Creating Regenerative Cities Herbert Girardet.2014-09-19 Large, modern cities have effectively declared their independence from nature. But while they take up only three percent of the world's land surface, their ecological footprints actually cover the entire globe. Humanity is building an urban future, yet urban resource use is threatening the future of humanity and the natural world. To meet the aspirations of city people in both developing and developed countries, bold new initiatives are needed. Modern cities are an astonishing human achievement. As centres of innovation they are humanity's cultural playgrounds. Their communication and transport systems have developed a global reach. They are attractive to investors because they can offer a vast variety of services at comparatively low per-capita costs. But are they viable as ecological systems? The planning of new cities, as well as the retrofit of existing cities, needs to undergo a profound paradigm shift. Mere 'sustainable development' is not enough. To be compatible with natural systems, cities need to move away from linear systems of resource use and learn to operate as closed-loop, circular systems. To ensure their long-term future, they need to develop an environmentally enhancing, restorative relationship between themselves and the natural systems on which they still depend. *Creating Regenerative Cities* is a concise, solution-oriented manual for creating regenerative urbanisation. A wide range of technical, management and policy solutions already exist, but implementation has been too slow and too little, in large part because the kinds of holistic approaches needed are still unfamiliar to fragmented and process-driven urban policy making and governance. Herbert Girardet's 30 years' experience as an ecologist, thinker, film maker and consultant working around the world has created this unique combination of tried and tested best practices and policies, which outlines the fundamental shifts needed in the way we think about our cities.

Alphaherpesviruses Sandra Knowles Weller.2011 Alphaherpesviruses are a fascinating group of DNA viruses that includes important human pathogens such as herpes simplex virus type 1 (HSV-1), HSV-2, and varicella-zoster virus (VZV): the causative agents of cold sores, genital ulcerous disease, and chickenpox/shingles, respectively. A key attribute of these viruses is their ability to establish lifelong latent infection in the peripheral nervous system of the host. Such persistence requires subversion of the host's immune system and intrinsic antiviral defense mechanisms.

Understanding the mechanisms of the immune evasion and what triggers viral reactivation is a major challenge for today's researchers. This has prompted enormous research efforts into understanding the molecular and cellular biology of these viruses. This up-to-date and comprehensive volume aims to distill the most important research in this area providing a timely overview of the field. Topics covered include: transcriptional regulation, DNA replication, translational control, virus entry and capsid assembly, the role of microRNAs in infection and oncolytic vectors for cancer therapy. In addition there is coverage of virus-host interactions, including apoptosis, subversion of host protein quality control and DNA damage response pathways, autophagy, establishment and reactivation from latency, interferon responses, immunity and vaccine development. Essential reading for everyone working with alphaherpesviruses and of interest to all virologists working on latent infections.

Promise Me Forever Paige Weaver.2015-12-27 From the highly acclaimed New York Times, USA Today, and international bestselling author, Paige Weaver, comes the epic conclusion of her fourth book, *Promise Me Once...* In the weak, there is strength. In despair, there is hope. My world was dark. Survival was tough. But the end of the world saved me. It taught me to love. To go on living. In its darkness, I found myself. In its bleakness, I found hope. I wasn't the girl I used to be. I was stronger. I was with the man I loved. The cowboy with a quiet presence who took what he wanted, including me. He showed me love and gave me strength. He touched me and I was never the same. I didn't want to love him but I couldn't resist. I was his. But the world was trying to tear us apart. Love may save us or it may be our destruction. We may die for it or sacrifice everything to keep it. The choice will not be simple. Live or die. Love or lose. I was about to find out which one...

