Italian Carousel Andrei Navrozov. 2003 Andrei Navrozov has described himself as a political refugee from Russia, a cultural refugee from America, and a gastronomic refugee from Britain. Yet the theme of his new book is altogether less flippant: where in the homogenizing and modernizing Europe would the hardened individualist find a last refuge? The answer to that question takes the reader on an uncompromising, occasionally eccentric but deeply personal and always entertaining travelogue with the author on his first day in Rome to his last night at the Venetian Hotel in Las Vegas, and through a number of Italian cities, with sidelong glances at 70s Moscow, 80s New York, and 90s London. All of which leads him to home and the end of his flight from social progress: Palermo. Italy. Accompanying him to each of these destinations is the author's Phiz, the Russian photographer Gusov. His forty-eight arresting images serve to give another dimension to Navrozov's ideas, arguments, and impressions.

Rothko/Sugimoto .2012 Following its recent announcement of plans to open a major gallery in Mayfair, Pace London is honored to present 'Rothko/Sugimoto: Dark Paintings and Seascapes' at 6 Burlington Gardens from 4 October through 17 November 2012. The inaugural exhibition juxtaposes Mark Rothko's late black and grey paintings with Hiroshi Sugimoto's contemporary photographs of bodies of water. The exhibition marks the first private gallery presentation of Rothko's work in London in nearly fifty years and continues Pace's five-decade tradition of exhibitions that explore affinities between artists working across decades and mediums. 'Dark Paintings and Seascapes' pairs eight acrylic paintings by Rothko and eight gelatin silver prints by Sugimoto, revealing two different artistic approaches that arrive at similar conclusions.--Gallery's press release. Exhibition: Pace Gallery, London, UK (4.10.-17.11.2012).

Shape of Light Simon Baker,Emmanuelle de L'Ecotais,Shoair Mavlian,Tate Modern (Gallery).2018 The accompanying catalogue to the first major exhibition to consider the relationship between the photographic medium and the history of abstraction in the twentieth century, on display at London's Tate Modern.The exhibition catalogue will be arranged in a broadly chronological way to tell the story of photography and its relationship with abstraction from around 1915 to the present day, and will include historic works in a variety of media from painting and sculpture to montage and kinetic installations. Beginning with the works of cubism and vorticism, the catalogue then highlights the key contributions of Bauhaus, constructivist and surrealist artists of the 1920's and 1930's. It then moves into the 'subjective photography' of the 1940's and 1950's, exploring the global scope of this movement through works by artists from Latin America and Asia, before considering the impacts of photography of abstract expressionism, op art and minimalism in Europe and the US. Bringing together iconic as well as rarely seen works, Photography and Abstract Art explores the development of photography in relation to abstract art, tracing the key moments of innovation in new techniques and practice.

The Great Third Front 中国.2008 Chinese artist Chen Jiagang photographs obsolete and useless factories, hidden away in his country's hinterlands. Among these monumental, abandoned ruins, he places ghostly human figures, reminding us of the workers who lost their jobs and were sent back home to start again.

The Empire Strikes Back Mark Holborn.2010 The first in-depth look at the lively, hip, and often controversial contemporary art scene in India. Indian art has gone through a boom period paralleling the country's extraordinary economic rise from an agrarian state to a high-tech axis of the new global economy. With new money came bigger gallery spaces and bigger art—the scale of ambition led to a break onto the international art market. The new art also often reflects a background of religious divide and violence. The exploration of identity, a common enterprise for artists internationally, is all the more challenging in the context of India under transformation. The book features the richest collection of contemporary art assembled to date. It brings together the most compelling and interesting artists from this young and vibrant art scene, some of whom have not shown outside their native country.

Dancers Annie Leibovitz.1992 The most well-known celebrity photographer working today focuses on a longtime fascination: dance. This collection of photographs features portraits of Mikhail Baryshnikov, taken over a period of more than ten years, which show the man behind the legend and also includes a selection of photos of other dancers. 30 black-and-white photographs.

Locusts Sasha Gusov.2008 Locusts is a book of photographs that, in the words of its creator, Sasha Gusov, 'is an album that pulls together the concept of mass mentality - photographs that examine the way people eat, the tourist eternally behind the camera, the obsession with consumerism. It is an anthropological investigation of contemporary man - who we are, who we have become and how absurd we can be at times.' Each of the book's ten sections present a catalogue of human weakness but in the warm spirit of humour and irony. The outcome of five years of work and observation around the world, these brief snatches and moments are a true representation of what humanity does when it thinks that no one is looking.

