The Rise of Professional Women in France Linda L. Clark. 2000-12-21 This history of professional women in positions of administrative responsibility illuminates women's changing relationship to the public sphere in France since the Revolution of 1789. Linda L. Clark traces several generations of French women in public administration, examining public policy and politics, attitudes towards gender, and women's work and education. Women's own perceptions and assessments of their positions illustrate changes in gender roles and women's relationship to the state. With seniority-based promotion, maternity leaves and the absence of the marriage bar, the situation of French women administrators invites comparison with their counterparts in other countries. Why has the profile of women's employment in France differed from that in the USA and the UK? This study gives unique insights into French social, political and cultural history, and the history of women during the nineteenth and twentieth centuries. It will interest scholars of European history and also specialists in women's studies.

Motor Development in Children: Aspects of Coordination and Control M.G. Wade, H.T.A Whiting. 1986-09-30 This book is divided into sections. Each section is devoted to a particular issue in Motor Development and comprises two or more contributions. The order of presentation mirrors the order of presentation at the Institute and thus is not entirely fortuitous! Nevertheless, it does not reflect any value judgement on the part of the editors as to the importance of anyone issue in comparison to others addressed in the book. This volume is to be seen as a companion volume to 'Themes in Motor Development' in which the more specific topics presented during the Institute are published. Together, the two volumes provide both a general and theme specific approach to this expanding field of knowledge. XI PREFACE Books and conferences, on what in North America is euphemistically termed motor development, have been few and far between in the past 25 years. This is not to say that the study of how children acquire and develop motor skills has not been a subject on which scientists have focused their attention. In the United States in the 1930's and 1940's, Bayley (1935) and Gesell and Amatruda (1947) described and scaled the rates at which young children acquired motor skills. In Europe, the development of children's motor behaviour was of theoretical interest to Piaget (1952).

Eugenie Grandet Honoré de Balzac. 2021-10-14 *Eugenie Grandet* Honoré de Balzac - Who is going to marry Eugenie Grandet? This is the question that fills the minds of the inhabitants of Saumur, the setting for *Eugenie Grandet* (1833), one of the earliest and most famous novels in Balzac's *Comédie humaine*. The Grandet household, oppressed by the exacting miserliness of Grandet himself, is jerked violently out of routine by the sudden arrival of Eugenie's cousin Charles, recently orphaned and penniless. Eugenie's emotional awakening, stimulated by her love for her cousin, brings her into direct conflict with her father, whose cunning and financial success are matched against her determination to rebel. Eugenie's moving story is set against the backdrop of provincial oppression, the vicissitudes of the wine trade, and the workings of the financial system in the aftermath of the French Revolution. It is both a poignant portrayal of private life and a vigorous fictional document of its age. This brilliant but devastatingly sad novel moved me so much, I began it again the moment I got to the end. Rose Tremain. Monsieur Grandet is a very rich man whose chief care is his gold. He runs his household with exacting miserly attention and his wife and daughter suffer a Spartan existence. On the evening of his daughter Eugénie's twenty third birthday his foppish nephew Charles suddenly arrives from Paris. Eugénie has never known passion. Now, in an instant, she falls in love and her life is changed forever. Monsieur Grandet will not countenance his daughter's marriage to her penniless cousin and Eugénie's determination to follow her heart leads her into direct conflict with her father.

