The Indian Tipi Reginald Laubin, Stanley Vestal. 1989 When the first edition of this book was published in 1957, the art of making a tipi was almost lost, even among American Indians. Since that time a tremendous resurgence of interest in the Indian way of life has occurred, resurgence due in part, at least, to the Laubins' life-long efforts at preservation and interpretation of Indian culture. As *The Indian Tipi* makes obvious, the American Indian is both a practical person and a natural artist. Indian inventions are commonly both serviceable and beautiful. Other tents are hard to pitch, hot in summer, cold in winter, poorly lighted, unventilated, easily blown down, and ugly to boot. The conical tipi of the Plains Indian has none of these faults. It can be pitched by one person. It is roomy, well ventilated at all times, cool in summer, well lighted, proof against high winds and heavy downpours, and, with its cheerful fire inside, snug in the severest winter weather. Moreover, its tilted cone, trim smoke flaps, and crown of poles, presenting a different silhouette from every angle, form a shapely, stately dwelling even without decoration. In this new edition the Laubins have retained all the invaluable aspects of the first edition, and have added a tremendous amount of new material on day-to-day living in the tipi: the section on Indian cooking has been expanded to include a large number and range of Indian foods and recipes, as well as methods of cooking over an open fire, with a reflector oven, and with a ground oven; there are new sections on making buckskin, making moccasins, and making cradle boards; there is a whole new section on child care and general household hints. Shoshoni, Cree, and Assiniboine designs have been added to the long list of tribal tipi types discussed. This new edition is richly illustrated with color and black and white photographs, and drawings to aid in constructing and living in the tipi. It is written primarily for the interested amateur, and will appeal to anyone who likes camping, the out-of-doors, and American Indian lore.

Tribal Worlds Brian Hosmer, Larry Nesper. 2013-05-01 *Tribal Worlds* considers the emergence and general project of indigenous nationhood in several geographical and historical settings in Native North America. Ethnographers and historians address issues of belonging, peoplehood, sovereignty, conflict, economy, identity, and colonialism among the Northern Cheyenne and Kiowa on the Plains, several groups of the Ojibwe, the Makah of the Northwest, and two groups of Iroquois. Featuring a new essay by the eminent senior scholar Anthony F. C. Wallace on recent ethnographic work he has done in the Tuscarora community, as well as provocative essays by junior scholars, *Tribal Worlds* explores how indigenous nationhood has emerged and been maintained in the face of aggressive efforts to assimilate Native peoples.

Painful Beauty Megan A. Smetzer. 2021-07-27 For over 150 years, Tlingit women artists have beaded colorful, intricately beautiful designs on moccasins, dolls, octopus bags, tunics, and other garments. *Painful Beauty* suggests that at a time when Indigenous cultural practices were actively being repressed, beading supported cultural continuity, demonstrating Tlingit women's resilience, strength, and power. Beadwork served many uses, from the ceremonial to the economic, as women created beaded pieces for community use and to sell to tourists. Like other Tlingit art, beadwork reflects rich artistic visions with deep connections to the environment, clan histories, and Tlingit worldviews. Contemporary Tlingit artists Alison Bremner, Chloe French, Shgen Doo Tan George, Lily Hudson Hope, Tanis S'eiltin, and Larry McNeil foreground the significance of historical beading practices in their diverse, boundary-pushing artworks. Working with museum collection materials, photographs, archives, and interviews with artists and elders, Megan Smetzer reframes this often overlooked artform as a site of historical negotiations and contemporary inspirations. She shows how beading gave Tlingit women the freedom to innovate aesthetically, assert their clan crests and identities, support tribal sovereignty, and pass on cultural knowledge. *Painful Beauty* is the first dedicated study of Tlingit beadwork and contributes to the expanding literature addressing women's artistic expressions on the Northwest

Coast.

Knitted Moccasin Bootie Slippers for Children - With How-to VIDEO! Janis Frank.2023-06-07 This pattern is written to fit nearly all child sized feet. This particular pattern will fit a foot that is 4 inches (10 cm) up to 8 3/4 inches (22 cm) in length. That is a toddler size 1 up to a nearly adult size 5, in US sizing. Please note, this isn't a pattern for beginners, but if you know how to knit a stitch, pick up stitches and knit two stitches together, you should be okay. I've added a TON of photos and a how-to video to help you along with any of the more confusing parts. And please take note, you use 2 (two) sets of single point needles to make this. Because these are made for little feet, they often don't need much yarn and are quick to make. This makes them a great way to use up the smaller leftover bits from larger projects.