Robert Frank Robert Frank.2012 In 1950, Robert Frank left his job as a photographer in New York to travel through Europe with his family. That summer he arrived in Valencia, Spain, which was at the time a humble, bleak place enduring the austere conditions of the postwar period like the rest of the country. The pictures Frank took of Valencia depict the daily life of a fishing village. The photographs in this book, many of which have never been published before, allow dignity to override poverty.

The Christmas Pig Kinky Friedman.2006-11-14 It's a Christmas tale only a man called Kinky could tell. King Jonjo Mayo the First is in a bind. Every Christmas, he commissions an artist to paint a traditional nativity scene to be dramatically revealed after midnight mass. This year, though, the date is mere weeks away, and he still has not yet found his painter. The king decides to take a chance on a peculiar, mute boy whose artistic genius and clairvoyance are rumored throughout the kingdom. He sends three valiant, if begrudging, knights to seek out the boy in the remote countryside. Finally, they find Benjamin -- and he is, indeed, peculiar. Nobody knows if the child is up to the task, but the king's Christmas tradition -- and Benjamin himself -- might just be saved by a Christmas miracle that comes in the form of a very special pig -- who is rather peculiar herself.

I, Maya Plisetskaya Maya Plisetskaya.2008-10-01 divdivMaya Plisetskaya, one of the world's foremost dancers, rose to become a prima ballerina of Moscow's Bolshoi Ballet after an early life filled with tragedy and loss. In this spirited memoir, Plisetskaya reflects on her personal and professional odyssey, presenting a unique view of the life of a Soviet artist during the troubled period from the late 1930s to the 1990s. Plisetskaya recounts the execution of her father in the Great Terror and her mother's exile to the Gulag. She describes her admission to the Bolshoi in 1943, the roles she performed there, and the endless petty harassments she endured, from both envious colleagues and Party officials. Refused permission for six years to tour with the company, Plisetskaya eventually performed all over the world, working with such noted choreographers as Roland Petit and Maurice Béjart. She recounts the tumultuous events she lived through and the fascinating people she met—among them the legendary ballet teacher Agrippina Vaganova, George Balanchine, Frank Sinatra, Rudolf Nureyev, and Dmitri Shostakovich. And she provides fascinating details about testy cocktail-party encounters with Khrushchev, tours abroad when her meager per diem allowance brought her close to starvation, and KGB plots to capitalize on her friendship with Robert Kennedy. Gifted, courageous, and brutally honest, Plisetskaya brilliantly illuminates the world of Soviet ballet during an era that encompasses both repression and cultural détente. Still prima ballerina assoluta with the Bolshoi Ballet, Maya Plisetskaya also travels around the world performing and lecturing. At the Bolshoi's gala celebrating her 75th birthday, President Vladimir Putin presented her with Russia's highest civilian honor, the medal for service to the Russian state, second degree. Tim Scholl is professor of Russian language and literature at Oberlin College. Antonina W. Bouis is the prize-winning translator of more than fifty books, including fiction, nonfiction, and memoirs by such figures as Andrei Sakharov, Elena Bonner, and Dmitri Shostakovich. /DIV/DIV

The Revolution Continues Saatchi Gallery.2008 China has emerged as the next frontier for contemporary art. Chinese artists, such as Zhang Xiaogang, Yue Minjun, Wang Guangyi, and Shen Shaomin, are producing some of today's most provocative new work. With China set to host the world at the 2008 Beijing Olympics and the 2010 Shanghai World's Fair, enthusiasm for recent Chinese art continues to grow. This volume fills an important gap and provides badly needed context for the collector or connoisseur. Charles Saatchi, one of the savviest figures in the contemporary art scene, has built an unparalleled collection of new Chinese art which is presented here in glorious color reproduction on the eve of the opening of the new Saatchi Gallery in London's Chelsea. Not only is this the seminal book on the subject, it is the first book to bring contemporary Chinese art into focus.

