How to Work with People Clodovis Boff.1988

Empire Michael Hardt, Antonio Negri.2001-09-15 Imperialism as we knew it may be no more, but Empire is alive and well. It is, as Michael Hardt and Antonio Negri demonstrate in this bold work, the new political order of globalization. Their book shows how this emerging Empire is fundamentally different from the imperialism of European dominance and capitalist expansion in previous eras. Rather, today's Empire draws on elements of U.S. constitutionalism, with its tradition of hybrid identities and expanding frontiers. More than analysis, Empire is also an unabashedly utopian work of political philosophy.

The Apple Tart of Hope Sarah Moore Fitzgerald.2016-01-30 A People Magazine Best Children's Book of the Year □ This touching novel is one to savor.—Booklist, Starred Review □ A quiet story that may be the tiny push that someone thinking of giving up needs to keep going. . . . Sweetly satisfying.—Kirkus Reviews, Starred Review Fourteen-year-old Oscar Dunleavy is missing, presumed dead. His bike was found at sea, out past the end of the pier, and everyone in town seems to have accepted this as a teenage tragedy. But Oscar's best friend Meg knows he isn't dead. Oscar is an optimistic and kind boy who bakes the world's best apple tarts; he would never kill himself, and Meg is going to prove it. Through interwoven narratives, the reader learns what really happened to Oscar. Meg must confront the painful truth of Oscar's past six months—and the possibility that he might really be gone. Surrounded by grief and confusion, she starts to put the pieces back together. This story of love and friendship reminds us to keep hope in our hearts. For fans of *The Thing About Jellyfish* and kids who need a reminder that really, all you need is love.

Books in the Digital Age John B. Thompson.2013-10-21 The book publishing industry is going through a period of profound and turbulent change brought about in part by the digital revolution. What is the role of the book in an age preoccupied with computers and the internet? How has the book publishing industry been transformed by the economic and technological upheavals of recent years, and how is it likely to change in the future? This is the first major study of the book publishing industry in Britain and the United States for more than two decades. Thompson focuses on academic and higher education publishing and analyses the evolution of these sectors from 1980 to the present. He shows that each sector is characterized by its own distinctive 'logic' or dynamic of change, and that by reconstructing this logic we can understand the problems, challenges and opportunities faced by publishing firms today. He also shows that the digital revolution has had, and continues to have, a profound impact on the book publishing business, although the real impact of this revolution has little to do with the ebook scenarios imagined by many commentators. *Books in the Digital Age* will become a standard work on the publishing industry at the beginning of the 21st century. It will be of great interest to students taking courses in the sociology of culture, media and cultural studies, and publishing. It will also be of great value to professionals in the publishing

industry, educators and policy makers, and to anyone interested in books and their future.

The Defeat of the Mind Alain Finkelkraut.1995 The Defeat of the Mind examines the opposition to Enlightenment thought from the eighteenth century to the present. Finkelkraut asserts that the ostensibly progressive cast of third world anticolonial and anti-Western sentiment, paradoxically, has its antecedent in Eurocentric sources - chiefly the German romantic concept of the Volksgeist, or spirit of the people. Straightforward and succinct, Finkelkraut draws a line between the idea of culture as an expression of the life of the mind and culture as an expression of national spirit. He deplores the appropriation of the concept of the Volksgeist by ethnic nationalists, who employ the notion in justification of such horrors as the Final Solution in Nazi Germany and the current waves of ethnic cleansing. Equally worrying, he claims, are the seemingly harmless infusions of the Volksgeist into campaigns for ethnic diversity espoused by some social scientists and third world intellectuals. The Defeat of the Mind questions notions of cultural relativism espoused by such intellectual and political leaders as Claude Levi-Strauss and Frantz Fanon. Finkelkraut points to the United Nations and UNESCO - founded to propagate the universalist ideals of Enlightenment Europe, these organizations have co-opted the notion of cultural relativism to a fault, now speaking on behalf of every ethnic prejudice. The objective remained the same, Finkelkraut maintains of this shift in ideology, but to achieve its goal, it was no longer a matter of opening others to reason, but of opening ourselves to the reason of others. Defending values that seem absent from many contemporary frames of reference, the book concludes with a chapter challenging post-modernist thought, for Finkelkraut claims that it equates the value of novels by Flaubert with television movies and lacks concern for the survival of culture and reason.

