Doing Style Constantine V. Nakassis.2016-04-25 In Doing Style, Constantine V. Nakassis explores the world of youth and mass media in South India, where what Tamil youth call “style” anchors their day-to-day lives and media worlds. Through intimate
ethnographic descriptions of college life in Tamil Nadu, Nakassis explores the complex ways that acts and objects of style such as brand fashion, English slang, and film representations express the multiple desires and anxieties of this generation, who live in the shadow of the promise of global modernity. As Nakassis shows, while signs of the global, modern world are everywhere in post-liberalization India, for most of these young people this world is still very distant—a paradox that results in youth’s profound sense of being in between. This in-betweenness manifests itself in the ambivalent quality of style, the ways in which stylish objects are necessarily marked as counterfeit, mixed, or ironical. In order to show how this in-betweenness materializes in particular media, Nakassis explores the entanglements between youth peer groups and the sites where such stylish media objects are produced, arguing that these entanglements deeply condition the production and circulation of the media objects themselves. The result is an important and timely look at the tremendous forces of youth culture, globalization, and mass media as they interact in the vibrancy of a rapidly changing India.

With the valuable contribution of thirty five co-authors, this anthology leaves a message that Bidding farewell is an inevitable phase of human life.

Pacific Apostle David D McKay.2019-12-30 In 1920, David O.
McKay embarked on a journey that forever changed the Church of Jesus Christ of Latter-day Saints. His visits to the Latter-day Saint missions, schools, and branches in the Pacific solidified the Church leadership's commitment to global outreach. As importantly, the trip inspired McKay's own initiatives when he later became Church president. McKay's account of his odyssey brings to life the story of the Church of Jesus Christ’s transformation into a global faith. Throughout his diary, McKay expressed his humanity, curiosity, and fascination with cultures and places--the Maori hongi, East Asian customs, Australian wildlife, and more. At the same time, he and his travel companion, Hugh J. Cannon, detailed the Latter-day Saint missionary life of the era, closely observing logistical challenges and cultural differences, guiding various church efforts, and listening to followers' impressions and concerns. Reid L. Neilson and Carson V. Teuscher's meticulous notes provide historical, religious, and general context for the reader. Blending travelogue with history, Pacific Apostle illuminates the thought and work of an essential figure in the twentieth-century Church of Jesus Christ.

In each of these fields he made a major contribution to the formation of modern Denmark. *Sino-Soviet Dialogue on the Problem of War* S. Yin. 2012-12-06 The author has spent upwards of ten years in working on this book. His objective is to clarify the military aspect of the Moscow-Peking dialogue which has not yet received its deserved treatment. The apogee of that dialogue seems to have been
passed toward the end of the rule of Khrushchev. Yet the Vietnam war spawns fresh contention. Our cover age will span the development from 1956 to the present. The beginning of the dispute with regard to the origins of war in general is taken up in the first two chapters. The next three chapters discuss the several types of war with the frame of reference set in what now appears to be a quondam era. But the principle differences between the disputants are just as outstanding today as they were then. The penultimate chapter is somewhat wide in scope in order to deal with the larger and more intensely bitter polemics evolving after Khrushchev left office. There have been many new and startling views held by both sides since then, views splitting them poles apart. Ominously at issue now is the question of Sino-Soviet peaceful coexistence. Our work, obviously, cannot wait until that question is answered to be finished. The final chapter concludes our study. To write of subjects as dynamic as this one is a challenge because they are current affairs. Due to the swift change of events, no sooner is our typescript put to press than it needs a revision.
