*Shared Idioms, Sacred Symbols, and the Articulation of Identities in South Asia* Kelly Pemberton,Michael Nijhawan.2009-01-13 How do text, performance, and rhetoric simultaneously reflect and challenge notions of distinct community and religious identities? This volume examines evidence of shared idioms of sanctity within a larger framework of religious nationalism, literary productions, and communalism in South Asia. Contributors to this volume are particularly interested in how alternative forms of belonging and religious imaginations in South Asia are articulated in the light of normative, authoritative, and exclusive claims upon the representation of identities. Building upon new and extensive historiographical and ethnographical data, the book challenges clear-cut categorizations of group identity and points to the complex historical and contemporary relationships between different groups, organizations, in part by investigating the discursive formations that are often subsumed under binary distinctions of dominant/subaltern, Hindu/Muslim or orthodox/heterodox. In this respect, the book offers a theoretical contribution beyond South Asia Studies by highlighting a need for a new interdisciplinary effort in rethinking notions of identity, ethnicity, and religion.

**Drinking from Love's Cup** Rahuldeep Singh Gill.2017 Bhai Gurdas Bhalla (d. 1636 CE) is widely considered the most important non-canonical poet in Sikh history, having shaped the theology and ethics of the tradition for centuries. His poems, which offer an authoritative illustration of Sikh life in the early seventeenth century, defined Sikh identity during a tumultuous period of upheaval. In *Drinking from Love's Cup*, Rahuldeep Gill brings together for the first time a collection of the revered poet's early work, masterfully translated into English, alongside the original Punjabi text. The magic of Gurdas's poetry, says Gill, is the fusion of Islamicate narrative with Indian heroic literature to speak about death, martyrdom, and the spirit's absolution in love. Gill challenges the traditional scholarship surrounding the dates of Gurdas's writing, suggesting that Gurdas wrote his poetry to console the Sikh community when it was in mourning over the execution of the fifth of the Sikh founders, Guru Arjan (d.1606), by agents of the Mughal Empire. Gurdas in his verses immortalized the fifth Guru's role as a martyr and encouraged the faithful to stay involved in the community, resist hegemony, and reinforce Sikh beliefs during the sectarian upheaval. Rhythmic, elegant, and lucid, the poems weave Sikh scripture into the lyrical fabric of Sikh spirituality. Gill brings a contemporary flair to Gurdas's moving stanzas and in his commentary unearths fresh insights about his life and context.

*Death and Religion in a Changing World* Kathleen Garces-Foley.2022-06-01 *Death and Religion in a Changing World* is a comprehensive and accessible study of the intersection of death and religion, examining how everyday people enact religious responses to death in the twenty-first century. With contributions from leading religious studies scholars, this book moves away from the field’s focus on traditional beliefs to explore how religious traditions evolve in relation to their changing social contexts. Employing an ethnographic approach, *Death and Religion in a Changing World* further details how people from a wide variety of religious traditions and people without religious affiliation draw on and adapt religious practices as they respond to death in modern societies. Every chapter in this second edition has been thoroughly updated and new chapters on the ethical issues of dying, including life-prolonging medical treatments, palliative care, physician-assisted suicide and euthanasia, and the modern hospice movement have been added. This book also covers emerging social and religious phenomena, such as public shrines, the Covid-19 pandemic, funeral celebrants, death with dignity, spiritual bereavement groups, and online funeral practices. This cutting-edge work is essential reading for students and scholars of religion who are approaching the subjects of death and religion, and ritual studies.

*Sacred Games* Vikram Chandra.2011-03-03 An enormously satisfying, exciting and enriching book, Vikram Chandra's novel draws the reader deep into the lives of detective Sartaj Singh and Ganesh Gaitonde, the most wanted gangster in India. Sartaj, the only Sikh inspector in the whole of Mumbai, is used to being identified by his turban, beard and the sharp cut of his trousers. But 'the silky Sikh' is now past forty, his marriage is over and his career prospects are on the slide. When Sartaj gets an anonymous tip off as to the secret hideout of the legendary boss of the G-company, he's determined that he'll be the one to collect the prize. This is a sprawling, epic novel of friendships and betrayals, of terrible violence, of an astonishing modern city and its underworld. Drawing on the best of Victorian fiction, mystery novels, Bollywood movies and Vikram Chandra's years of first hand research on the streets of Mumbai, this novel reads like a potboiling page-turner but resonates with the intelligence and emotional depth of the best of literature.

