017-11-16 For thousands of years, American Indian cultures have recorded their truths in the narratives and metaphors of oral tradition. Stories, languages, and artifacts, such as glyphs and drawings, all carry Indigenous knowledge, directly contributing to American Indian rhetorical structures that have proven resistant—and sometimes antithetical—to Western academic discourse. It is this tradition that Kimberly G. Wieser seeks to restore in *Back to the Blanket*, as she explores the rich possibilities that Native notions of relatedness offer for understanding American Indian knowledge, arguments, and perspectives. *Back to the Blanket* analyzes a wide array of American Indian rhetorical traditions, then applies them in close readings of writings, speeches, and other forms of communication by historical and present-day figures. Wieser turns this pathbreaking approach to modes of thinking found in the oratory of eighteenth-century Mohegan and Presbyterian cleric Samson Occom, visual communication in Laguna Pueblo author Leslie Marmon Silko's *Almanac of the Dead*, patterns of honesty and manipulation in the speeches of former president George W. Bush, and rhetorics and relationships in the communication of Indigenous leaders such as Ada-gal'kala, Tsi'yugúnsi'ni, and Inoli. Exploring the multimodal rhetorics—oral, written, material, visual, embodied, kinesthetic—that create meaning in historical discourse, Wieser argues for the rediscovery and practice of traditional Native modes of communication—a modern-day “going back to the blanket,” or returning to Native practices. Her work shows how these Indigenous insights might be applied in models of education for Native American students, in Native American communities more broadly, and in transcultural communication, negotiation, debate, and decision making.

Faulkner and the Native South Jay Watson,Annette Trefzer,James G. Thomas Jr..2019-02-05 Contributions by Eric Gary Anderson, Melanie R. Anderson, Jodi A. Byrd, Gina Caison, Robbie Ethridge, Patricia Galloway, LeAnne Howe, John Wharton Lowe, Katherine M. B. Osburn, Melanie Benson Taylor, Annette Trefzer, and Jay Watson From new insights into the Chickasaw sources and far-reaching implications of Faulkner's fictional place-name “Yoknapatawpha,” to discussions that reveal the potential for indigenous land-, family-, and story-based methodologies to deepen understanding of Faulkner's fiction (including but not limited to the novels and stories he devoted explicitly to Native American topics), the eleven essays of this volume advance the critical analysis of Faulkner's Native South and the Native South's Faulkner. Critics push beyond assessments of the historical accuracy of his Native representations and the colonial hybridity of his Indian characters. Essayists turn instead to indigenous intellectual culture for new models, problems, and questions to bring to Faulkner studies. Along the way, readers are treated to illuminating comparisons between Faulkner's writings and the work of a number of Native American authors, filmmakers, tribal leaders, and historical figures. *Faulkner and the Native South* brings together Native and non-Native scholars in a stimulating and often surprising critical dialogue about the indigenous wellsprings of Faulkner's creative energies and about Faulkner's own complicated presence in Native American literary history.

Companion to James Welch's The Heartsong of Charging Elk Arnold Krupat.2015-09-01 Literary companion to James Welch's *The Heartsong of Charging Elk* that includes an unpublished chapter of *The Marseille Grace*, personal interviews with the author, an essay by the author's widow, and essays by leading scholars in the field --

Crossing Oceans Noella Brada-Williams,Karen Chow.2004-01-01 With the increasing globalization of culture, American literature has become a significant body of text for classrooms outside of the United States. Bringing together essays from a wide range of scholars in a number of countries, including China, Japan, Korea, Singapore, and the United States, *Crossing Oceans* focuses on strategies for critically reading and teaching American literature, especially ethnic American literature, within the Asia Pacific region. This book will be an important tool for scholars and teachers from around the globe who desire fresh perspectives on American literature from a variety of national contexts. The contributors use perspectives dealing with race, feminism, cultural geography, and structures of power as lenses through which to interpret texts and engage students' critical thinking. The collection is 'crossing oceans' through the transnational perspectives of the contributors who come from and/or teach at colleges and universities in both Asia and the United States. Many of the essays reveal how narratives of and about ethnic Americans can be used to redefine and reconfigure not only American literary studies, but also constructions of Asian and American identities.

Public Native America Mary Lawlor.2006 Both glamorous and scandalous, the Native American casino and gaming industry has attracted the American public's attention to life on reservations to an unprecedented degree. At the same time, other tribal public venues, such as museums and powwows, have gained in popularity among non-Native audiences and become sites of education and performance. With the visibility, money, and political access gained through these reservation-owned businesses and cultural centers, individual tribes have taken great strides in redefining their public images to off-reservation audiences. In *Public Native America*, Mary Lawlor explores the process of tribal self-definition. Focusing on architectural and interior designs, as well as performance styles, she reveals how a complex and often surprising cultural dynamic is created when Native Americans create lavish displays for the public's participation and consumption. At first glance, the use of ostentatious and stylized decor, especially in gambling establishments, is puzzling.

