

Native Conquistador Latin American Originals Band

History of the Chichimeca Nation .2019-10-03 A descendant of both Spanish settlers and Nahua (Aztec) rulers, Don Fernando de Alva Ixtlilxochitl (ca. 1578-1650) was an avid collector of indigenous pictorial and alphabetic texts and a prodigious chronicler of the history of pre-conquest and conquest-era Mexico. His magnum opus, here for the first time in English translation, is one of the liveliest, most accessible, and most influential accounts of the rise and fall of Aztec Mexico derived from indigenous sources and memories and written from a native perspective. Composed in the first half of the seventeenth century, a hundred years after the arrival of the Spanish conquerors in Mexico, the History of the Chichimeca Nation is based on native accounts but written in the medieval chronicle style. It is a gripping tale of adventure, romance, seduction, betrayal, war, heroism, misfortune, and tragedy. Written at a time when colonization and depopulation were devastating indigenous communities, its vivid descriptions of the cultural sophistication, courtly politics, and imperial grandeur of the Nahua world explicitly challenged European portrayals of native Mexico as a place of savagery and ignorance. Unpublished for centuries, it nonetheless became an important source for many of our most beloved and iconic memories of the Nahuas, widely consulted by scholars of Spanish American history, politics, literature, anthropology, and art. The manuscript of the History, lost in the 1820s, was only rediscovered in the 1980s. This volume is not only the first-ever English translation, but also the first edition in any language derived entirely from the original manuscript. Expertly rendered, with introduction and notes outlining the

author's historiographical legacy, this translation at long last affords readers the opportunity to absorb the history of one of the Americas' greatest indigenous civilizations as told by one of its descendants.

The Body of the Conquistador Rebecca Earle.2012-04-23 This fascinating history explores the dynamic relationship between overseas colonisation in Spanish America and the bodily experience of eating.

Billboard .1977-03-26 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Indian Conquistadors Laura E. Matthew, Michel R.

Oudijk.2014-02-13 The conquest of the New World would hardly have been possible if the invading Spaniards had not allied themselves with the indigenous population. This book takes into account the role of native peoples as active agents in the Conquest through a review of new sources and more careful analysis of known but under-studied materials that demonstrate the overwhelming importance of native allies in both conquest and colonial control. In *Indian Conquistadors*, leading scholars offer the most comprehensive look to date at native participation in the conquest of Mesoamerica. The contributors examine pictorial, archaeological, and documentary evidence spanning three centuries, including little-known eyewitness accounts from both Spanish and native documents, paintings (lienzos) and maps (mapas) from the colonial period, and a new assessment of imperialism in the region before the Spanish arrival. This new research shows that the Tlaxcalans, the most famous allies of the Spanish, were far from alone. Not only did native lords throughout Mesoamerica supply arms, troops, and tactical guidance, but tens of thousands of warriors—Nahuas, Mixtecs,

Zapotecs, Mayas, and others—spread throughout the region to participate with the Spanish in a common cause. By offering a more balanced account of this dramatic period, this book calls into question traditional narratives that emphasize indigenous peoples' roles as auxiliaries rather than as conquistadors in their own right. Enhanced with twelve maps and more than forty illustrations, *Indian Conquistadors* opens a vital new line of research and challenges our understanding of this important era. Conquistadores Fernando Cervantes.2021-09-14 A sweeping, authoritative history of 16th-century Spain and its legendary conquistadors, whose ambitious and morally contradictory campaigns propelled a small European kingdom to become one of the formidable empires in the world “The depth of research in this book is astonishing, but even more impressive is the analytical skill Cervantes applies. . . . [He] conveys complex arguments in delightfully simple language, and most importantly knows how to tell a good story.” —The Times (London) Over the few short decades that followed Christopher Columbus's first landing in the Caribbean in 1492, Spain conquered the two most powerful civilizations of the Americas: the Aztecs of Mexico and the Incas of Peru. Hernán Cortés, Francisco Pizarro, and the other explorers and soldiers that took part in these expeditions dedicated their lives to seeking political and religious glory, helping to build an empire unlike any the world had ever seen. But centuries later, these conquistadors have become the stuff of nightmares. In their own time, they were glorified as heroic adventurers, spreading Christian culture and helping to build an empire unlike any the world had ever seen. Today, they stand condemned for their cruelty and exploitation as men who decimated ancient civilizations and carried out horrific atrocities in their pursuit of gold and glory. In *Conquistadores*, acclaimed Mexican historian Fernando Cervantes—himself a descendent of one of the conquistadors—cuts through the layers of myth and fiction to help us better understand the context that gave rise to