Religion and Mass Media Daniel A. Stout, Judith M. Buddenbaum.1996-03-21 In the first part, contributors set the framework by describing recent theoretical developments in the sociology of religion and communication theory. Part II provides an overview of certain religious beliefs; Part III looks at audience behavior; Part IV describes specific case studies (including one on rap music); and Part V looks at the changing information environment and the future.

The Craft of Research, Third Edition Wayne C. Booth, Gregory G. Colomb, Joseph M. Williams.2009-05-15 With more than 400,000 copies now in print, The Craft of Research is the unrivaled resource for researchers at every level, from first-year undergraduates to research reporters at corporations and government offices. Seasoned researchers and educators Gregory G. Colomb and Joseph M. Williams present an updated third edition of their classic handbook, whose first and second editions were written in collaboration with the late Wayne C. Booth. The Craft of Research explains how to build an argument that motivates readers to accept a claim; how to anticipate the reservations of readers and to respond to them appropriately; and how to create introductions and conclusions that answer that most demanding question, "So what?" The third edition includes an expanded discussion of the essential early stages of a research task: planning and drafting a paper. The authors have revised and fully updated their section on electronic research, emphasizing the need to distinguish between trustworthy sources (such as those found in libraries) and less reliable sources found with a quick Web search. A chapter on warrants has also been thoroughly reviewed to make this difficult subject easier for researchers. Throughout, the authors have preserved the amiable tone, the reliable voice, and the sense of directness that have made this book indispensable for anyone undertaking a research project.

A Tropical Belle Epoque Jeffrey D. Needell.1987 This book, originally published in 1987, is a socio-cultural analysis of a tropical belle époque: Rio de Janeiro between 1898 and 1914. It relates how the city's elite evolved from the semi-rural, slave-owning patriarchy of the coffee-port seat of a monarchy into an urbane, professional, rentier upper crust dominating the centre of a 'modernising' oligarchical republic. It explores such varied topics as architecture, literature, prostitution, urban reform, the family, secondary schools, and the salon. It evokes a milieu increasingly marked by Europe, demonstrating how French and English culture permeated the lives of elite members who adapted it to their needs and perspectives as a

dominant stratum of relatively recent and varied origin. This exploration of cultural 'dependency' in a unique, cosmopolitan, fin-de-siecle urban culture will also interest those concerned with the broader questions of culture and colonialism during the high tide of European imperialism.

The Black Book of Communism Stéphane Courtois. 1999 This international bestseller plumbs recently opened archives in the former Soviet bloc to reveal the accomplishments of communism around the world. The book is the first attempt to catalogue and analyse the crimes of communism over 70 years.

Six Walks in the Fictional Woods Umberto Eco. 1998-07-21 In this exhilarating book, we accompany Umberto Eco as he explores the intricacies of fictional form and method. Using examples ranging from fairy tales and Flaubert, Poe and Mickey Spillane, Eco draws us in by means of a novelist's techniques, making us his collaborators in the creation of his text and in the investigation of some of fiction's most basic mechanisms.

Centuries of Childhood Philippe Ariès. 1979 In this book, Ariès surveys children and their place in family life from the Middle Ages to the end of the 18th century.

The Interpretation of Cultures Clifford Geertz. 2017-08-15 In *The Interpretation of Cultures*, the most original anthropologist of his generation moved far beyond the traditional confines of his discipline to develop an important new concept of culture. This groundbreaking book, winner of the 1974 Sorokin Award of the American Sociological Association, helped define for an entire generation of anthropologists what their field is ultimately about.

Classics and the Uses of Reception Charles Martindale, Richard F. Thomas. 2008-04-15 This landmark collection presents a wide variety of viewpoints on the value and role of reception theory within the modern discipline of classics. A pioneering collection, looking at the role reception theory plays, or could play, within the modern discipline of classics. Emphasizes theoretical aspects of reception. Written by a wide range of contributors from young scholars to established figures, from Europe, the UK and the USA. Draws on material from many different fields, from translation studies to the visual arts, and from politics to performance. Sets the agenda for classics in the future.