The Jinx Jennifer Sturman.2014-08-01 Rachel Benjamin's life might look glamorous, but she has worked into the early morning on more nights, cancelled more weekend plans and slept in more Holiday Inns in small industrial towns than she cares to count (standard practice in the business of mergers and acquisitions). And that picture of her on the recent cover of Fortune? It inspired a reprise of her grandmother's favorite lecture, the one titled You don't want to be one of those career gals, do you? But this week Rachel's job is taking her to Boston, where in between work obligations she plans to squeeze in quality time with her promising new boyfriend. They've just hit the six-month mark and things are going so well, Rachel's not even worried anymore that she'll jinx it. The Last Policeman Ben H. Winters.2012-07-10 [The] weird, beautiful, unapologetically apocalyptic Last Policeman trilogy is one of my favorite mystery series.—John Green, author of The Fault in Our Stars and Paper Towns Winner of the 2013 Edgar® Award Winner for Best Paperback Original! What's the point in solving murders if we're all going to die soon, anyway? Detective Hank Palace has faced this question ever since asteroid 2011GV1 hovered into view. There's no chance left. No hope. Just six precious months until impact. The Last Policeman presents a fascinating portrait of a pre-apocalyptic United States. The economy spirals downward while crops rot in the fields. Churches and synagogues are packed. People all over the world are walking off the job—but not Hank Palace. He's investigating a death by hanging in a city that sees a dozen suicides every week—except this one feels suspicious, and Palace is the only cop who cares. The first in a trilogy, The Last Policeman offers a mystery set on the brink of an apocalypse. As Palace's investigation plays out under the shadow of 2011GV1, we're confronted by hard questions way beyond "whodunit." What basis does civilization rest upon? What is life worth? What would any of us do, what would we really do, if our days were numbered? Ebook contains an excerpt from the anticipated second book in the trilogy, Countdown City.

Germaine Krull Kim Sichel.1999 An in depth look at a master of twentieth-century photography.

Psycho - Analysis and the War Neuroses Sigmund Freud.2014-07-03 Many medical men, who had previously held themselves aloof from psycho - analysis, have been brought into close touch with its theories through their service with the army compelling them to deal with the question of the war neuroses. The reader can easily gather from Ferenczi's contribution to the subject with what hesitation and misgivings this advance was made.

Some of the factors, such as the psycho-genetic origin of the symptoms, the significance of unconscious impulses, and the part that the primary advantage of being ill plays in the adjusting psychical conflicts (flight into disease), all or which had long before been discovered and described as operating in the neuroses of peace time, were found also in the war neuroses and almost generally accepted. The war neuroses, in so far as they differ from the ordinary neuroses of peace time through particular peculiarities, are to be regarded as traumatic neuroses, whose existence has been rendered possible or promoted through an ego-conflict. In Abraham's contribution there are plain indications of this ego-conflict; the English and American authors whom Jones quotes have also recognised it. The conflict takes place between the old ego of peace time and the new war-ego of the soldier, and it becomes acute as soon as the peace-ego is faced with the danger of being killed through the risky undertakings of his newly formed parasitical double. [...] This book on psycho - analysis and war neuroses is a reprint of the originally published book from 1921.

Structured Interview for DSM-IV Personality Bruce Pfohl, Nancee Blum, Mark Zimmerman. 1997 Updated for DSM-IV, the Structured Interview for DSM-IV Personality (SIDP-IV) is a semi-structured interview that uses nonpejorative questions to examine behavior and personality traits from the patient's perspective. The SIDP-IV is organized by topic sections rather than disorder to allow for a more natural conversational flow, a method that gleans useful information from related interview questions and produces a more accurate diagnosis. Designed as a follow-up to a general psychiatric interview and chart review that assesses episodic psychiatric disorders, the SIDP-IV helps the interviewer to more easily distinguish lifelong behavior from temporary states that result from an episodic psychiatric disorder. During the session, the interviewer can also refer to the specific DSM-IV criterion associated with that question set. In the event that the clinician decides to interview a third-party informant such as family members or close friends, a consent form is provided at the end of the interview. With this useful, concise interview in hand, clinicians can move quickly from diagnosis to treatment and begin to improve their patient's quality of life.

