How to Change Your Mind Michael Pollan.2019-05-14 Now on Netflix as a 4-part documentary series! "Pollan keeps you turning the pages . . . cleareyed and assured." —New York Times A #1 New York Times Bestseller, New York Times Book Review 10 Best Books of 2018, and New York Times Notable Book A brilliant and brave investigation into the medical and scientific revolution taking place around psychedelic drugs--and the spellbinding story of his own life-changing psychedelic experiences When Michael Pollan set out to research how LSD and psilocybin (the active ingredient in magic mushrooms) are being used to provide relief to people suffering from difficult-to-treat conditions such as depression, addiction and anxiety, he did not intend to write what is undoubtedly his most personal book. But upon discovering how these remarkable substances are improving the lives not only of the mentally ill but also of healthy people coming to grips with the challenges of everyday life, he decided to explore the landscape of the mind in the first person as well as the third. Thus began a singular adventure into various altered states of consciousness, along with a dive deep into both the latest brain science and the thriving underground community of psychedelic therapists. Pollan sifts the historical record to separate the truth about these mysterious drugs from the myths that have surrounded them since the 1960s, when a handful of psychedelic evangelists inadvertently catalyzed a powerful backlash against what was then a promising field of research. A unique and elegant blend of science, memoir, travel writing, history, and medicine, *How to Change Your Mind* is a triumph of participatory journalism. By turns dazzling and edifying, it is the gripping account of a journey to an exciting and unexpected new frontier in our understanding of the mind, the self, and our place in the world. The true subject of Pollan's mental travelogue is not just psychedelic drugs but also the eternal puzzle of human consciousness and how, in a world that offers us both suffering and joy, we can do our best to be fully present and find meaning in our lives.

[Trance Formation of America](#) Cathy O'Brien,Mark Phillips.1995 This is the documented autobiography of a victim of government mind control. Cathy O'Brien is the only vocal and recovered survivor of the Central Intelligence Agency's MK-Ultra Project Monarch mind control operation. Chiseled deep into the white stone of the CIA's Langley, Virginia headquarters is a partial verse lifted from the Holy Bible and writings of Saint John...and the truth shall set you free. This statement, like the agency, is total reality. The building that it is engraved upon houses the world's most successful manufacturer of lies to facilitate psychological warfare. The Company uses truth and technology as their raw materials to produce pure lies for control of you and America's allies.

Mk Ultra Dark Labs Starfire.2017-12-11 Dark Lab survivor, Starfire was born into the Illuminati and donated for space program experiments. She describes autism vaccines and their link to brain implants, voice to skull technology and mind control products. Her story describes how Nazi doctors were brought to Florida for the space program during the 1960's. She tells how she was surgically modified for brain based implants for mind and body control. Eventually, Starfire was able to hack satellites using her artificial brain implants. Are humans being genetically engineered to be more compatible with artificial life in space?

Chaos Tom O'Neill.2019-06-25 A journalist's twenty-year fascination with the Manson murders leads to gobsmacking (The Ringer) new revelations about the FBI's involvement in this kaleidoscopic (The New York Times) reassessment of an infamous case in American history. Over two grim nights in Los Angeles, the young followers of Charles Manson murdered seven people, including the actress Sharon Tate, then eight months pregnant. With no mercy and seemingly no motive, the Manson Family followed their leader's every order -- their crimes lit a flame of paranoia across the nation, spelling the end of the sixties. Manson became one of history's most infamous criminals, his name forever attached to an era when charlatans mixed with prodigies, free love was as possible as brainwashing, and utopia -- or dystopia -- was just an acid trip away. Twenty years ago, when journalist Tom O'Neill was reporting a magazine piece about the murders, he worried there was

nothing new to say. Then he unearthed shocking evidence of a cover-up behind the official story, including police carelessness, legal misconduct, and potential surveillance by intelligence agents. When a tense interview with Vincent Bugliosi -- prosecutor of the Manson Family and author of *Helter Skelter* -- turned a friendly source into a nemesis, O'Neill knew he was onto something. But every discovery brought more questions: Who were Manson's real friends in Hollywood, and how far would they go to hide their ties? Why didn't law enforcement, including Manson's own parole officer, act on their many chances to stop him? And how did Manson -- an illiterate ex-con -- turn a group of peaceful hippies into remorseless killers? O'Neill's quest for the truth led him from reclusive celebrities to seasoned spies, from San Francisco's summer of love to the shadowy sites of the CIA's mind-control experiments, on a trail rife with shady cover-ups and suspicious coincidences. The product of two decades of reporting, hundreds of new interviews, and dozens of never-before-seen documents from the LAPD, the FBI, and the CIA, *Chaos* mounts an argument that could be, according to Los Angeles Deputy District Attorney Steven Kay, strong enough to overturn the verdicts on the Manson murders. This is a book that overturns our understanding of a pivotal time in American history.