the conquistadors' actions. Drawing upon previously untapped primary sources that include diaries, letters, chronicles, and polemical treatises, Cervantes immerses us in the late-medieval, imperialist, religious world of 16th-century Spain, a world as unfamiliar to us as the Indigenous peoples of the New World were to the conquistadors themselves. His thought-provoking, illuminating account reframes the story of the Spanish conquest of the New World and the half-century that irrevocably altered the course of history.

Postcolonial Translation Susan Bassnett, Susan Bassnett (S Editor), Harish Trivedi. 2012-10-12 This outstanding collection brings together eminent contributors (from Britain, the US, Brazil, India and Canada) to examine crucial interconnections between postcolonial theory and translation studies. Examining the relationships between language and power across cultural boundaries, this collection reveals the vital role of translation in redefining the meanings of culture and ethnic identity. The essay topics include: * links between centre and margins in intellectual transfer * shifts in translation practice from colonial to post-colonial societies. * translation and power relations in Indian languages * Brazilian cannibalistic theories in literary transfer.

Talking to Strangers Malcolm Gladwell. 2019-09-10 Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller *Outliers*, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? *Talking to Strangers* is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals

taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller *David and Goliath*, Malcolm Gladwell has written a gripping guidebook for troubled times.

Conquistador S. M. Stirling.2004-03-02 "In this luscious alternative universe, sidekicks quote the Lone Ranger and Right inevitably triumphs with panache. What more could adventure-loving readers ask for?"—Publishers Weekly Oakland, 1946. Ex-soldier John Rolfe, newly back from the Pacific, has made a fabulous discovery: A portal to an alternate America where Europeans have never set foot—and the only other humans in sight are a band of very curious Indians. Able to return at will to the modern world, Rolfe summons the only people with whom he is willing to share his discovery: his war buddies. And tells them to bring their families... Los Angeles, twenty-first century. Fish and Game warden Tom Christiansen is involved in the bust of a smuggling operation. What he turns up is something he never anticipated: a photo of authentic Aztec priests decked out in Grateful Dead T-shirts, and a live condor from a gene pool that doesn't correspond to any known in captivity or the wild. It is a find that will lead him to a woman named Adrienne Rolfe—and a secret that's been hidden for sixty years...

Came Men on Horses Stan Hoig.2012-10-15 Guided by myths of golden cities and worldly rewards, policy makers, conquistador leaders, and expeditionary aspirants alike came to the new world in the sixteenth century and left it a changed land. *Came Men on Horses* follows two conquistadors--Francisco Vázquez de

Coronado and Don Juan de Oñate--on their journey across the southwest. Driven by their search for gold and silver, both Coronado and Oñate committed atrocious acts of violence against the Native Americans, and fell out of favor with the Spanish monarchy. Examining the legacy of these two conquistadors Hoig attempts to balance their brutal acts and selfish motivations with the historical significance and personal sacrifice of their expeditions. Rich human details and superb story-telling make *Came Men on Horses* a captivating narrative scholars and general readers alike will appreciate.

The Conquistadors: A Very Short Introduction Matthew Restall, Felipe Fernandez-Armesto. 2012-01-24 This Very Short Introduction examines the Spanish conquistadors who invaded the Americas in the sixteenth century, as well as the Native American Kingdoms they invaded.

