Neon Angel Cherie Currie,Tony O'Neill.2011-03-29 At the tender age of fifteen, groundbreaking lead singer Cherie Currie joined a group of talented girls—Joan Jett and Lita Ford on guitar, Jackie Fox on bass, and Sandy West on drums—who could rock like no one else. Arriving on the Los Angeles music scene in 1975, The Runaways catapulted from playing small clubs to selling out major stadiums—headlining shows with opening acts like the Ramones, Van Halen, Cheap Trick, and Blondie while riding a wave of hit songs and platinum albums, and touring the world. A shocking, funny, and touching re-creation of a bygone era of rock and roll that chronicles the Runaways' rise to fame and ultimate demise, Neon Angel is also an intensely personal account of Currie's struggles with drugs, sexual abuse, and violence in a decadent, high-pressure music scene—a world of uncontrolled excess where she and her unsupervised bandmates had to grow up fast and experience things that no teenage girls should.

Perou / Hyde: Tunnel Vision .2021-10-26 A passion project from celebrated portrait photographer Perou with accompanying text from Karl Hyde of dance music duo Underworld, Tunnel Vision is a hypnotic portrait of England's underpasses. Photographed at night, you can almost hear the ominous hum of the broken strip-lighting, the knot of fear in the gut, the prickling silence of these desolate, urban landscapes. These unloved spaces are notoriously menacing, graffiti-ridden, inconvenient and prone to flooding. Yet

through Perou's lens, the architecture is also elevated to something beyond itself, at times even ethereal.

Marilyn Manson Kurt Reighley.2015-09-22 For the public, the triumph of Marilyn Manson happened in the blink of an eye, beginning with the debut of their 1994 Album Portrait of an American Family, an event which led to a cover on Rolling Stone and the group's MTV smash Sweet Dreams. This biography offers an all-encompassing look at the success of this controversial band.

You're Making Me Hate You Corey Taylor.2015-07-07 New York Times bestselling lead singer of Slipknot and Stone Sour's hilarious trawl through the endless backwaters of human stupidity Corey Taylor has had it. Had it with the vagaries of human behavior and life in this postmodern digital blanked-out waiting room that passes for a world. Reality TV, awful music, terrible drivers, megamalls, airports, family reunions, bad fashion choices, other people's monstrous children, and badly-behaved adult human beings are warping life in the twenty-first century into an often-unbearable endurance test of one's patience, fortitude, and faith. Funny, profane, blasphemous, and above all right on target, You're Making Me Hate You is pure Corey Taylor unleashed, exposing the underbelly of human depravity in all its ragged glory.

Seven Deadly Sins Corey Taylor.2012-07-03 For the first time, Slipknot and Stone Sour frontman Corey Taylor speaks directly to his fans and shares his worldview about life as a sinner. And Taylor knows how to sin. As a small-town hero in the early '90s, he threw himself into a fierce-drinking, drug-abusing, hard-loving, live-for-the moment life. Soon Taylor's music exploded, and he found himself rich, wanted, and on the road. His new and ever-more extreme lifestyle had an unexpected effect, however; for the first time, he began to actively think about what it meant to sin and whether sinning could--or should--be recast in a different light. Seven Deadly Sins is Taylor's personal story, but it's also a

larger discussion of what it means to be seen as either a good person or a bad one. Yes, Corey Taylor has broken the law and hurt people, but, if sin is what makes us human, how wrong can it be?

Godlis Streets .2020 David Godlis captures the grit and grandeur of 1970s-'80s New York City in his street photography. When he is on the street armed with his camera, photographer David Godlis (born 1951) describes himself as a gunslinger and a guitar picker all in one. Ever since he bought his first 35mm camera in 1970, Godlis has made it his mission to capture the world on film just as it appears to him in reality. Godlis is most famous for his images of the city's punk scene and serving as the unofficial official photographer for the Film Society of Lincoln Center. For 40 years, his practice has also consisted of walking around the streets of New York City and shooting whatever catches his eye: midnight diner patrons, stoop loiterers, commuters en route to the nearest subway station. With an acute sense of both humor and pathos, Godlis frames everyday events in a truly arresting manner. This publication presents Godlis' best street photography from the 1970s and '80s in a succinct celebration of New York's past. The book is introduced by an essay written by cultural critic Luc Sante and closes with an afterword written by Blondie cofounder and guitarist Chris Stein.

Gered Mankowitz: Goin' Home with the Rolling Stones '66 Gered Manowitz.2020-10-27 The Stones at home and unplugged by official Stones photographer Gered Mankowitz. By the start of 1966, the Rolling Stones' position as rock gods was established.