History and Memory Jacques Le Goff. 1992 In this brilliant meditation on conceptions of history, Le Goff traces the evolution of the historian's craft. Examining real and imagined oppositions between past and present, ancient and modern, oral and written history, *History and Memory* reveals the strands of continuity that have characterized historiography from ancient Mesopotamia to modern Europe.

How to Do Theory Wolfgang Iser. 2005-08-26 This succinct introduction to modern theories of literature and the arts demonstrates how each theory is built and what it can accomplish. Represents a wide variety of theories, including phenomenological theory, hermeneutical theory, gestalt theory, reception theory, semiotic theory, Marxist theory, deconstruction, anthropological theory, and feminist theory. Uses classic literary texts, such as Keats's *Ode on a Grecian Urn*, Spenser's *The Shepheard's Calender* and T. S. Eliot's *The Waste Land* to illustrate his explanations. Includes key statements by the major proponents of each theory. Presents the different theories objectively, allowing students to decide which if any, they subscribe to. Gives students a sense of the potential of theory. Includes a glossary of technical terms.

The Making of an Enterprise Dauril Alden. 1996 Based on more than two decades of research conducted on five continents, this monumental work focuses on the activities of members of the Society of Jesus from its foundation to the eve of its expulsion from the Portuguese world. A second

volume will examine the Order's expulsion, the fate of its members, and the disposition of its assets in Portugal and her empire from 1750 to 1808. The present volume begins with the Society's introduction to Portugal and traces its expansion throughout what the Society defined as the Portuguese Assistancy, a vast complex of administrative units that included the kingdom of Portugal and her empire plus portions of the Indian subcontinent, Japan, China, the Indonesian archipelago, and Ethiopia. Though it fully describes the evangelical and educational activities of the Jesuits, the book emphasizes their political relations with Portuguese and indigenous leaders, the founding of their major training facilities, the development of their economic infrastructure, their activities as governmental administrators for the Portuguese in India and China, and their role in Portugal's unsuccessful attempts to preserve her eastern empire and to revive Brazil after the Dutch occupation (1630-1654). Throughout, the author makes insightful comparisons between the Jesuits and their peers in various parts of the Portuguese Assistancy and between the Jesuits and their monastic predecessors in various parts of Europe, notably France and England.

Diary of an Oxygen Thief Anonymous. 2016-05-23 Hurt people hurt people. Say there was a novel in which Holden Caulfield was an alcoholic and Lolita was a photographer's assistant and, somehow, they met in Bright Lights, Big City. He's blinded by love. She by ambition. *Diary of an Oxygen Thief* is an honest, hilarious, and heartrending novel, but above all, a very realistic account of what we do to each other and what we allow to have done to us.

City Tourism & Culture World Tourism Organization. 2005 This study, commissioned by the World Tourism Organization and the European Travel Commission, focuses on city and city-based cultural tourism which has become increasingly important for national city tourism organizations and institutions in Europe. The study itself, aims to increase knowledge on cultural city trips for the members of the ETC, (representing National Tourist Organizations in 33 European countries), city tourist offices, and WTO members. The study offers a conceptual framework that can be used for marketing, communication and product development purposes.

The Pleasures of Reading in an Age of Distraction Alan Jacobs. 2011-05-26 In recent years, cultural commentators have sounded the alarm about the dire state of reading in America. Americans are not reading enough, they say, or reading the right books, in the right way. In this book, Alan Jacobs argues that, contrary to the doomsayers, reading is alive and well in America. There are millions of devoted readers supporting hundreds of enormous bookstores and online booksellers. Oprah's Book Club is hugely influential, and a recent NEA survey reveals an actual uptick in the reading of literary fiction. Jacobs's interactions with his students and the readers of his own books, however, suggest that many readers lack confidence; they wonder whether they are reading well, with proper focus and attentiveness, with due discretion and discernment. Many have absorbed the puritanical message that reading is, first and foremost, good for you--the intellectual equivalent of eating your Brussels sprouts. For such people, indeed for all readers, Jacobs offers some simple, powerful, and much needed advice: read at whim, read what gives you delight, and do so without shame, whether it be Stephen King or the King James Version of the Bible. In contrast to the more methodical approach of Mortimer Adler's classic *How to Read a Book* (1940), Jacobs offers an insightful, accessible, and playfully irreverent guide for aspiring readers. Each chapter focuses on one aspect of approaching literary fiction, poetry, or nonfiction, and the book explores everything from the invention of silent reading, reading responsively, rereading, and reading on electronic devices. Invitingly written, with equal measures of wit and erudition, *The Pleasures of Reading in an Age of Distraction* will appeal to all readers, whether they be novices looking for direction or old hands seeking to recapture the pleasures of reading they first experienced as children.