The Return of the Native Rebecca Earle. 2007-12-28 The Return of the Native offers a look at the role of preconquest peoples such as the Aztecs and the Incas in the imagination of Spanish American elites in the first century after independence.

Invading Colombia J. Michael Francis. 2015-11-02 In early April 1536, Gonzalo Jiménez de Quesada led a military expedition from the coastal city of Santa Marta deep into the interior of what is today modern Colombia. With roughly eight hundred Spaniards and numerous native carriers and black slaves, the Jiménez expedition was larger than the combined forces under Hernando Cortés and Francisco Pizarro. Over the course of the one-year campaign, nearly three-quarters of Jiménez's men perished, most from illness and hunger. Yet, for the 179 survivors, the expedition proved to be one of the most profitable campaigns of the sixteenth century. Unfortunately, the history of the Spanish conquest of Colombia remains virtually unknown. Through a series of firsthand primary accounts, translated into English for the first time, *Invading Colombia* reconstructs the compelling tale of the Jiménez expedition, the early stages of the Spanish

conquest of Muisca territory, and the foundation of the city of Santa Fé de Bogotá. We follow the expedition from the Canary Islands to Santa Marta, up the Magdalena River, and finally into Colombia's eastern highlands. These highly engaging accounts not only challenge many current assumptions about the nature of Spanish conquests in the New World, but they also reveal a richly entertaining, yet tragic, tale that rivals the great conquest narratives of Mexico and Peru.

Violent First Contact in Venezuela Peter Hess.2021-11-18
Published in 1557, Nikolaus Federmann's *Indianische Historia* is a fascinating narrative describing the German military commander's incursion into what is now Venezuela. Designed not only for classroom use but also for the use of scholars, this English translation is accompanied by a critical introduction that contextualizes Federmann's firsthand account within the broader Spanish colonial system. Having gained the rights to colonize Venezuela from the Spanish Crown in 1528, the Welser merchant house of Augsburg, Germany, sent mercenaries, settlers, and miners to set up colonial structures. The venture never turned a profit, and operations ceased in 1546 after two Welser officials were murdered. Federmann's text gives an account of his foray into the interior of Venezuela in 1530–31. It describes violent first contact with Indigenous peoples as well as Federmann's communication strategies, how he managed to prevail in hostile terrain, and how he related to other agents of the conquests. It also documents his unwavering belief in the intrinsic preeminence of European Christians and, ultimately, in the righteousness of his mission. The only detailed record of this incursion, Federmann's text adds a unique and important perspective to our understanding of first colonial contact on the Caribbean coast of South America. It provides insight into the first-contact dynamic, the techniques of subjugation and dominance, and the web of diverging interests among stakeholders. This volume will be a valuable resource for courses

and for scholarship on conquest and colonialism in Latin America.

Seven Myths of the Spanish Conquest Matthew Restall.2003

Examines commonly held perceptions of the Spanish conquest of the Americas, shows how myths were created and perpetuated, and reconstructs history using indigenous sources.

Martín López Conquistador Citizen of Mexico Clinton Harvey Gardiner.1974

Seven Myths of the Spanish Conquest Matthew

Restall.2004-10-28 Here is an intriguing exploration of the ways in which the history of the Spanish Conquest has been misread and passed down to become popular knowledge of these events. The book offers a fresh account of the activities of the best-known conquistadors and explorers, including Columbus, Cortés, and Pizarro. Using a wide array of sources, historian Matthew Restall highlights seven key myths, uncovering the source of the inaccuracies and exploding the fallacies and misconceptions behind each myth. This vividly written and authoritative book shows, for instance, that native Americans did not take the conquistadors for gods and that small numbers of vastly

