The Riders Tim Winton.2014-08-04 An exploration of marriage and the rich relationship that can exist between father and daughter, *The Riders* is a gorgeously wrought novel from the award-winning author Tim Winton. After traveling through Europe for two years, Scully and his wife Jennifer wind up in Ireland, and on a mystical whim of Jennifer's, buy an old farmhouse which stands in the shadow of a castle. While Scully spends weeks alone renovating the old house, Jennifer returns to Australia to liquidate their assets. When Scully arrives at Shannon Airport to pick up Jennifer and their seven-year-old daughter, Billie, it is Billie who emerges—alone. There is no note, no explanation, not so much as a word from Jennifer, and the shock has left Billie speechless. In that instant, Scully's life falls to pieces. *The Riders* is a superbly written and a darkly haunting story of a lovesick man in a vain search for a vanished woman. It is a powerfully accurate account of marriage today, of the demons that trouble relationships, of resurrection found in the will to keep going, in the refusal to hold on, to stand still. *The Riders* is also a moving story about the relationship between a loving man and his tough, bright daughter.

The Shepherd's Hut Tim Winton.2018-06-19 From Tim Winton, Australia's most decorated and beloved novelist and the author of *Cloudstreet*, comes *The Shepherd's Hut*, the story of a young man on a thrilling journey of self-discovery in one of the harshest, near-uninhabitable climates on Earth. Tim Winton is Australia's most decorated and beloved novelist. Short-listed twice for the Booker Prize and the winner of a record four Miles Franklin Literary Awards for Best Australian Novel, he has a gift for

language virtually unrivaled among writers in English. His work is both tough and tender, primordial and new—always revealing the raw, instinctual drives that lure us together and rend us apart. In *The Shepherd's Hut*, Winton crafts the story of Jaxie Clackton, a brutalized rural youth who flees from the scene of his father's violent death and strikes out for the vast wilds of Western Australia. All he carries with him is a rifle and a waterjug. All he wants is peace and freedom. But surviving in the harsh saltlands alone is a savage business. And once he discovers he's not alone out there, all Jaxie's plans go awry. He meets a fellow exile, the ruined priest Fintan MacGillis, a man he's never certain he can trust, but on whom his life will soon depend. *The Shepherd's Hut* is a thrilling tale of unlikely friendship and yearning, at once brutal and lyrical, from one of our finest storytellers.

Blueback Tim Winton.2022-10-05 'Winton ... convince s us of the preciousness of our oceans not through lectures but through his characters' steady wonder.' New York Times Abel Jackson's boyhood belongs to a vanishing world. On an idyllic stretch of coast whose waters teem with fish, he lives a simple, tough existence. It's just him and his mother in the house at Longboat Bay, but Abel has friends in the sea, particularly the magnificent old groper he meets when diving. As the years pass, things change, but one thing seems to remain constant- the greed of humans. When the modern world comes to his patch of sea, Abel wonders what can stand in its way. Blueback is a deceptively simple allegory about a boy who matures through fortitude and who finds wisdom through living in harmony with all forms of life. 'In true fable style, this is a simple story, but one so beautiful, poignant and moving it is impossible to ignore.' Daily Telegraph

Shallows Tim Winton. 2012-09-14 Tim Winton's first Miles Franklin-winner, *Shallows* revolves around the ruthless commerce of whaling, and Queenie Cookson, who joins the fight to end it. Whales have always been the life-force of Angelus, a small town on the south coast of Western Australia. Their annual passing defines the rhythms of a life where little changes, and the town depends on their carcasses. So when the battle begins on the beaches outside their town, and when Queenie Cookson, a local girl, joins the Greenies to make amends for the crimes of her whaling ancestors, it can only throw everything into chaos. mornings, in the water; the wind would drive him indoors in the afternoons, to books and reading. This ebb and flow of the day became a way of life. In this beautifully delicate memoir, Winton writes about his obsession with what happens where the water meets the shore - about diving, dunes, beachcombing - and the sense of being on the precarious, wondrous edge of things that haunts his novels. 'In this record of a life-long love affair with the sea, Tim Winton's prose ripples, shimmers and surges with awe and respect for how the ocean has not only sustained him physically and emotionally but determined the very rhythms of his life.' Fiona Capp, *The Age* 'Winton's homage to the ocean and his childhood . . . A book to return to again and again.' Bush, City, Cyberspace John Foster, Ern Finnis, Maureen Nimon. 2005-06-01 Aimed at academic, professional and general readers, *Bush, city, cyberspace* provides a snapshot of the state of Australian children's and adolescent literature in the early twenty-first century, and an insight into its history. In doing so, it promotes a sense of where Australian literature for young people may be going and captures a literary and critical mood with which readers in Australia and beyond will identify. The title of the work is intended to capture the fact that the field has changed dramatically in the century and a half that 'Australian children's literature' has existed, from the bush myths and heroism that inform the past and the present, through the recognition that the vast majority of authors and readers live in cities, to the third wave of 'cyberliterature' that incorporates multimedia, hypertext, weblinks and e-books - none of which lessens the enduring enthusiasm of practitioners and readers for books. *Bush, city, cyberspace* is not meant to be an encyclopedic volume. Rather, well-known, recent and/or award-winning works have been emphasised, with the addition of others where these help to illuminate particular points. The book is similar in coverage and approach to *Australian Children's Literature: An Exploration of Genre and Theme*, written by the same three authors and published by the Centre for Information Studies in 1995. In the intervening period, much has changed in the field, notable examples including the blurring of the dividing line between 'quality' and 'popular' literature; the blending of genres; the rise of a truly indigenous literature; the demise, to a significant extent, of 'Outbackery' in fiction; the acceptance of multiculturalism as the norm; and the advent of the literature of cyberspace, with new methods, and the sheer speed, of communication between writer and reader. All these trends, and others, are reflected in this work.

Companion to Australian Literature, which now appears in a fully revised and updated second edition, provides a concise but comprehensive account of Australian writing from European settlement in 1788 to 1993. Its chief aim is to present the most important achievements of Australian literature in the major fields of poetry, fiction and drama, but considerable attention has also been paid to non-fictional prose and to the impact on Australian literature of those historical events which served not only as catalysts but also as the subject matter of so much of it. William Wilde and Joy Hooton - building on the 1985 edition which was co-authored by the late Barry Andrews - present an even more diverse record of literary achievement. The new Companion reflects three major changes in the literary culture: the emergence of Aboriginal writing, the increase in and recognition of multicultural writing, and the great increase in women's writing in all genres. The new edition also reflects the substantial research achievements of literary historians, textual critics, bibliographers, biographers and the impact of critical reinterpretations based on such 'new' approaches as feminism and post-colonialism. Every entry has been reappraised and, where necessary, revised and expanded. During the 1980s several Australian writers won international reputations. Many of them - Malouf, Garner, Murray, Jolley, Carey and Williamson - produced some of their key works after the first edition of the Companion was completed, and their entries have been rewritten accordingly. In addition, a new generation of writers has been included - Brett, Halligan, Henshaw, Castro, Grenville, Masters and Hodgins, to name just a few. Reviewing the first edition, A.D. Hope acclaimed it as a 'landmark'. In the greatly expanded second edition, the authors provide a fuller and more contemporary record of the national literature.