The Routledge Companion to Native American Literature Deborah L. Madsen.2015-10-05 The *Routledge Companion to Native American Literature* engages the multiple scenes of tension — historical, political, cultural, and aesthetic — that constitutes a problematic legacy in terms of community identity, ethnicity, gender and sexuality, language, and sovereignty in the study of Native American literature. This important and timely addition to the field provides context for issues that enter into Native American literary texts through allusions, references, and language use. The volume presents over forty essays by leading and emerging international scholars and analyses: regional, cultural, racial and sexual identities in Native American literature key historical moments from the earliest period of colonial contact to the present worldviews in relation to issues such as health, spirituality, animals, and physical environments traditions of cultural creation that are key to understanding the styles, allusions, and language of Native American Literature the impact of differing literary forms of Native American literature. This collection provides a map of the critical issues central to the discipline, as well as uncovering new perspectives and new directions for the development of the field. It supports academic study and also assists general readers who require a comprehensive yet manageable introduction to the contexts essential to approaching Native American Literature. It is essential reading for anyone interested in the past, present and future of this literary culture. The Cambridge Companion to Native American Literature Joy Porter, Kenneth M. Roemer. 2005-07-21 Invisible, marginal, expected - these words trace the path of recognition for American Indian literature written in English since the late eighteenth century. This Companion chronicles and celebrates that trajectory by defining relevant institutional, historical, cultural, and gender contexts, by outlining the variety of genres written since the 1770s, and also by focusing on significant authors who established a place for Native literature in literary canons in the 1970s (Momaday, Silko, Welch, Ortiz, Vizenor), achieved international recognition in the 1980s (Erdrich), and performance-celebrity status in the 1990s (Harjo and Alexie). In addition to the seventeen chapters written by respected experts - Native and non-Native; American, British and European scholars - the Companion includes bio-bibliographies of forty authors, maps, suggestions for further reading, and a timeline which details major works of Native American literature and mainstream American literature, as well as significant social, cultural and historical events. An essential overview of this powerful literature.

The Columbia Guide to American Indian Literatures of the United States Since 1945 Eric Cheyfitz. 2006-04-04 The Columbia Guide to American Indian Literatures of the United States Since 1945 is the first major volume of its kind to focus on Native literatures in a postcolonial context. Written by a team of noted Native and non-Native scholars, these essays consider the complex social and political influences that have shaped American Indian literatures in the second half of the twentieth century, with particular emphasis on core themes of identity, sovereignty, and land. In his essay comprising part I of the volume, Eric Cheyfitz argues persuasively for the necessary conjunction of Indian literatures and federal Indian law from Apses to Alexie. Part II is a comprehensive survey of five genres of literature: fiction (Arnold Krupat and Michael Elliott), poetry (Kimberly Blaeser), drama (Shari Huhndorf), nonfiction (David Murray), and autobiography (Kendall Johnson), and discusses the work of Vine Deloria Jr., N. Scott Momaday, Joy Harjo, Simon Ortiz, Louise Erdrich, Leslie Marmon Silko, Gerald Vizenor, Jimmy Santiago Baca, and Sherman Alexie, among many others. Drawing on historical and theoretical frameworks, the contributors examine how American Indian writers and critics have responded to major developments in American Indian life and how recent trends in Native writing build upon and integrate traditional modes of storytelling. Sure to be considered a groundbreaking contribution to the field, The Columbia Guide to American Indian Literatures of the United States Since 1945 offers both a rich critique of history and a wealth of new information and insight.

Writing Indian, Native Conversations John Lloyd Purdy. 2009 By revisiting some of the classics of the genre and offering critical readings of their distinctive qualities and shades of meaning, Purdy celebrates their dynamic literary qualities. Interwoven with this personal reflection on the last thirty years of work in the genre are interviews with prominent Native American scholars and writers (including Paula Gunn Allen, Simon Ortiz, Gerald Vizenor, Sherman Alexie, and Louis Owens), who offer their own insights about Native literatures and the future of the genre. In this book their voices provide the original, central conversation that leads to read.

A Companion to the Regional Literatures of America Charles L. Crow. 2008-04-15 The Blackwell Companion to American Regional Literature is the most comprehensive resource yet published for study of this popular field. The most inclusive survey yet published of American regional literature. Represents a wide variety of theoretical and historical approaches. Surveys the literature of specific regions from California to New England and from Alaska to Hawaii. Discusses authors and groups who have been important in defining regional American literature.

The New Encyclopedia of Southern Culture M. Thomas Inge. 2014-02-01 Offering a comprehensive view of the South's literary landscape, past and present, this volume of The New Encyclopedia of Southern Culture celebrates the region's ever-flourishing literary culture and recognizes the ongoing evolution of the southern literary canon. As new writers draw upon and reshape previous traditions, southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures--a development thoughtfully explored in the essays here. Greatly expanding the content of the literature section in the original Encyclopedia, this volume includes 31 thematic essays addressing major genres of literature; theoretical categories, such as regionalism, the southern gothic, and agrarianism; and themes in southern writing, such as food, religion, and sexuality. Most striking is the fivefold increase in the number of biographical entries, which introduce southern novelists, playwrights, poets, and critics. Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship.