outnumbered Spaniards did not bring down great empires with stunning rapidity. We discover that Columbus was correctly seen in his lifetime--and for decades after--as a briefly fortunate but unexceptional participant in efforts involving many southern Europeans. It was only much later that Columbus was portrayed as a great man who fought against the ignorance of his age to discover the new world. Another popular misconception--that the Conquistadors worked alone--is shattered by the revelation that vast numbers of black and native allies joined them in a conflict that pitted native Americans against each other. This and other factors, not the supposed superiority of the Spaniards, made conquests possible. The Conquest, Restall shows, was more complex--and more fascinating--than conventional histories have portrayed it. *Seven Myths of the Spanish Conquest* offers a richer and more nuanced account of a key event in the history of the Americas.

[The Conquest on Trial](#) Micael de Carvajal, Carlos A. Jáuregui. 2008 The first English translation of Michael de Carvajal's Spanish play *Complaint of the Indians in the Court of Death*, originally published in 1557. Translated by Carlos Jáuregui and Mark Smith-Soto. An annotated bilingual edition, with an introduction that discusses the origins and ideological significance of the play-- Provided by publisher.

Open Veins of Latin America Eduardo Galeano. 1997 [In this book, the author's] analysis of the effects and causes of capitalist underdevelopment in Latin America present [an] account of ... Latin American history. [The author] shows how foreign companies reaped huge profits through their operations in Latin America. He explains the politics of the Latin American bourgeoisies and their subservience to foreign powers, and how they interacted to create increasingly unequal capitalist societies in Latin America.-Back cover.

Conquistador Voices (Vol I) Kevin H. Siepel. 2015-10-12 *Conquistador Voices*, a two-volume work by Kevin H. Siepel, is

intended for the general reader. The book presents the history of the Spanish Conquest of the Americas principally through the voices of those who participated in that signal event. Its goal is to make this story engaging by substantial use of first-person narrative--much of it newly translated from Spanish and Italian sources. The overall story is told in five parts, each part featuring a principal Conquest actor--an explorer or conquistador. Volume I is devoted to the four voyages of Christopher Columbus, and to the subsequent conquest of Mexico by Hernan Cortes. Volume I opens with a scene-setting narrative and introduction to Columbus, a man with an unshakable belief in an idea and a dogged determination to carry out that idea. Columbus's landing and initial encounter with the peoples of the Americas is covered, as is his worsening relationship with the colonists, his arrest and removal to Spain, his rehabilitation, and his subsequent year-long, mutiny-ridden isolation on a Jamaican beach. Equally well covered are the many aspects of his complex personality. The second part of volume I covers the conquest of Mexico and the Aztecs by Hernan Cortes. We are taken on the early exploratory voyages to the Mexican coast, eventually to land there with Cortes and his not-totally-loyal troops. We see Cortes take charge of his men, gather initially-hostile Indian warriors to his cause, and move this large force inexorably toward the Aztec capital, Tenochtitlan. We witness Cortes's bold seizure of the Aztec king Montezuma, the Spaniards' flight from the capital on the *noche triste*, Cortes's determination to hold this land against attacking Spaniards, and his final razing of the city with the slaughter of most of its inhabitants. An effort has been made throughout *Conquistador Voices* to avoid moralizing on these events, but to report them--with all due filtering of wheat from chaff--as we have been told that they occurred. Nine maps accompany the text, along with index, copious footnotes, and brief bibliography.