The Tibetan Book of the Great Liberation W. Y. Evans-Wentz.2000-09-28 The Tibetan Book of the Great Liberation, which was unknown to the Western world until its first publication in 1954, speaks to the quintessence of the Supreme Path, or Mah=ay=ana, and fully reveals the yogic method of attaining Enlightenment. Such attainment can happen, as shown here, by means of knowing the One Mind, the cosmic All-Consciousness, without recourse to the postures, breathings, and other techniques associated with the lower yogas. The original text for this volume belongs to the Bardo Thödol series of treatises concerning various ways of achieving transcendence, a series that figures into the Tantric school of the Mah=ay=ana. Authorship of this particular volume is attributed to the legendary Padma-Sambhava, who journeyed from India to Tibet in the 8th century, as the story goes, at the invitation of a Tibetan king. Padma-Sambhava's text per se is preceded by an account of the great guru's own life and secret doctrines. It is followed by the testamentary teachings of the Guru Phadampa Sangay, which are meant to augment the thought of the other gurus discussed herein. Still more useful supplementary material will be found in the book's introductory remarks, by its editor Evans-Wentz and by the eminent psychoanalyst C. G. Jung. The former presents a 100-page General Introduction that explains several key names and notions (such as Nirv=ana, for starters) with the lucidity, ease, and sagacity that are this scholar's hallmark; the latter offers a Psychological Commentary that weighs the differences between Eastern and Western modes of thought before equating the collective unconscious with the Enlightened Mind of the Buddhist. As with the other three volumes in the late Evans-Wentz's critically acclaimed Tibetan series, all four of which are being published by Oxford in new editions, this book also features a new Foreword by Donald S. Lopez.

'Umar Ibn Al-Fārīd 'Umar ibn 'Alī Ibn al-Fārīd,Şibt ibn al-Fārīd.2001 Umar Ibn al-Farid is the most venerated mystical poet in Arabic. An accomplished Sufi as well as a respected poet, his poetry blends the two traditions - classical Arabic poetry and Islamic mysticism - in a body of work with a distinctly devotional and mystical character. Th. Emil Homerin makes available here two of Ibn al-Farid's poems that have long been considered classics of Islamic mystical literature. The Wine Ode, a poem in praise of wine as well as a love poem, can also be seen as an extended meditation on the presence of divine love in the universe. The Poem of the Sufi Way, one of the longest poems ever composed in Arabic, and the most famous one rhyming in T, begins as a love poem and then explores a number of crucial concerns confronting the seeker on the Sufi path. Both works have been treated for centuries in numerous mystical commentaries. Noteworthy as well in this volume is the addition of the Adorned Proem, a reverential account of Ibn al-Farid's life by his grandson. Individuals interested in the fields of mysticism and spirituality, as well as lovers of poetry, particularly love poetry, will find this to be fascinating reading. It will have great relevance for scholars and students of Arabic literature, Islam and mysticism.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Poetas Do Brasil Frederick G. Williams.2004 The first bilingual anthology of Brazilian Poetry to cover its entire 500-year-long history, this book drew the following comment from Yale's expert in world literature, Harold Bloom: Poets of Brazil: A Bilingual Selection is the only book available that gives these poets to us in both languages, Portuguese and American English. The choice of poets is remarkably inclusive and various and is particularly enlightening in the works of the twentieth-century Republic of Brazil. In particular, the representation of Manuel Bandeira, of the three Andrades and of Archanjo are brilliantly rendered. The quality of the introduction and notes is also estimable.

Saint/Oedipus William J. Berg,George M. Moskos,Michel Grimaud.2019-06-30 A few years before his death, Gustave Flaubert finally returned to the adaptation of a legend that had fascinated him since adolescence. The result was The Legend of Saint Julian the Hospitaller, one of his celebrated Three Tales. According to tradition, Julian was a nobleman who turned to a life of self-denial after unwittingly fulfilling a prophecy that he would kill his parents. In Flaubert's hands the legend takes on astonishing complexity and depth. He portrays Julian as a man bound, like Oedipus, by an inexorable fate; a man capable of great cruelty and great piety who both dreads and desires that fate. In Saint/Oedipus, three practitioners of psychocriticism take a close look at Flaubert's powerful and problematic story. Focusing on recurrent patterns of the text, their essays not only shed light on the work itself but constitute an expert introduction to the methods of psychoanalytic criticism. Each contributor approaches The Legend of Saint Julian from a different perspective, drawing on the systems of Freud, Jung, Sartre, and the Chicago school of psychoanalysis. The book includes William Berg's translation of an essay on Saint Julian by Sartre—drawn from his biography of Flaubert, L'Idiot de la famille—which offers compelling insights into the psychological makeup of Flaubert. Two noteworthy features of the book are a fluent and faithful new translation of Saint Julian by Michel Grimaud, and a comprehensive reader's guide to the literature treating psychoanalytic theory and its application to literary texts.