Surveillance Valley Yasha Levine.2018-02-06 The internet is the most effective weapon the government has ever built. In this fascinating book, investigative reporter Yasha Levine uncovers the secret origins of the internet, tracing it back to a Pentagon counterinsurgency surveillance project. A visionary intelligence officer, William Godel, realized that the key to winning the war in Vietnam was not outgunning the enemy, but using new information technology to understand their motives and anticipate their movements. This idea -- using computers to spy on people and groups perceived as a threat, both at home and abroad -- drove ARPA to develop the internet in the 1960s, and continues to be at the heart of the modern internet we all know and use today. As Levine shows, surveillance wasn't something that suddenly appeared on the internet; it was woven into the fabric of the technology. But this isn't just a story about the NSA or other domestic programs run by the government. As the book spins forward in time, Levine examines the private surveillance business that powers tech-industry giants like Google, Facebook, and Amazon, revealing how these companies spy on their users for profit, all while doing double duty as military and intelligence contractors. Levine shows that the military and Silicon Valley are effectively inseparable: a military-digital complex that permeates everything connected to the internet, even coopting and weaponizing the antigovernment privacy movement that sprang up in the wake of Edward Snowden. With deep research, skilled storytelling, and provocative arguments, *Surveillance Valley* will change the way you think about the news -- and the device on which you read it.

Unshackled Kathleen Sullivan.2017-07-26 Kathleen Sullivan's experiences as part of a criminal network that includes Intelligence personnel, military personnel, doctors and mental health professionals contracted by the military and the CIA, criminal cult leaders and members, pedophiles, pornographers, drug dealers and Nazis. "I'm not an exhibitionist," writes Kathleen. "I value my privacy. And yet, I believe my story needs to be told so that more people will understand how 'Manchurian Candidate' style mind-control techniques can create alter-states in the mind's unwitting victims, causing them to perform deeds that are normally repugnant."

How Tobacco Smoke Causes Disease .2010 This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

Dark Persuasion Joel E. Dimsdale.2021-08-10 A harrowing account of brainwashing's pervasive role in the twentieth and twenty-first centuries This gripping book traces the evolution of brainwashing from its beginnings in torture and religious conversion into the age of neuroscience and social media. When Pavlov introduced scientific approaches, his research was enthusiastically supported by Lenin and Stalin, setting the stage for major breakthroughs in tools for social, political, and religious control. Tracing these developments through many of the past century's major conflagrations, Dimsdale narrates how when World War II erupted, governments secretly raced to develop drugs for interrogation. Brainwashing returned to the spotlight during the Cold War in the hands of the North Koreans and Chinese. In response, a huge Manhattan Project of the Mind was established to study memory obliteration, indoctrination during sleep, and hallucinogens. Cults used the techniques as well. Nobel laureates, university academics, intelligence operatives, criminals, and clerics all populate this shattering and dark story—one that hasn't yet ended.

Covert Abductions Miesha Johnston.2017-02-12 This is an autobiography of a mind controlled survivor. It is the true riveting story of one woman's survival against the odds. At the base of Mount Hermon was found a tablet revealing the formula that is the genesis for all purebloods. This is the well spring for all religion and cultic practices. JFK to 911 Everything Is A Rich Man's Trick Francis Richard Conolly.2021-09-30 JFK to 911 is already a global phenomenon, having begun as a Youtube video which achieved over a billion hits by becoming the first documentary in human history to untangle all the establishment lies and reveal the entire truth about the Kennedy Assassination and 911. These disclosures so frightened the powers-that-be that President Trump and the Queen of England took the joint decision to ban it altogether, so that if you read this book, you will be learning the most cardinal secrets which your government would much rather you did not know. Nearly all intelligent people these days are wary of what we are being told by the mainstream media, but fewer are aware that the very notion of 'fake news' began with the words on these pages, and that all government policy in recent times has been an ongoing effort to hold back the increasing enlightenment these words have inspired. Legions of people have taken the trouble to go online so that they could tell the world about how learning that absolutely everything is a rich man's trick—the justice system, the education system, the economic system, and most importantly, the media. Francis Richard Conolly is extremely hopeful that the people who have made a movie which he originally gave them for free such a central part of their existence will now buy this book in order to build the revenues which he needs to make the sequel which everyone wants to see.