The Death of Aztec Tenochtitlan, the Life of Mexico City

Barbara E. Mundy. 2018-03-22 Winner, Book Prize in Latin

American Studies, Colonial Section of Latin American Studies Association (LASA), 2016 ALAA Book Award, Association for Latin American Art/Arvey Foundation, 2016 The capital of the Aztec empire, Tenochtitlan, was, in its era, one of the largest cities in the world. Built on an island in the middle of a shallow lake, its population numbered perhaps 150,000, with another 350,000 people in the urban network clustered around the lake shores. In 1521, at the height of Tenochtitlan's power, which extended over much of Central Mexico, Hernando Cortés and his followers conquered the city. Cortés boasted to King Charles V of Spain that Tenochtitlan was destroyed and razed to the ground. But was it? Drawing on period representations of the city in sculptures, texts, and maps, *The Death of Aztec Tenochtitlan, the Life of Mexico City* builds a convincing case that this global capital remained, through the sixteenth century, very much an Amerindian city. Barbara E. Mundy foregrounds the role the city's indigenous peoples, the Nahua, played in shaping Mexico City through the construction of permanent architecture and engagement in ceremonial actions. She demonstrates that the Aztec ruling elites, who retained power even after the conquest, were instrumental in building and then rebuilding the city. Mundy shows how the Nahua entered into mutually advantageous alliances with the Franciscans to maintain the city's sacred nodes. She also focuses on the practical and symbolic role of the city's extraordinary waterworks—the product of a massive ecological manipulation begun in the fifteenth century—to reveal how the Nahua struggled to maintain control of water resources in early Mexico City.

When Montezuma Met Cortés Matthew Restall. 2018-01-30 A dramatic rethinking of the encounter between Montezuma and Hernando Cortés that completely overturns what we know about the Spanish conquest of the Americas On November 8, 1519, the Spanish conquistador Hernando Cortés first met Montezuma, the Aztec emperor, at the entrance to the capital city of Tenochtitlan.

This introduction—the prelude to the Spanish seizure of Mexico City and to European colonization of the mainland of the Americas—has long been the symbol of Cortés’s bold and brilliant military genius. Montezuma, on the other hand, is remembered as a coward who gave away a vast empire and touched off a wave of colonial invasions across the hemisphere. But is this really what happened? In a departure from traditional tellings, When Montezuma Met Cortés uses “the Meeting”—as Restall dubs their first encounter—as the entry point into a comprehensive reevaluation of both Cortés and Montezuma. Drawing on rare primary sources and overlooked accounts by conquistadors and Aztecs alike, Restall explores Cortés’s and Montezuma’s posthumous reputations, their achievements and failures, and the worlds in which they lived—leading, step by step, to a dramatic inversion of the old story. As Restall takes us through this sweeping, revisionist account of a pivotal moment in modern civilization, he calls into question our view of the history of the Americas, and, indeed, of history itself.

Latin-American [mythology] Hartley Burr Alexander. 1920 Myths, legends, heroes, and gods from Native Americans in Central and South America.

Conquistadors Charles River Editors. 2013-11 *Includes Cortes's letter to King Charles V describing Tenochtitlan and the Aztec Empire. *Includes descriptions of both the Aztec and Inca Empires. *Includes pictures of the Conquistadors and important people and places in their lives. *Includes a Bibliography for further reading. “Among these temples there is one which far surpasses all the rest, whose grandeur of architectural details no human tongue is able to describe; for within its precincts, surrounded by a lofty wall, there is room enough for a town of five hundred families.” - Hernán Cortés “Friends and comrades! On that side [south] are toil, hunger, nakedness, the drenching storm, desertion, and death; on this side ease and pleasure. There lies Peru with its riches; here, Panama and its poverty. Choose,