Contemporary Political Philosophy Will Kymlicka.2002 This new edition of Will Kymlicka's best selling critical introduction to contemporary political theory has been fully revised to include many of the most significant developments in Anglo-American political philosophy in the last 11 years, particularly the new debates on political liberalism, deliberative democracy, civic republicanism, nationalism, and cultural pluralism. The book now includes two new chapters on citizenship theory and multiculturalism, in addition to updated chapters on utilitarianism, liberal egalitarianism, libertarianism, Marxism, communitarianism, and feminism. Extended guides to further reading have been added at the end of each chapter, listing the most important books and articles on each school of thought, as well as relevant journals and web sites.--BOOK JACKET.

Modernity and Ambivalence Zygmunt Bauman.2013-05-08 Modern civilization, Bauman argues, promised to make our lives understandable and open to our control. This has not happened and today we no longer believe it ever will. In this book, now available in paperback, Bauman argues that our postmodern age is the time for reconciliation with ambivalence, we must learn how to live in an incurably ambiguous world.

The Cheese and the Worms Carlo Ginzburg.2013-10-15 Offers a study of culture in the sixteenth century as seen through the eyes of one man, the miller known as Menocchio, who was accused of heresy during the Inquisition and sentenced to death. This book illustrates the confusing political and religious conditions of the time--Publisher marketing.

Cosima Grazia Deledda.1991 Cosima tells the story of an aspiring writer growing up in Nuoro, Sardinia during the last decades of the nineteenth century when formal education for women was rare and literary careers unheard-of. Based on Deledda's own life, the work describes a young

woman's struggle against the dismay and disapproval of her family and friends at her creative ambitions. Yet it also reads like a charming fable with details of family life, rural traditions and wild bandits, and it is as much a novel of memory as of character or action. Deledda's characters are poor country folk driven by some predetermined force. Their loves are tragic, their lives as hard and as rigidly controlled as nature itself in the hills of Sardinia. Deledda creates memorable figures who play out their lives against this backdrop of mountains and bare plains, sheepfolds and vineyards. Shimmering in the distance is the sea and escape - for a few - to the Continent or America. In 1926 Grazia Deledda became the second woman and the second Italian to receive the Nobel Prize for Literature. She wrote thirty-three novels, including *Reeds in the Wind*, and many books of short stories, almost all set on Sardinia. Her work has become well known to English-speaking readers through Martha King's translations for Italica Press.

Church: Charism and Power Leonardo Boff.2012-01-30 Why the furor over this book? Why was *Church: Charism and Power* the subject of a Vatican inquiry? The reason, ironically enough, has little to do with its alleged use of Marxist thought, but rather with its critical understanding of the church in the light of the gospel. *Church: Charism and Power* is a provocative, devastating critique of the ways in which power, sacred power, is controlled and exercised in the Roman Catholic Church. It is a militant book, a radical book, but it is by no means defective in orthodoxy. In fact, with all its criticism it offers a brilliant defense of the historical claims of Roman Catholicism. Its central thesis argues that since the fourth century the church has fallen victim to a kind of power that has nothing to do with the gospel and everything to do with the dynamics of power with all of its inevitable abuses. This historical reality, enshrined in the monarchical model of the church, was undermined at the Second Vatican Council and replaced by that of the church as people of God. This 'laical' model is closely allied in Boff's exposition with the notion of the church as sacrament of the Holy Spirit: the church as sign and instrument of the now living and risen Christ, that is the Holy Spirit. A pneumatic ecclesiology such as this would lead the church back to its primitive dynamics of community, cooperation, and charism. It would create a church in which everyone shared equally and where flexible and appropriate ministries conformed to needs as they arose. Is such a church possible? Is it not simply the utopian dream of idealists and sectarians down through the ages? No, says Father Boff, given the incredible growth throughout Latin America of *comunidades eclesiales de base*, base communities, where the people express and achieve their desire for participation and where the hierarchy divests itself of its titles and ecclesiastical baggage, creating a common desire for community and equality. This model of the church has acquired an unexpected historical possibility: the new church is in the process of being born. This church, the church being born from the faith of the poor, has rediscovered for itself--and for the church universal--the living presence of the dangerous memory of Jesus Christ.