Military Mind Control Colin A. Ross.2011-10 Military Mind Control provides a single case history written by Dr. Ross. Terese, a woman treated in Dr. Ross' private practice, is a survivor of childhood trauma that included paternal incest, ritual abuse and military mind control. The case history describes the therapeutic goals, tasks, strategies and principles that have contributed to her recovery, including the principle of therapeutic neutrality. It is a documented fact that victims of CIA and military mind control experimentation have been hypnotized, given hallucinogens, held in sensory deprivation chambers, given massive amounts of electroshock and subjected to unethical, inhumane treatment by psychiatrists. Therefore, Terese's participation in a military mind control program is unproven, it could very well be real.

Overcoming Monarch Mind Control Kerth Barker.2015-07-22 For more information about my books see www.KerthBarker.com I WANT TO MAKE IT CLEAR THAT I AM NOT A THERAPIST AND THAT I AM NOT GIVING ADVICE ON THERAPY IN THIS BOOK. This book is informational, and the

information in it may be useful to therapists and to those persons recovering from Monarch Mind Control. But you the reader are solely responsible for what you do with this information. In 2014, I wrote and published a book called Mental Liberation in the Age of Thought Control. In it I described techniques used by Therapists to deprogram and heal MK Ultra and Satanic Ritual Abuse. Monarch Mind Control is the name of a system of mind control that evolved out of Satanic Ritual Abuse and the MK Ultra research program. As a result of my Mental Liberation book's publication, some therapists and survivors of Monarch Mind Control then contacted me and gave me feedback. Some had found my books useful. And some therapists explained to me their own techniques for helping the victims of Monarch Mind Control. Because of the hostile and covert nature of those organizations which practice Monarch Mind Control, the therapists who help recovering persons need to remain anonymous. So I was asked to take their feedback and publish it in one of my books so that they could remain anonymous. This book here on Overcoming Monarch Mind Control may not give you enough information in itself to conduct therapy. But it will give you unique information which you cannot find anywhere else. And if you are interested in how to recover from Monarch Mind Control or how to help others to recover, this book contains useful information. From it you can get a clearer idea of how Monarch Mind Control works and how a therapy system can be developed to help the victims of Monarch Mind Control. This book also briefly tells the story of some persons who have recovered from Monarch Mind Control. I have priced this book so that, if you include my expense in advertising, I don't really make any money from this book. I am publishing it because this information really needs to be put out into the public awareness at this time. Monarch Mind Control has been used on countless thousands of victims, most of who do not even know that they have been the victims of this mind control system. However, some persons have figured out that they have been victimized by this mind control technique, and such persons sometimes seek help from therapists. Many legitimate therapists are struggling to understand how they can help to treat such persons. Because the government and the mass media presently suppress all public knowledge of this phenomena, treating Monarch Mind Control is not taught to psychologists in Universities. So this book is designed to try to fill in the information gap. If you combine the information in this book with a knowledge of publicly known techniques for therapy, then an effective system of therapy for Monarch Mind Control will emerge. Also a victim of Monarch Mind Control may be able to read this book and get some idea of how to find a helpful therapist. Some persons who have a political interest in the nature of Monarch Mind Control may also find this book of interest. As Monarch Mind Control is so widespread, and because it has influenced the political events of our time in such a profound way, this book is a book that anyone should find of interest. I have limited resources to promote this book. So if you do purchase this book and find it useful, please do what you can to tell others about it. Thank You.