each man, what best becomes a brave Castilian. For my part, I go to the south.” - Francisco Pizarro During the Age of Exploration, some of the most famous and infamous individuals were Spain's best known conquistadors. Naturally, as the best known conquistador, Hernán Cortés (1485-1547) is also the most controversial. Like Christopher Columbus before him, Cortés was lionized for his successes for centuries without questioning his tactics or motives, while indigenous views of the man have been overwhelmingly negative for the consequences his conquests had on the Aztecs and other natives in the region. Just about the only thing everyone agrees upon is that Cortés had a profound impact on the history of North America. Of course, the lionization and demonization of Cortés often take place without fully analyzing the man himself, especially because there are almost no contemporaneous sources that explain what his thinking and motivation was. If anything, Cortés seemed to have been less concerned with posterity or the effects of the Spanish conquest on the natives than he was on relations with the Mother Country itself. Of the few things that are known about Cortés, it appears that he was both extremely ambitious and fully cognizant of politics and political intrigue, even in a New World thousands of miles west of Spain itself. Cortés spent much of his time in Mexico and the New World defending himself against other Spanish officials in the region, as well as trying to portray and position himself in a favorable light back home. If Columbus and Cortés were the pioneers of Spain's new global empire, Pizarro consolidated its immense power and riches, and his successes inspired a further generation to expand Spain's dominions to unheard of dimensions. Furthermore, he participated in the forging of a new culture: like Cortés, he took an indigenous mistress with whom he had two mixed-race children, and yet the woman has none of the lasting fame of Cortés's Doña Marina. With all of this in mind, it is again remarkable that Pizarro remains one of the less well-known and less written about of the

explorers of his age. On the other hand, there are certain factors that may account for the conqueror of Peru's relative lack of lasting glory. For one, he was a latecomer in more than one sense. Cortés's reputation was built on being the first to overthrow a great empire, so Pizarro's similar feat, even if it bore even greater fruit in the long run, would always be overshadowed by his predecessor's precedent. But Pizarro also lacked the youthful glamour of Cortés: already a wizened veteran in his 50s by the time he undertook his momentous expedition, he proceeded with the gritty determination of a hardened soldier rather than the audacity and cunning of a young courtier. Conquistadors looks at the lives of the two distant relatives, the empires they conquered, and their legacies. Along with pictures of important people, places, and events, you will learn about Cortes and Pizarro like you never have before.

River of Darkness Buddy Levy.2022-04-05 The acclaimed author of Conquistador and Labyrinth of Ice charts one of history's greatest expeditions, a legendary 16th-century adventurer's death-defying navigation of the Amazon River. In 1541, Spanish conquistador Gonzalo Pizarro and his lieutenant Francisco Orellana searched for La Canela, South America's rumored Land of Cinnamon, and the fabled El Dorado, "the golden man." Quickly, the enormous expedition of mercenaries, enslaved natives, horses, and hunting dogs were decimated through disease, starvation, and attacks in the jungle. Hopelessly lost in the swampy labyrinth, Pizarro and Orellana made the fateful decision to separate. While Pizarro eventually returned home in rags, Orellana and fifty-seven men continued into the unknown reaches of the mighty Amazon jungle and river. Theirs would be the greater glory. Interweaving historical accounts with newly uncovered details, Levy reconstructs Orellana's journey as the first European to navigate the world's largest river. Every twist and turn of the powerful Amazon holds new wonders and the risk of death. Levy gives a long-overdue account of the Amazon's

people—some offering sustenance and guidance, others hostile, subjecting the invaders to gauntlets of unremitting attacks and signs of terrifying rituals. Violent and beautiful, noble and tragic, *River of Darkness* is riveting history and breathtaking adventure that will sweep readers on a voyage unlike any other.

A Guide for the Teaching of Spanish in Secondary Schools New Jersey. Department of Education.1954

The Native Conquistador Fernando de Alva Ixtlilxóchitl.2015
An English translation of Alva Ixtlilxochitl's Thirteenth Relation, an early seventeenth-century narrative of the conquest of Mexico from Hernán Cortés's arrival in 1519 through his expedition into Central America in 1524.

Maya Conquistador Matthew Restall.1999-08-30 Exploring firsthand accounts written by Maya nobles from the sixteenth through the nineteenth centuries-many of them previously untranslated-Restall offers the first Maya account of the conquest. The story holds surprising twists: The conquistadors were not only Spaniards but also Mayas, reconstructing their own governance and society, and the Spanish colonization of the Yucatan was part of an ongoing pattern of adaptation and survival for centuries.