Space Between Us Zoya Pirzad.2014-02-06 In a small town on the edge of the Caspian Sea, Edmond Lazarian and his best friend Tahereh pass their days playing together, drifting between the delights of beachcombing and the joys of the sherbet shop. Although Edmond is Armenian and Tahereh is the Muslim daughter of the school's janitor, they remain blissfully unaware of the disquiet that ripples the surface calm of their close-knit community. Yet years later, when Edmond's daughter chooses a Muslim to marry, tensions inevitably build. Unable to keep sidestepping the prejudices around him, Edmond is finally forced to make a choice, and one that will haunt him for years to come. For fans of Anne Tyler, *The Space Between Us* is a poignant, wistful story about belonging and otherness, pride and prejudice, and the pressures and family expectations that inform our decisions. Brilliantly painting the landscape of intricate social conventions and private emotional conflict, Pirzad has produced an intimate portrait of ordinary Iranians living everyday lives.

Antwerp, Territory of a New Modernity Bernardo Secchi,Paola Viganò.2009 The Structure Plan for Antwerp was drawn up between May 2003 and June 2006. During that period Milan based architects Bernardo Secchi and Paola Viganò experienced Antwerps ambitions and its need for a vision. This book measures their ideas and imagination with the myth that is Antwerp, but also with that remarkable contemporary reality of Antwerp - the territory of a New Modernity. The book shows several possible strategies for urbanistic changes within the city. The authors show that Antwerp is to be seen in different ways: Antwerp as a water-city, Antwerp as a harbour-city, Antwerp as a railcity, Antwerp as a ecocity ... But, by emphasising the spatial character of the Structure Plan of Antwerp, it clearly breaks with previous planning approaches and it gives new insights. This books narrative-shuttling between structuring visions, various scenarios, a project atlas and numerous micro-stories-illustrates new methods for urbanism, with a very fine balance between reflection and action in urbanism.

The Acquisition of French Philippe Prévost.2009-12-17 This book presents a thorough description of morphosyntactic knowledge developed by learners of French in four different learning situations — first language (L1) acquisition, second (L2) language acquisition, bilingualism, and acquisition by children with Specific Language Impairment — within the theoretical framework of generative grammar. This approach allows for multiple comparisons across acquisition contexts, which provides the reader with invaluable insights into the nature of the acquisition process. The book is divided into four parts each dealing with a major morphosyntactic domain of acquisition: the verbal domain, the pronominal domain, the nominal domain, and the CP domain. Each part contains four chapters, the first one presenting an overview of the basic facts and analyses of the relevant properties of French, and the next three focusing on the different acquisition contexts. This book will be useful to anyone interested in the acquisition of French and in language development in general. It is also meant to stimulate cross-linguistic research from a theoretical perspective.

Fault Lines Nancy Huston.2008-10-14 A brilliantly written family epic that won France's Prix Femina and was shortlisted for the Orange Prize. "An immaculate novel" (The Guardian). In a profound and poetic story, internationally acclaimed and bestselling author Nancy Huston traces four generations of a single family from present-day California to WWII-era Germany. *Fault Lines* begins with Sol, a gifted, terrifying child whose mother believes he is destined for greatness partly because he has a birthmark like his dad, his grandmother, and his great-grandmother. When Sol's family makes an unexpected trip to Germany, secrets begin to emerge about their history during World War II. It seems birthmarks are not all that's been passed down through the bloodlines. Closely observed, lyrically told, and epic in scope, *Fault Lines* is a touching, fearless, and unusual novel about four generations of children and their parents. The story moves from the West Coast of the United States to the East, from Haifa to Toronto to Munich, as secrets unwind back through time until a devastating truth about the family's origins is reached. Huston tells a riveting, vigorous tale in which love, music, and faith rage against the shape of evil. "Huston's powerful novel combines the pacing of a thriller with the emotional intricacies that are the hallmark of the best family stories." —Booklist, starred review

Give the freebies a try, and if you really like their service, then you can choose to become a member and get the whole collection. Questia Public Library has long been a favorite choice of librarians and scholars for research help. They also offer a world-class library of free books filled with classics, rarities, and textbooks.
