Mindfulness for Kids with ADHD Debra Burdick.2018-10-01 Help your child with ADHD thrive. Mindfulness for Kids with ADHD offers fun and accessible mindfulness exercises designed to help kids with ADHD successfully navigate all the areas of life—from making friends and doing well in school to establishing healthy habits and limiting screen time. As a parent, you know that attention-deficit hyperactivity disorder (ADHD) can make the normal developmental tasks of childhood more difficult to accomplish in numerous ways. These tasks include: making friends, doing well in school, organizing belongings and schoolwork, identifying and managing feelings, developing a positive self image, getting along with family members, following rules, doing chores, establishing a healthy sleep pattern, eating a healthy diet, and making good choices about exercise and use of screen time. The activities in this easy-to-use workbook will help your child develop self-awareness and self-reflection—two skills that kids with ADHD typically need extra help with. The book also illustrates and teaches the process of setting intention and using specific mindfulness skills to identify and improve feelings, self-image, behavior, stress level, concentration, hyperactivity, and relationships. If you're a parent of a child with ADHD, you may feel conflicted about the best treatment options available. Whether used alone or in conjunction with therapy, this powerful workbook provides real skills your child can use every day to improve their quality of life and help them enjoy being a kid!

The Essential Guide to Raising Complex Kids with ADHD, Anxiety, and More Elaine Taylor-Klaus.2020-07-28 The Essential Guide to Raising Complex Kids is an honest guide on how to be an effective parent and when raising children with ADHD, anxiety, and other complex conditions--and how to guide them on a path to a healthy, happy, well-adjusted life. A wake-up call, a clear guide for action, and a message of inspiration, this book provides a reality-based recipe for how to do a masterful job of raising complex kids, while not making yourself (or your family) crazy in the process. ADHD parenting expert Elaine Taylor-Klaus, founder and CEO of ImpactADHD.com, will walk you through her proven coach-approach method, which shows all parents, in simple steps, how to identify challenge areas and how to use critical response tools to parent simply, clearly, and effectively—for everyone's benefit. It doesn't much matter if your child has ADHD, or anxiety, or learning disabilities, or sensory processing, or ODD, or autism, or depression, or separation disorder—or celiac disease or food allergies, for that matter. All that really matters is this: your child is complex because there is a chronic medical condition (or several) that he, or she, or they need to learn to manage for themselves in order to be successful in life. A coach approach will help you communicate, collaborate, and guide your kids on their path to independence. Here are some of the challenge areas addressed inside, and the coach-approach method for working through them. Challenge: Feeling Like You've Tried Everything --> Coach-Approach: Letting Go Challenge: Fearing for the Future --> Coach-Approach: Parenting from Inspiration, Not Desperation Challenge: An Unhappy Home --> Coach-Approach: No One Gets to Be Wrong--The Benefits of Positivity Challenge: Overwhelm Is Keeping You Stuck --> Coach-Approach: Focusing on What's Most Important Once you learn the coach-approval model, it can be applied to any situation—in fact, the more you use it, the easier it all becomes. Constant battles don't have to be part of your daily life. With *The Essential Guide to Raising Complex Kids*, you can (all) learn to thrive.

Confident Parents, Remarkable Kids Bonnie Harris.2017-07 Originally published: Avon, Mass.: Adams Media, 2008.

Mindfulness for Kids Samantha Barbaro.

Confident Parents, Confident Kids Jennifer S. Miller.2019-11-05 *Confident Parents, Confident Kids* lays out an approach for helping parents—and the kids they love—hone their emotional intelligence so that they can make wise choices, connect and communicate well with others (even when patience is thin), and become socially conscious and confident human beings. How do we raise a happy, confident kid? And how can we be confident that our parenting is preparing our child for success? Our confidence develops from understanding and having a mastery over our emotions (aka emotional intelligence)—and helping our children do the same. Like learning to play a musical instrument, we can fine-tune our ability to skillfully react to those crazy, wonderful, big feelings that naturally arise from our child's constant growth and changes, moving from chaos to harmony. We want our children to trust that they can conquer any challenge with hard work and persistence; that they can love boundlessly; that they will find their unique sense of purpose; and they will act wisely in a complex world. This book shows you how. With author and educator Jennifer Miller as your supportive guide, you'll learn: the lies we've been told about emotions, how they shape our choices, and how we can reshape our parenting decisions in better alignment with our deepest values. how to identify the temperaments your child was born with so you can support those tendencies rather than fight them. how to align your biggest hopes and dreams for your kids with specific skills that can be practiced, along with new research to support those powerful connections. about each age and stage your child goes through and the range of learning opportunities available. how to identify and manage those big emotions (that only the parenting process can bring out in us!) and how to model emotional intelligence for your children. how to deal with the emotions and influences of your choir—the many outside individuals and communities who directly impact your child's life, including school, the digital world, extended family, neighbors, and friends. Raising confident, centered, happy kids—while feeling the same way about yourself—is possible with *Confident Parents, Confident Kids*.