Mind Controlled Sex Slaves and the CIA: Did the CIA Turn Innocent Citizens Into Mind Controlled Sex Slaves? Tracy R. Twymann, Nick Redfern, Commander X. 2011-12-01

UNIMAGINABLE RAPE, TORTURE AND BLOODY RITUALS. . . LEADING POLITICIANS INVOLVED IN CHILD ABUSE RINGS. . . U.S. PRESIDENTS AND VICE PRESIDENTS COMPLICIT. . . USE OF OCCULT AND 'SATANISM' AS TRAUMA BASE . . . ANTI-CHRISTIAN NIGHT SERVICES AT CHRISTIAN CHURCHES. . . Plus Exposing The Mind Controlled Stepford Whores, as well as Human Sacrifices at Bohemian Grove Retreat . . . Indeed, what do Satanism, human trafficking, mind control experiments and child sex abuse have to do with the U.S. government? According to the testimony of experts and survivors, the CIA utilized all of these elements and more for their Top Secret Project Monarch, part of the MK-ULTRA mind control program. For reasons of National Security, dozens if not hundreds of people, many of them children, were allegedly subjected to unimaginable rape, torture, and bloody satanic rituals, with the aim of fracturing the human mind through trauma. This created multiple personalities that could then be programmed to perform specific tasks . . . Many of the purported victims say they were used to satisfy the sexual urges of the rich and powerful, even U.S. presidents. . . For these purposes, the CIA is said to have sought help from intergenerational cults, as well as child pornography and snuff film networks. As thousands of people were bought and

sold on the underground sex market, our government supposedly looked the other way, seeing it not as an atrocity, but as an opportunity. CONTAINS INTERVIEWS WITH: CATHY O' BRIEN -- MARK PHILLIPS -- JOHN DECAMP -- TED GUNDERSON, NOREEN GOSCH -- AND PAMELA FREYD

Project MK-Ultra and Mind Control Technology Axel Balthazar.2017-05-04 People around the world claim to be victims of mind control technology. Medical professionals are quick to marginalize these targeted individuals and diagnose them with mental illness. Unfortunately, most people are oblivious to the historical precedent for the practice of mind control and the patented technology that exists in the field. This book includes a compilation of the government's documentation on MK-Ultra, the CIA's mind control experimentation on unwitting human subjects; all documentation on this program was ordered destroyed by CIA Director Richard Helms in 1973, but a cache of records survived and were made public through a Freedom of Information Act request in 1977. It also contains over 150 patents pertaining to a wide variety of subjects: artificial telepathy (voice-to-skull technology), behavior modification through radio frequencies, directed energy weapons, electronic monitoring, implantable nanotechnology, brain wave manipulation, nervous system manipulation, neuroweapons, psychological warfare, satellite terrorism, subliminal messaging, and more. A must-have reference guide for targeted individuals and anyone interested in the subject of mind control technology. The experiments and technology described herein reveal the government's activities in a variety of fields utilizing an assortment of methodologies. Subjects covered include: Drugs; Hypnosis; Subconscious Isolation; Extrasensory Perception; Victims; Mind Control Technology; Artificial Telepathy; Behavior Modification; Nervous System Manipulation; Mind Manipulation; Mental Monitoring; Directed Energy Weapons; Electronic Surveillance; Implants and Nanotech; Subliminal Messaging; and more.

Mind Wars Marie D. Jones,Larry Flaxman.2015-04-20 From the dawn of humanity, the desire to control the thoughts, behaviors, and actions of others has been a pervasive one. From the use of coercive persuasion by ancient Egyptians and the Knights Templar to today's claims of electronic harassment and microwave "bombing," we have always been at the mercy of those who wish to reprogram our thoughts and reshape our beliefs. Mind Wars includes fascinating stories of: Ancient attempts at mind control using spell casting, potions, and rituals. Cults and the use of mental reprogramming. More modern mind-control techniques, from hypnosis, drugs, and electroshock to radiation and psychic driving. The inside story of the quest for a real Manchurian Candidate—MKUltra and the CIA connection. The brave new world of electronic harassment, "voice to skull" technology, and gang-stalking. The inner frontier of the human mind is the last bastion of privacy. But are we really in control of our own minds? The answer may shock you!

The Hunt for Zero Point Nick Cook.2007-12-18 This riveting work of investigative reporting and history exposes classified government projects to build gravity-defying aircraft--which have an uncanny resemblance to flying saucers. The atomic bomb was not the only project to occupy government scientists in the 1940s. Antigravity technology, originally spearheaded by scientists in Nazi Germany, was another high priority, one that still may be in effect today. Now for the first time, a reporter with an unprecedented access to key sources in the intelligence and military communities reveals suppressed evidence that tells the story of a quest for a discovery that could prove as powerful as the A-bomb. The Hunt for Zero Point explores the scientific speculation that a zero point of gravity exists in the universe and can be replicated here on Earth. The pressure to be the first nation to harness gravity is immense, as it means having the ability to build military planes of unlimited speed and range, along with the most deadly weaponry the world has ever seen. The ideal shape for a gravity-defying vehicle happens to be a perfect disk, making antigravity tests a possible explanation for the numerous UFO sightings of the past 50 years. Chronicling the origins of antigravity research in the world's most advanced research facility, which was operated by the Third Reich during World War II, The Hunt for Zero Point traces U.S. involvement in the project, beginning with the recruitment of former Nazi scientists after the war. Drawn from interviews with those involved with the research and who visited labs in Europe and the United States, The Hunt for Zero Point journeys to the heart of the twentieth century's most puzzling unexplained phenomena.