Architecture of Color Luis Barragán, Federica Zanco, Oscar Humphries, Edward Heathcote.2016 Architecture of Color: The Legacy of Luis Barragán will explore Barragán's architectural practice, his spiritual sense of aesthetics, and his unique use of color. The exhibition will also celebrate his legacy through the artworks of his contemporaries, those influenced by him, and those with whom he shares a visual and deeper synergy. The exhibition curated by Oscar Humphries will include works by Mexico-based artists with whom Barragán had close ties, including Mathias Goeritz, Chucho Reyes, and Eduardo Terrazas. Timothy Taylor 16x34 will transform the interior of the gallery

with colorful walls that reference Barragán's work, creating conversations in color with pieces by some of the most influential living and non-living artists of the past century. These artists will include Josef Albers, Carl Andre, Dan Flavin, Sheila Hicks, Agnes Martin and Sean Scully, and will be presented with Barragán-designed furniture. --Timothy Taylor website, viewed March 6, 2017. Sacha Gusov, The Bolshoi .2017-09-20 This beautiful and remarkable behind-the-scenes study of dancers, musicians and onlookers offers a social and narrative dimension to the everyday life at the legendary Bolshoi Ballet, through the lens of the acclaimed Russian photographer Sasha Gusov. In the words of Andrei Navrozov, Gusov's photographs are lightning fissures, apertures, openings. They are neat as the bullet marks made in the moving target of time by a master of the craft, and the weird and hopeless dawn that streams through these tightly clustered pinholes is the light of future.

Bolshoi Confidential: Secrets of the Russian Ballet from the Rule of the Tsars to Today

Simon Morrison.2016-10-11 In this "incredibly rich" (New York Times) definitive history of the Bolshoi Ballet, visionary performances onstage compete with political machinations backstage. A critical triumph, Simon Morrison's "sweeping and authoritative" (Guardian) work, *Bolshoi Confidential*, details the Bolshoi Ballet's magnificent history from its earliest tumults to recent scandals. On January 17, 2013, a hooded assailant hurled acid into the face of the artistic director, making international headlines. A lead soloist, enraged by institutional power struggles, later confessed to masterminding the crime. Morrison gives the shocking violence context, describing the ballet as a crucible of art and politics beginning with the disreputable inception of the theater in 1776, through the era of imperial rule, the chaos of revolution, the oppressive Soviet years, and the Bolshoi's recent \$680 million renovation. With vibrant detail including "sex scandals, double-suicide pacts, bribery, arson, executions, prostitution rings, embezzlement, starving orphans, [and] dead cats in lieu of flowers" (New Republic), Morrison makes clear that the history of the Bolshoi Ballet mirrors that of Russia itself.

Michelangelo Sasha Gusov.2018-11-21 After gaining international recognition with *The Bolshoi* (La Fabbrica, 2017), the Russian photographer Sasha Gusov turns us into privileged spectators of the life of one of the most fascinating men in history: Michelangelo. This volume - a collaboration between Sasha Gusov and the Russian film director Andrei Konchalovsky - is a photographic diary that not only portrays the shooting of the movie *The Sin*, but also observes the faces from the past with extraordinary depth, bringing us closer to the Renaissance man's psychology and the lights and shadows of his constant search for beauty. Gusov's beautiful, black-and white photographs, which look like paintings of the Quattrocento, show the actors in meditative poses and in the moments of greatest concentration, in a stark and precise way. AUTHOR: Based in London, Sasha Gusov works for multiple newspapers and magazines, such as *The Daily Telegraph* and *Vogue*, as well as image and photography firms. He is the author of *Shooting Images* (2001) and co-author, along with A. Navrozov, of *Italian Carousel* (2003). He has also worked for influential clients such as Christie's and Sotheby's.

The Royal Parks of London Sasha Gusov.2011 A Journey through the Parks' celebrates a year in the life of The Royal Parks through the lens of eminent Russian-born photographer, Sasha Gusov. Sasha has been free to roam but it wasn't always so. Back in the sixteenth century, when Henry VII charged across the Parks on royal chases, they were private enclosures. Over the years successive monarchs have redesigned the parks with formal gardens and stately avenues of oak and chestnut until thankfully today everyone is welcomed free of charge. With his camera Gusov has explored 5000 acres from Richmond and Bushy in the west to Greenwich in the east. He's not only captured the changing seasons but also created a warm, humorous and extremely personal snapshot of the different people he has met. -- Publisher's description.