They were making serious money and splashing out on new homes and cars. Their official photographer and friend, Gered Mankowitz, was invited to shoot an at home session with each member of the band. They hated the idea of unknown photographers visiting their private sanctuaries ... If I did it then the press office would have a large selection of this type of image and could fulfil any magazine request without having to bother the band. Mankowitz kept these photographs in supermarket carrier bags stashed under his desk for several years, getting in my way and frequently wondering why I continued to hold on to them. This is the first time these sessions have been collated and published. The book includes both iconic and unseen photographs: Mick in a kipper tie turning on his new television and posing outside with a new Aston Martin; Keith, Lord of the Manor-style, with his blue Bentley and antique sword at his East Sussex home; Charlie grinning next to lingerie drying in the garden; Brian in obligatory silk shirt in front of a handpainted mural; Bill in the kitchen with his dog. Goin' Home with the Rolling Stones '66 is a beguiling collection of images, shot with incredible skill, that offers that rare thing in Stones photography-- a fresh perspective. It features an introduction by Mankowitz and a foreword from the Rolling Stones' legendary manager, Andrew Loog Oldham.

Marilyn Manson Doug Small. 2007 Marilyn Manson emerged from the swamplands of Southern Florida to take the Nineties music scene by the throat, garnering chart success and critical acclaim while simultaneously whipping the moral majority into such a frenzy they were late to church. Fast-forward to 2007 and Manson hasn't loosened his grip, with his latest in an impressive string of hit albums, *Eat Me, Drink Me*, set to sustain his stranglehold. Ever since *Antichrist Superstar* hit the unsuspecting U.S. charts with a Number Three debut back in 1996, Manson has been waging a full-on war against conservative groups whose hysterical cries of outrage against the rock star they've mistaken

for Satan have ensured that barely a date on world tour after world tour has gone by without protest, controversy, or cancellation. When the finger was pointed at him in the wake of the Columbine shootings, he chose to use his prominence as Public Enemy Number One to advocate freedom of expression and the importance of art and individualism. The uproar persists, but Manson has proven himself to be a provocateur who can be relied upon to create ever-evolving and enduring art. Here are all of the down and dirty details of the band whose goal is to be the musical equivalent of shouting âFire!â in a crowded theatre. From Marilyn Manson and the Spooky Kidsâ formation in 1989 and their early gigs, through the progression of the bandâs sound and lineup to Mansonâs present-day incarnation as artist, actor, writer, director, and musician, this book is a must-read for anyone inspired by the inimitable Marilyn Manson.

[Dissecting Marilyn Manson](#) Gavin Baddeley.2015-06-29 In *Dissecting Marilyn Manson*, author Gavin Baddeley performs a cultural autopsy upon Manson, examining the seminal influences and psychotic sources that have gone into making him the Frankenstein monster that he is today. With its heavily visual

approach, the text and pictures create the impression of a pathological scrapbook, emphasising the idea of the performer being put under the knife, exploring the Manson mythos in an irreverent but authoritative manner. Each chapter exposes one gruesome angle after another, gradually revealing just what makes Marilyn Manson tick and why so many find him so compelling. Dissecting Marilyn Manson offers the legion of dedicated Manson fans an alternative look into his macabre and twisted world. This revised and updated edition continues dissecting up to the present day, analysing recent developments in Manson's professional and private life, including his recent high-profile court case, marriage to fetish model Dita Von Teese, and creative forays into the worlds of art and film.

Thee Psychick Bible Genesis Breyer P-Orridge, Derek Jarman. 2009-06 The Temple of Psychick Youth has been seen by some as a group of low-minded degenerates and by others as a cultural phenomenon that influenced underground youth culture in the 1980s and 1990s. Kelley's photograph has become one of the most viewed nudes in history and, as Norman Mailer wrote, is 'breathhtakingly beautiful'. This is just one photo from a vast, unseen archive. This exquisite volume offers a complete first look at Kelley's visionary photography of the 1940s-70s.