When was Modernism Geeta Kapur.2000 A commitment to modernity is the underlying theme of this volume. Through essays that are interpretive and theoretical, the author seeks to situate the modern in contemporary cultural practice. She sets up an ideological vantage point to view modernism along its multiple tracks in India and the third world.The essays divide into three sections. The first two sections, Artists and ArtWork and Film/Narratives, raise questions of authorship, genre, and contemporary features of national culture that materialize into an aesthetic in the Indian context. The last section, Frames of Reference, formalizes the polemical options developed across the book. The essays here propose resistance to the depoliticization of narratives, and affirm an open-ended engagement with the avant-garde. They explore the possibility of art practice finding its own signifying space that is still a space for radical transformation.Geeta Kapur is an independent art critic and curator living in New Delhi. Her extensive publications on modern Indian art include the book Contemporary Indian Artists (Delhi, 1978), exhibition catalogues and monographs on artists. She is currently writing a monograph on Tyeb Mehta. Her essays on cultural criticism have been widely presented in forums of art history and cultural studies. Her curatorial work includes the show Bombay/Mumbai 1992 2001 in the multi-part exhibition titled Century City: Art and Culture in the Modern Metropolis , at Tate Modern, London, in 2001. Geeta Kapur is a founder-editor of the Journal of Arts & Ideas and advisory editor to Third Text. She has held research fellowships at Indian Institute of Advanced Study, Shimla, Nehru Memorial Museum and Library, New Delhi, and Clare Hall, Cambridge University. For the past three decades, [Geeta Kapur s] has been the singular dominant presence in the field to a point that her writings alone seem to have constituted the whole field of modern Indian art theory and criticism. Tapati Guha-Thakurta, Biblio (Delhi), May June 2001. Geeta Kapur is a magisterial presence in the sphere of modern Indian art. [The] insistence on the primacy of bearing witness to creative practice has been the leitmotif of Kapur s work. . . . Kapur s contribution . . . is best understood by reflection on the radical change that her activity has brought about in Indian art criticism. Ranjit Hoskote, Art India (Mumbai), Vol. VI, 1, 2001. When Was Modernism is a book of essays: imaginative, interpretive, argumentative, polemical, political and, in the combined sense of all these, historical. . . . [It] provides an instance of passionate engagement that, at its best moments, verges on the poetic. Chaitanya Sambrani, ART AsiaPacific (Australia), Issue 30, 2001.