The Louisiana Book Michael Juul Holm.2017 Rineke Dijkstra (b. 1959) is one of the most prominent

and internationally acclaimed artists working within the genre of photography and video portraiture. Her large-scale photographs show a rare sense of humanity, empathy and intimacy without any trace of sentimentality or indiscretion. Dijkstra typically captures her subjects at moments of transition or vulnerability, thus focusing on the thematics of identity. Though absolutely modern, even timeless, her portraiture brings to mind the great masters of the Golden Age of Dutch art. 'I try to capture something of the personality of these people,' Rineke Dijkstra explains, 'but at the same time extract something universal relating to humanity in general. There has to be enough space to make your own stories; to interpret a picture the way you want.'

The Places We Live Jonas Bendiksen. 2008 The year 2008 has witnessed a major shift in the way people across the world live: for the first time in human history more people live in cities than in rural areas. This triumph of the urban, however, does not entirely represent progress as the number of people living in urban slumsoften in abject conditionswill soon exceed one billion. From 2005 to 2007 Jonas Bendiksen documented life in the slums of four different cities: Nairobi, Kenya; Mumbai, India; Jakarta, Indonesia; and Caracas, Venezuela; . His lyrical images capture the diversity of personal histories and outlooks found in these dense neighborhoods that, despite commonly held assumptions, are not simply places of poverty and misery. Yet, slum residents continuously face enormous challenges, such as the lack of health care, sanitation, and electricity. *The Places We Live* includes twenty double gatefold images, each representing an individual home and its denizens story. Through its innovative design and experiential approach, *The Places We Live* brings the modern-day Dickensian reality of these individuals into sharp focus

Ghetto Oliver Chanarin, Adam Broomberg. 2003 This is a journey through 12 modern ghettos, starting in a refugee camp in Tanzania and ending in a forest in Patagonia. In each of these places, Adam Broomberg and Oliver Chanarin, as editors and photographers of *Colors* magazine, methodically documented their inhabitants, and asked them the same questions : How did you get here ? Who is in power ? Where do you go to be alone ? To make love ? To get your teeth fixed ? For many of those photographed it was their first time in front of a camera. Some looked into it with a Nard, penetrating gaze. Others obeyed the rituel of photography with smiles. And Mario, on the cover, turned his back on the camera and waited for the shutter to click.

Karlheinz Weinberger Esther Woerdehoff. 2017 Karlheinz Weinberger's day job may have been relatively uneventful--working in a Siemen's warehouse--but the photos he took in his spare time are anything but conformist. Weinberger's passion, and the focus of this book, is the rebel youth of 1950s and '60s Switzerland, who channeled American rock-'n'-roll culture and made it their own with their rolled-up jeans and denim jackets, bouffant hairdos, striped T-shirts and customized belts boasting images of Elvis and James Dean. Weinberger's lusty, free-spirited and self-confident portraits posit the defiant attitude of youth as a response to the conservative postwar era. *Swiss Rebels* also includes homoerotic images of rockers, bikers, construction workers and athletes, many of whom occupy positions outside of social norms. This publication is the first to present an overview of Weinberger's provocative oeuvre. Born in 1921, Karlheinz Weinberger was a Swiss photographer whose work predominantly explored outsider cultures. Between 1943 and 1967 Weinberger published photos of male workers, sportsmen and bikers in the gay magazine *Der Kreis* under the pseudonym of Jim, taken from Hanns Eisler's song *The Ballad of Jim*. In the late '50s and early '60s he concentrated on Swiss rock-'n'-roll youth, whom he photographed with both tenderness and a hint of irony. Weinberger placed little emphasis on exhibiting his work; his first comprehensive show took place only in 2000, six years before his death.

One Finger Too Many Alfred Brendel, Richard Stokes. 1999 This deceptively slight volume is proof that not only good but excellent things often come in small packages. A master of the piano, Alfred Brendel here turns in a deft performance as poet, building fantastic little word machines of extraordinary tensile strength. We are drawn immediately into a fun-house world of suspicious but wondrous goings-on: The supernumerary index finger of the pianist in the title poem, we're told, sometimes pointed out an obstinate cougher in the hall/or emerged from beneath his tailcoat/beckoning a lady in the third row. Elsewhere, Beethoven, disguised as Salieri, poisons a

sleeping Mozart and skulks away clutching, forever, Mozart's greatest possession--the key of C minor. And the conceptual artist Christo wraps the Three Tenors on the balcony of La Scala. These constantly surprising poems enchant even as they sting, revealing the light (and dark) side of Alfred Brendel, one of the world's greatest musicians. His followers will have to have this book, but so will anyone who enjoys readable poetry touched by a divine madness.