Art that Kills George Petros. 2011-01-31 ART THAT KILLS examines the point where art meets crime. The book documents a diabolical era, 1984-2001. It chronicles the evolution of a new aesthetic movement, a terrifying fringe of Underground Art where enlightenment and depravity combined. Murder, rape, torture, perversion, cannibalism, drugs, sedition, racism and blasphemy mixed with literature, history, politics, news, movies, TV, punk rock, philosophy and science. The book profiles a pantheon of dissidents and deviants, presents excerpts from their work, re-lives their crimes, and attempts to analyze an elusive era. The scene described herein is essentially the second generation of American Underground Art (the first generation ran from '66 through the 70s). All varieties of taboos and criminal advocacy found confluence, beyond confrontation or shock. Pure sadism drove it. Sexual psychosis flavored it. Frustration with politics, big business and mass entertainment fueled it. This is art that kills. NEW EXPANDED AND REVISED EDITION INCLUDES: 32 extra pages. New sections featuring John Waters, H.R. Giger, Glenn Danzig, Twiggy Ramirez, Madonna Wayne Gacy and the musician David E. Williams. Lisa Carver of Rollerderby magazine and the painter Stu Mead have their own sections (they

previously were included as one-page entries). Type O Negative, Jack-Off Jill, and Glen Benton of Deicide have been added to the Soundtrack section. Graphic artist Steven Leyba has been added to the Gallery. The section featuring Kenneth Anger has been expanded. Previous errors have been amended, making this new edition the definitive document of aesthetic terror.

Boys Keep Swinging Jake Shears. 2018-02-20 In this “exhilarating yet poignant account of one boy taking flight” (Shelf Awareness, starred review), one of rock music’s most entrancing figures transforms the vividness of his musical world into an unforgettable literary account of overcoming the odds and finding his true voice. Long before hitting the stage as the lead singer of the iconic glam rock band Scissor Sisters, Jake Shears was Jason Sellards, a teenage boy living a fraught life, resulting in a difficult time in high school as his classmates bullied him and few teachers showed sympathy. It wasn’t until years later, while living and studying in New York City, that Jason would find his voice as an artist and, with a group of friends and musicians who were also thirsting for stardom and freedom, form the band Scissor Sisters. First performing in the smoky gay nightclubs of New York, then finding massive success in the United Kingdom, Scissor Sisters would become revered by the LGBTQ community, sell out venues worldwide, and win multiple accolades with hits like “Take Your Mama” and “I Don’t Feel Like Dancin’,” as well as their cult-favorite cover of Pink Floyd’s “Comfortably Numb.” “Brutally honest” (Elton John), candid, and courageous, Shears’s writing sings with the same powerful, spirited presence that he brings to his live performances. *Boys Keep Swinging* is “a wild, sexy, emotional ride through underground New York at the millennium. From the fringes to the top, it’s a tale that speaks to the outsider in all of us” (Andy Cohen).

Darkly Leila Taylor.2019-11-12 A fascinating journey into the dark heart of the American gothic that analyzes its connections to race and racism in 21st-century America Haunted houses, bitter revenants and muffled heartbeats under floorboards—the American gothic is a macabre tale based on a true story. Part memoir and part cultural critique, Darkly explores American culture’s inevitable gothicness in the traces left from chattel slavery. The persistence of white supremacy and the ubiquity of Black death feeds a national culture of terror and a perpetual undercurrent of mourning. If the gothic narrative is metabolized fear, if the goth aesthetic is

Arthur Jafa: Magnumb .2021-03-16 An essential overview of Jafa's sweeping, dynamic and disquieting video portraits of Black American life Though he has worked in film and music for decades, American video artist Arthur Jafa only garnered acclaim in the art world in 2016 for his video work Love is the Message, the Message is Death. Composed of found images and videos, his oeuvre revolves around Black American culture, the history of slavery, and ongoing structural and physical violence against Black Americans. As Jafa put it in his 2003 text My Black Death: The central conundrum of black being (the double bind of our ontological existence) lies in the fact that common misery both defines and limits who we are. Such that our efforts to eliminate those forces which constrain also function to dissipate much which gives us our specificity, our uniqueness, our flavor by destroying the binds that define we will cease to be, but this is the good death (boa morte) to be embraced. This essential overview presents Jafa's best-known works, such as Love is the Message, the Message is Death and its 2018 follow-up piece The White Album, alongside never-before-seen projects and essays by

notable scholars. Filmmaker and artist Arthur Jafa (born 1960) grew up in Mississippi, where his lifelong fascination with found imagery manifested in his childhood hobby of assembling binders of photographs culled from various sources. As a cinematographer and director of photography, Jafa has collaborated with Stanley Kubrick, Solange Knowles and Spike Lee, among many others. His work on Julie Dash's 1991 film *Daughters of the Dust* won him the Best Cinematography award at Sundance. At the 2019 Venice Biennale, he was awarded the Golden Lion for *The White Album*. Jafa lives in Los Angeles.

The Rejection of Consequentialism Samuel

Scheffler. 1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always

permitted, but not always required, to produce the best outcomes.