Poisoner in Chief Stephen Kinzer. 2019-09-10 The bestselling author of *All the Shah's Men* and *The Brothers* tells the astonishing story of the man who oversaw the CIA's secret drug and mind-control experiments of the 1950s and '60s. The visionary chemist Sidney Gottlieb was the CIA's master magician and gentlehearted torturer—the agency's "poisoner in chief." As head of the MK-ULTRA mind control project, he directed brutal experiments at secret prisons on three continents. He made pills, powders, and potions that could kill or maim without a trace—including some intended for Fidel Castro and other foreign leaders. He paid prostitutes to lure clients to CIA-run bordellos, where they were secretly dosed with mind-altering drugs. His experiments spread LSD across the United States, making him a hidden godfather of the 1960s counterculture. For years he was the chief supplier of spy tools used by CIA officers around the world. Stephen Kinzer, author of groundbreaking books about U.S. clandestine operations, draws on new documentary research and original interviews to bring to life one of the most powerful unknown Americans of the twentieth century. Gottlieb's reckless experiments on "expendable" human subjects destroyed many lives, yet he considered himself deeply spiritual. He lived in a remote cabin without running water, meditated, and rose before dawn to milk his goats. During his twenty-two years at the CIA, Gottlieb worked in the deepest secrecy. Only since his death has it become possible to piece together his astonishing career at the intersection of extreme science and covert action. *Poisoner in Chief* reveals him as a clandestine conjurer on an epic scale.

The Men on Magic Carpets Ed Hawkins.2019-04-04 'An absolute gem. Funny, incredible and brilliantly reported, in Ed Hawkins the sports world has its own Jon Ronson.' - Will Storr The bizarre true story about the cosmic side of sports Ever wondered if the mind tricks used by Luke Skywalker or his Star Wars brethren were real? Ed Hawkins did. A Jedi-wannabe and sports nut, he pondered: what if a coach or athlete had tried to harness such mysterious powers? They would be unstoppable. This set Ed off on an extraordinary adventure across the West Coast of America in search of a superhuman sports star. He discovers cosmic thinkers who, back in their 1960s heyday, believed that through the power of thought alone a superhuman could be created. One that could see into the future, slow down time and control minds. So successful were their tactics that they attracted the attention of the US government. Meanwhile in Russia their Soviet counterparts were employing equally bewildering brain power. Their goal? To win the Cold War. And so from the 1970s and into the Eighties the underground free-thinking movement became a fully-funded state secret in an 'inner space race' between the US and the Soviet Union. Both sides attempting to create the perfect human killing machine. It worked. Sort of. Instead of building a super soldier, the mystics from both sides came together to preach peace and love to their political paymasters. After the thaw, the search for the superhuman sports star began again and continues to this day. In *The Men on Magic Carpets* Ed goes deep into a secret network of supernatural sages and is told about a mysterious American football coach who made it to the top by teaching his players *The Force*. But can he be found? Will he admit to what he truly believes? And how does our intrepid author cope with his own brush with the Dark Side as the shadowy military once again attempt to use the mystical powers for ill?

Phenomena Annie Jacobsen. 2017-03-28 The definitive history of the military's decades-long investigation into mental powers and phenomena, from the author of Pulitzer Prize finalist *The Pentagon's Brain* and international bestseller *Area 51*. This is a book about a team of scientists and psychics with top secret clearances. For more than forty years, the U.S. government has researched extrasensory perception, using it in attempts to locate hostages, fugitives, secret bases, and downed fighter jets, to divine other nations' secrets, and even to predict future threats to national security. The intelligence agencies and military services involved include CIA, DIA, NSA, DEA, the Navy, Air Force, and Army—and even the Joint Chiefs of Staff. Now, for the first time, New York Times bestselling author Annie Jacobsen tells the story of these radical, controversial programs, using never before seen declassified documents as well as exclusive interviews with, and unprecedented access to, more than fifty of the individuals involved. Speaking on the record, many for the first time, are former CIA and Defense Department scientists, analysts, and program managers, as well as the government psychics themselves. Who did the U.S. government hire for these top secret programs, and how do they explain their military and intelligence work? How do scientists approach such enigmatic subject matter? What interested the government in these supposed powers and does the research continue? *Phenomena* is a riveting investigation into how far governments will go in the name of national security.