**The Sikh Zafar-namah of Guru Gobind Singh** Louis E. Fenech. 2013-02-07 Louis E. Fenech offers a compelling new examination of one of the only Persian compositions attributed to the tenth Sikh Guru, Guru Gobind Singh (1666-1708): the Zafar-namah or 'Epistle of Victory.' Written as a masnavi, a Persian poem, this letter was originally sent to the Mughal emperor Aurangzeb (d. 1707) rebuking his most unbecoming conduct. Incredibly, Guru Gobind Singh's letter is included today within the Sikh canon, one of only a very small handful of Persian-language texts granted the status of Sikh scripture. As such, its contents are sung on special Sikh occasions. Perhaps equally surprising is the fact that the letter appears in the tenth Guru's book or the Dasam Granth in the standard Gurmukhi script (in which Punjabi is written) but retains its original Persian language, a vernacular few Sikhs know. Drawing out the letter's direct and subtle references to the Iranian national epic, the Shah-namah, and to Shaikh Sa'di's thirteenth-century Bustan, Fenech demonstrates how this letter served as a form of Indo-Islamic verbal warfare, ensuring the tenth Guru's moral and symbolic victory over the legendary and powerful Mughal empire. Through analysis of the Zafar-namah, Fenech resurrects an essential and intriguing component of the Sikh tradition: its Islamicate aspect.

The Death of Sacred Texts Kristina Myrvold. 2016-03-09 The Death of Sacred Texts draws attention to a much neglected topic in the study of sacred texts: the religious and ritual attitudes towards texts which have become old and damaged and can no longer be used for reading practices or in religious worship. This book approaches religious texts and scriptures by focusing on their physical properties and the dynamic interactions of devices and habits that lie beneath and within a given text. In the last decades a growing body of research studies has directed attention to the multiple uses and ways people encounter written texts and how they make them alive, even as social actors, in different times and cultures. Considering religious people seem to have all the motives for giving their sacred texts a respectful symbolic treatment, scholars have paid surprisingly little attention to the ritual procedures of disposing and renovating old texts. This book fills this gap, providing empirical data and theoretical analyses of historical and contemporary religious attitudes towards, and practices of text disposals within, seven world religions: Judaism, Islam, Christianity, Hinduism, Buddhism, Jainism and Sikhism. Exploring the cultural and historical variations of rituals for religious scriptures and texts (such as burials, cremations and immersion into rivers) and the underlying beliefs within the religious traditions, this book investigates how these religious practices and stances respond to modernization and globalization processes when new technologies have made it possible to mass-produce and publish religious texts on the Internet.

**Sikhism** Nikky-Guninder Kaur Singh. 2011-02-22 Almost from the moment, some five centuries ago, that their religion was founded in the Punjab by Guru Nanak, Sikhs have enjoyed a distinctive identity. This sense of difference, forged during Sikhism's fierce struggles with the Mughal Empire, is still symbolised by the 'Five Ks' ('panj kakar', in Punjabi), those articles of faith to which all baptised Sikhs subscribe: uncut hair bound in a turban; comb; special undergarment; iron bracelet and dagger (or kirpan) - the unique marks of the Sikh military fraternity (the word Sikh means 'disciple' in Punjabi). Yet for all its ongoing attachment to the religious symbols that have helped set it apart from neighbouring faiths in South Asia, Sikhism amounts to far more than just signs or externals. Now the world's fifth largest religion, with a significant diaspora especially in Britain and North America, this remarkable monotheistic tradition commands the allegiance of 25 million people, and is a global phenomenon. In her balanced appraisal, Nikky-Guninder Kaur Singh reviews the history, theology and worship of a community poised between reconciling its hereditary creeds and certainties with the fast-paced pressures of modernity. She outlines and explains the core Sikh beliefs, and explores the writings and teachings of the Ten Sikh Gurus in Sikhism's Holy Scriptures, the Sri Guru Granth Sahib (more usually called just the 'Granth'). Further chapters explore Sikh ethics, art and architecture, and matters of gender and the place of women in the tradition. The book attractively combines the warm empathy of a Sikh with the objective insights and acute perspectives of a prominent scholar of religion.