The Language Police Diane Ravitch.2007-12-18 If you're an actress or a coed just trying to do a man-size job, a yes-man who turns a deaf ear to some sob sister, an heiress aboard her yacht, or a bookworm enjoying a boy's night out, Diane Ravitch's internationally acclaimed *The Language Police* has bad news for you: Erase those words from your vocabulary! Textbook publishers and state education agencies have sought to root out racist, sexist, and elitist language in classroom and library materials. But according to Diane Ravitch, a leading historian of education, what began with the best of intentions has veered toward bizarre extremes. At a time when we celebrate and encourage diversity, young readers are fed bowdlerized texts, devoid of the references that give these works their meaning and vitality. With forceful arguments and sensible solutions for rescuing American education from the pressure groups that have made classrooms bland and uninspiring, *The Language Police* offers a powerful corrective to a cultural scandal.

O Professor Jeremias Léo Vaz.1920

Encyclopedia of Latin American Literature Verity Smith.1997-03-26 A comprehensive, encyclopedic guide to the authors, works, and topics crucial to the literature of Central and South America and the Caribbean, the *Encyclopedia of Latin American Literature* includes over 400 entries

written by experts in the field of Latin American studies. Most entries are of 1500 words but the encyclopedia also includes survey articles of up to 10,000 words on the literature of individual countries, of the colonial period, and of ethnic minorities, including the Hispanic communities in the United States. Besides presenting and illuminating the traditional canon, the encyclopedia also stresses the contribution made by women authors and by contemporary writers. Life in Fragments Zygmunt Bauman.1995-06-12 Life in Fragments is a continuation of the themes and motifs explored in Zygmunt Bauman's acclaimed study, Postmodern Ethics (Blackwell, 1993). Described by Richard Sennett as a major event in social theory, Postmodern Ethics subverted the pieties of subversion which rule the postmodern imagination, arguing for an ethic of being with the Other, beyond the fashionable imperative of anything goes or the deconstruction of identity through difference.

The Late Age of Print Theodore G. Striphos,Ted Striphos.2011 Here, the author assesses our modern book culture by focusing on five key elements including the explosion of retail bookstores like Barnes & Noble and Borders, and the formation of the Oprah Book Club.

The Jews in Mussolini's Italy Michele Sarfatti.2006 Provides a comprehensive history from the rise of fascism in 1922 to its defeat in 1945. The author uses statistical evidence to document how the Italian social climate changed from relatively just to irredeemably prejudicial. He demonstrates that Rome did not simply follow the lead of Berlin.

The Foundations of Deliberative Democracy Jürg Steiner.2012-06-21 Examines the interplay between the normative and empirical aspects of the deliberative model of democracy.

Cervantes and the Burlesque Sonnet Adrienne Laskier Martin.2021-01-08 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1991.

The Amazon Euclides da Cunha.2006-11-06 In the eight pieces that make up Land Without History, first published in Portuguese in 1909, Euclides da Cunha offers a rare look into twentieth century Amazonia, and the consolidation of South American nation states. Mixing scientific jargon and poetic language, the essays in Land Without History provide breathtaking descriptions of the Amazonian rivers and the ever-changing nature that surrounds them. Brilliantly translated by Ronald Sousa, Land Without History offers a view of the ever changing ecology of the Amazon, and a compelling testimony to the Brazilian colonial enterprise, and its imperialist tendencies with regard to neighboring nation-states.