Snares Without End Olympe Bhêly-Quénum.1988 A novel, also a philosophical tale in which destiny entraps the innocent protagonist and holds him fast. Some readers have found an affinity in it with Camus' notion of the absurd, while others have preferred to dwell on its evocation of country life in northern Dahomey and the importance of music in the farmers' daily life. Khan al-Khalili Naguib Mahfouz.2011-09-20 Khan al-Khalili, by Egyptian Nobel Laureate Naguib Mahfouz, portrays the clash of old and new in an historic Cairo neighborhood as German bombs fall on the city. The time is 1942, World War II is at its height, and the Africa Campaign is raging along the northern coast of Egypt. Against this backdrop, Mahfouz's novel tells the story of the Akifs, a middle-class family that has taken refuge in Cairo's colorful and bustling Khan al-Khalili neighborhood. Believing that the German forces will never bomb such a famously religious part of the city, they leave their more elegant neighborhood and seek safety among the crowded alleyways, busy cafés, and ancient mosques of the Khan. Through the eyes of Ahmad, the eldest Akif son, Mahfouz presents a richly textured vision of the Khan, and of a crisis that pits history against modernity and faith against secularism. Fans of Midaq Alley and The Cairo Trilogy will not want to miss this engaging and sensitive portrayal of a family at the crossroads of the old world and the new. The Path to Hope Stephane Hessel,Edgar Morin.2012-04-24 An incisive political tract that calls for a return to humanist values: equality, liberty, a return to community, mutual respect, freedom from poverty, and an end to theocracy and fundamentalism. The authors argue that a return to these values constitutes "a path to hope," leading the way out of the present worldwide malaise brought on by economic collapse, moral failure, and an ignorance of history. For the authors, 20th-century fascism was no mere abstraction—it was a brutal system brought on by a similar malaise, a system they fought against. The uncertainty of our current political moment gives their book special urgency. The Path to Hope is written by two esteemed French thinkers—Stephane Hessel, editor of the 1948 Universal Declaration of Human Rights, and renowned philosopher and sociologist Edgar Morin. Their writings have become bestsellers throughout Europe, and have also become foundational documents underpinning the worldwide protest movement.

Fictions of African Dictatorship Hannah Grayson,Charlotte Baker.2020-10-09 Fictions of African Dictatorship examines the fictional representation of the African dictator and the performance of dictatorship across genres. The volume includes contributions focusing on literature, theatre and film, all

of which examine the relationship between the fictional and the political. Among the questions the contributors ask: what are the implications of reading a novel for its historical content or accuracy? How does the dictator novel interrogate ideas of veracity? How is power performed and ridiculed? How do different writers reflect on questions of authority in the postcolony, and what are the effects on their stories and modes of narration? This volume untangles some of the intricate workings of dictatorial power in the postcolony, through twelve close readings of works of fiction. Contemporary Indonesian Fashion Alessandra Lopez y Royo.2019-10-31 Indonesian fashion has undergone a period of rapid growth over the last three decades. This book explores how through years of social, political, and cultural upheaval, the country's fashion has moved away from "colonial fashion" and "national dress" to claim its own distinct identity as contemporary fashion in a global world. With specific reference to women's wear, *Contemporary Indonesian Fashion* explores the diversity and complexity of the country's sartorial offerings, which weave together local textile traditions like batik and ikat-making with contemporary narratives. The book questions concepts of "tradition" and "modernity" in the developing world, taking stock of the elite consumption of luxury brands and the large-scale manufacturing of fast fashion, and introduces us to the rise of new trends such as busana muslim (or "modest wear"), creating a portrait of a vibrant and growing national and, increasingly, international, industry. Exploring clothing in shopping malls, on the catwalk, in magazines, and online, the book examines how Indonesian fashion is made, presented, and consumed, combining research in Indonesia with analysis and personal reflection. *Contemporary Indonesian Fashion* ultimately questions the deeply entrenched eurocentrism of global fashion, simultaneously interrogating current homogenizing beauty and body image discourses posited as universal, by pointing to absences, silences, and erasures as reflected by contemporary Indonesian fashion- hence the looking glass of the title. Aptly illustrated, the book offers a new perspective on a rapidly developing new fashion capital, Jakarta.

Surrealism in Egypt Sam Bardaouil.2016-10-17 In the thick of the Second World War, the Cairo-based Surrealist collective Art et Liberte were pioneering new art forms and mounting subversive exhibitions that sent shockwaves across local artistic circles. Born with the publication of their Manifesto Long Live Degenerate Art on December 22nd, 1938, the group rejected the convergence of art and nationalism, aligning themselves with a complex, international and evolving Surrealist movement spanning cities such as Paris, London, Mexico City, New York, Beirut and Tokyo. Art and Liberty created a distinct reworking of Surrealism, which provided a generation of disillusioned Egyptian and non-Egyptian artists and writers, men and women alike, with a platform for cultural reform and anti-Fascist protest. *Surrealism in Egypt* is the first comprehensive analysis of Art and Liberty's artworks, literature and critical writings on Surrealism. By addressing the group's long-lost and often misconstrued legacy, and drawing on a substantial body of previously unpublished primary documents and more than 200 field interviews, the author charts Art and Liberty's significant contribution towards a new definition of Surrealism. Moving beyond the polarizing dichotomies of Saidian Orientalism, this book rewrites the history of Surrealism itself - advocating for a new definition of the movement that reflects an inclusive vision of art history.