**The Oxford Handbook of Sikh Studies** Pashaura Singh, Louis E. Fenech. 2014-03-27 The Oxford Handbook of Sikh Studies innovatively combines the ways in which scholars from fields as diverse as philosophy, psychology, religious studies, literary studies, history, sociology, anthropology, political science, and economics have integrated the study of Sikhism within a wide range of critical and postcolonial perspectives on the nature of religion, violence, gender, ethno-nationalism, and revisionist historiography. A number of essays within this collection also provide a more practical dimension, written by artists and practitioners of the tradition. The Handbook is divided into eight thematic sections that explore different 'expressions' of Sikhism. Historical, literary, ideological, institutional, and artistic expressions are considered in turn, followed by discussion of Sikhs in the Diaspora, and of caste and gender in the Panth. Each section begins with an essay by a prominent scholar in the field, providing an overview of the topic. Further essays provide detail and further treat the fluid, multivocal nature of both the Sikh past and the present. The Handbook concludes with a section considering future directions in Sikh Studies.

**Asian Traditions of Meditation** Halvor Eifring. 2018-01-31 Meditation has flourished in different parts of the world ever since the foundations of the great civilizations were laid. It played a vital role in the formation of Asian cultures that trace much of their heritage to ancient India and China. This volume brings together for the first time studies of the major traditions of Asian meditation as well as material on scientific approaches to meditation. It delves deeply into the individual traditions while viewing each of them from a global perspective, examining both historical and generic connections between meditative practices from numerous historical periods and different parts of the Eurasian continent. It seeks to identify the cultural and historical peculiarities of Asian schools of meditation while recognizing basic features of meditative practice across cultures, thereby taking the first step toward a framework for the comparative study of meditation. The book, accessibly written by scholars from several fields, opens with chapters that discuss the definition and classification of meditation. These are followed by contributions on Yoga and Tantra, which are often subsumed under the broad label of Hinduism; Jainism and Sikhism, Indian traditions not usually associated with meditation; Buddhist approaches found in Southeast Asia, Tibet, and China; and the indigenous Chinese traditions, Daoism and Neo-Confucianism. The final chapter explores recent scientific interest in meditation, which, despite its Western orientation, remains almost exclusively concerned with practices of Asian origin. Until a few years ago a major obstacle to the study of specific meditation practices within the traditions explored here was a widespread scholarly orientation that prioritized doctrinal issues and sociocultural contexts over actual practice. The contributors seek to counter this bias and supplement concerns over doctrine and context with the historical study of meditative practice. Asian Traditions of Meditation will appeal broadly to readers interested in meditation, mindfulness, and spirituality and those in the emerging field of contemplative education, as well as students and scholars of Asian and religious studies.

*Networks, Labour and Migration among Indian Muslim Artisans* Thomas Chambers .2020-04-30 *Networks, Labour and Migration among Indian Muslim Artisans* provides an ethnography of life, work and migration in a North Indian Muslim-dominated woodworking industry. It traces artisanal connections within the local context, during migration within India, and to the Gulf, examining how woodworkers utilise local and transnational networks, based on identity, religiosity, and affective circulations, to access resources, support and forms of mutuality. However, the book also illustrates how liberalisation, intensifying forms of marginalisation and incorporation into global production networks have led to spatial pressures, fragmentation of artisanal labour, and forms of enclavement that persist despite geographical mobility and connectedness. By working across the dialectic of marginality and connectedness, Thomas Chambers thinks through these complexities and dualities by providing an ethnographic account that shares everyday life with artisans and others in the industry. Descriptive detail is intersected with spatial scales of 'local', 'national' and 'international', with the demands of supply chains and labour markets within India and abroad, with structural conditions, and with forms of change and continuity. Empirically, then, the book provides a detailed account of a specific locale, but also contributes to broader theoretical debates centring on theorisations of margins, borders, connections, networks, embeddedness, neoliberalism, subjectivities, and economic or social flux.

**In the Wake of Disaster** Ayesha Siddiqi.2019-04-30 What is the state's responsibility to its people in the aftermath of a natural hazard based disaster? The book sets out to address this seemingly simple question, after large scale floods devastated Pakistan in 2010 and then again in 2011. Along the way it delves into rich detail about people's everyday encounters with the state in Pakistan, uncovers postcolonial discourses on rights of citizenship and dispels mainstream understanding of Islamist groups as presenting an alternative development paradigm to the state. Based on detailed ethnographic fieldwork, *In the Wake of the Disaster* forces the reader to look beyond narratives of Pakistan as the perennial 'failing state' falling victim to an imminent 'Islamist takeover'. The book shifts the conversation from hysteria and sensationalism surrounding Pakistan to the everyday. In doing so it transforms our understanding of contemporary disasters.