Surviving Evil Manitou Communications, Incorporated. 2014-04-05 Beginning at age thirteen, Karen Wetmore was subjected to horrific treatment in Vermont State Hospital and related facilities. Through years of investigative journalism, and numerous Freedom of Information Act requests, she was able to document that she was a victim of secret CIA mind control experiments as an adolescent, and of sexual abuse by one of her psychiatrists. Karen's psychiatrists included Robert Hyde, M.D., who was cleared at TOP SECRET as the contractor on CIA LSD experiments conducted under MKULTRA Subprojects 8, 10, 63, and 66. Karen calls for an investigation into the nearly 3000 deaths at Vermont State Hospital from 1952 to 1973, when CIA money was pouring into the hospital. These deaths may have provided cover for terminal experiments conducted at the hospital.--Back cover.

Project MK-Ultra Brandon Beckner, Scott Sampila. 2022-01-11 San Francisco, 1971. As the Vietnam War rages, the government wages war at home against the hippy counter-culture. High profile drug trials capture headlines. Seymour Phillips, a headstrong journalist eager to prove himself, discovers key information uncovering a vast drug network. A routine interview leads to a sensational accusation that the man accused of trafficking mass quantities of LSD, works for the CIA. Seymour is approached by CHASE, an eccentric, paranoid stranger in disguise who claims to be a former CIA operative and have the inside scoop on the CIA/LSD connection. Chase insists that Seymour has only scratched the surface. The two forge a most uncommon alliance in a dangerous and mind-bending quest for the truth behind quite possibly the most bizarre chapter of the CIA's history. While most Americans were watching *Leave it to Beaver* and listening to The Everly Brothers, an eclectic group of CIA operatives were spiking each other's coffees with LSD, throwing decadent parties and hiring prostitutes to slip unsuspecting johns drug-laced drinks in order to observe every stoned and kinky moment from behind two-way mirrors. And this was only when they weren't dreaming up the next far reaching official application for this new, all-powerful, mind blowing drug - a drug that would ironically fuel the counter-culture over a decade later. Coincidence? Maybe not.

Project Mk-Ultra: The Complete Edition Scott Sampila, Brandon Beckner. 2023-09-19 Get ready for a mind-bending journey into one of the most secretive and controversial government experiments in history with Project MK-Ultra: The Complete Edition, collecting both previously released volumes 1 and 2 of Project: MK-Ultra - Sex, Drugs, and the CIA. Through vivid storytelling, this original graphic novel brings to life the harrowing story of the CIA's mind control program, which used drugs, hypnosis, and other methods to manipulate the behavior of unwitting subjects. With careful attention to historical facts and rampant conspiracy theories, Stewart Kenneth Moore, Scott Sampila, and Brandon Beckner have crafted a gripping narrative that takes readers deep inside the shadowy world of government conspiracies and covert operations. Based on actual events, Project MK-Ultra: The Complete Edition is a zany, pop-culture laced Alice in Wonderland ride exploring the history of LSD through the eyes of a young, hungry journalist whose life is turned upside down when he's sucked into the absurdity of the CIA's most guarded top-secret Mind Control Project. Whether you're a fan of graphic novels, true crime, or political history, Project MK-Ultra: The Complete Edition is a must-read that will leave you questioning everything you thought you knew about the dark side of American intelligence.

Born to Run Christopher McDougall. 2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

MILABS Helmut Lammer, Marion Lammer. 1999 The first book to document the amazing evidence connecting covert military mind control and the alien abduction phenomenon. In this well-documented book, the authors review former top secret mind control projects ARTICHOKE and MKULTRA, and utilise little-known formally classified documentation, photos, x-rays, illustrations and first-hand testimony to expose the shocking story behind the abduction phenomenon. If you think you know the truth about alien abductions -- think again! MILABS will open your eyes to the sinister connections between mind control and the abduction phenomenon!