Modern Arab Art Nada M. Shabout.2007 *Modern Arab Art* provides a historical and theoretical overview of the forces that have spawned artistic movements across the Middle East from the 1940s through today. Nada Shabout recognizes the important distinction between Arabic art and Islamic art, and views them as overlapping rather than synonymous subjects. Based on interviews with Arab artists, reviews of Arabic resources, and visits to sites and galleries in the Arab world, Shabout provides an introduction to a field that has been long neglected. With particular emphasis on production, reception, and the intersection between art and politics in Iraq and Palestine, she reveals the fallacy in Western fascination with Arab art as a timeless and exotic 'other'--Jacket.

Lenin on the Train Catherine Merridale.2017-03-28 A gripping, meticulously researched account of Lenin's fateful rail journey from Zurich to Petrograd, where he ignited the Russian Revolution and forever changed the world. In April 1917, as the Russian Tsar Nicholas II's abdication sent shockwaves across war-torn Europe, the future leader of the Bolshevik revolution Vladimir Lenin was far away, exiled in Zurich. When the news reached him, Lenin immediately resolved to return to Petrograd and lead the revolt. But to get there, he would have to cross Germany, which meant accepting help from the deadliest of Russia's adversaries. Germany saw an opportunity to further destabilize Russia by allowing Lenin and his small group of revolutionaries to return. Now, drawing on a dazzling array of sources and never-before-seen archival material, renowned historian Catherine Merridale provides a riveting, nuanced account of this enormously consequential journey--the train ride that changed the world--as well as the underground conspiracy and subterfuge that went into making it happen. Writing with the same insight and formidable intelligence that distinguished her earlier works, she brings to life a world of counter-espionage and intrigue, wartime desperation, illicit finance, and misguided utopianism. This was the moment when the Russian Revolution became Soviet, the genesis of a system of tyranny and faith that changed the course of Russia's history forever and transformed the international political climate--

Biblical Lexicology: Hebrew and Greek Eberhard Bons,Jan Joosten,Regine Hunziker-Rodewald.2015-07-01 Lexicography, together with grammatical studies and textual criticism, forms the basis of biblical exegesis. Recent decades have seen much progress in this field, yet increasing specialization also tends to have the paradoxical effect of turning exegesis into an independent discipline, while leaving lexicography to the experts. The present volume seeks to renew and intensify the exchange between the study of words and the study of texts.

Disseminating Jewish Literatures Susanne Zepp,Ruth Fine,Natasha Gordinsky,Kader Konuk,Claudia Olk,Galili Shahr.2020-10-12 The multilingualism and polyphony of Jewish literary writing across the globe demands a collaborative, comparative, and interdisciplinary investigation into questions regarding methods of researching and teaching literatures. *Disseminating Jewish Literatures* compiles case studies that represent a broad range of epistemological and textual approaches to the curricula and research programs of literature departments in Europe, Israel, and the

United States. In doing so, it promotes the integration of Jewish literatures into national philologies and the implementation of comparative, transnational approaches to the reading, teaching, and researching of literatures. Instead of a dichotomizing approach, Disseminating Jewish Literatures endorses an exhaustive, comprehensive conceptualization of the Jewish literary corpus across languages. Included in this volume are essays on literatures in Arabic, English, French, German, Hebrew, Hungarian, Italian, Polish, Portuguese, Russian, Spanish, and Turkish, as well as essays reflecting the fields of Yiddish philology and Latin American studies. The volume is based on the papers presented at the Gentner Symposium funded by the Minerva Foundation, held at the Freie Universität Berlin in June 2018.