For All of Humanity Martha Few.2015-10-22 *For All of Humanity* examines the first public health campaigns in Guatemala, southern Mexico, and Central America in the eighteenth and early nineteenth centuries. It reconstructs a rich and complex picture of the ways colonial doctors, surgeons, Indigenous healers, midwives, priests, government officials, and ordinary people engaged in efforts to prevent and control epidemic disease.

Handbook of Middle American Indians, Volumes 14 and 15

Howard F. Cline,Charles Gibson,H.B. Nicholson.1975-04-01
Volumes 14 and 15 of the Handbook of Middle American Indians, published in cooperation with the Middle American Research Institute of Tulane University under the general editorship of

Robert Wauchope (1909–1979), constitute Parts 3 and 4 of the Guide to Ethnohistorical Sources. The Guide has been assembled under the volume editorship of the late Howard F. Cline, Director of the Hispanic Foundation in the Library of Congress, with Charles Gibson, John B. Glass, and H. B. Nicholson as associate volume editors. It covers geography and ethnogeography (Volume 12); sources in the European tradition (Volume 13); and sources in the native tradition: prose and pictorial materials, checklist of repositories, title and synonymy index, and annotated bibliography on native sources (Volumes 14 and 15). The present volumes contain the following studies on sources in the native tradition: “A Survey of Native Middle American Pictorial Manuscripts,” by John B. Glass “A Census of Native Middle American Pictorial Manuscripts,” by John B. Glass in collaboration with Donald Robertson “Techialoyan Manuscripts and Paintings, with a Catalog,” by Donald Robertson “A Census of Middle American Testarian Manuscripts,” by John B. Glass “A Catalog of Falsified Middle American Pictorial Manuscripts,” by John B. Glass “Prose Sources in the Native Historical Tradition,” by Charles Gibson and John B. Glass “A Checklist of Institutional Holdings of Middle American Manuscripts in the Native Historical Tradition,” by John B. Glass “The Botutini Collection,” by John B. Glass “Middle American Ethnohistory: An Overview” by H. B. Nicholson The Handbook of Middle American Indians was assembled and edited at the Middle American Research Institute of Tulane University with the assistance of grants from the National Science Foundation and under the sponsorship of the National Research Council Committee on Latin American Anthropology.

The Last Days of the Incas Kim MacQuarrie.2008-06-17

Documents the epic conquest of the Inca Empire as well as the decades-long insurgency waged by the Incas against the Conquistadors, in a narrative history that is partially drawn from

the storytelling traditions of the Peruvian Amazon Yora people.
Reprint. 20,000 first printing.

Conquistadors and Aztecs Stefan Rinke.2023-06 A highly readable narrative of the causes, course, and consequences of the Spanish Conquest, incorporating the perspectives of many Native groups, Black slaves, and the conquistadors, timed with the 500th anniversary of the fall of the Aztec capital of Tenochtitlan.Five hundred years ago, a flotilla landed on the coast of Yucatan under the command of the Spanish conquistador Hernan Cortes. While the official goal of the expedition was to explore and to expand the Christian faith, everyone involved knew that it was primarily about gold and the hunt for slaves.That a few hundred Spaniards destroyed the Aztec empire - a highly developed culture - is an old chestnut, because the conquistadors, who had every means to make a profit, did not succeed alone. They encountered groups such as the Tlaxcaltecs, who suffered from the Aztec rule and were ready to enter into alliances with the foreigners to overthrow their old enemy. In addition, the conquerors benefited from the diseases brought from Europe, which killed hundreds of thousands of locals. Drawing on both Spanish and indigenous sources, this account of the conquest of Mexico from 1519 to 1521 not only offers a dramatic narrative of these events - including the fall of the Aztec capital of Tenochtitlan and the flight of the conquerors - but also represents the individual protagonists on both sides, their backgrounds, their diplomacy, and their struggles. It vividly portrays the tens of thousands of local warriors who faced off against each other during the fighting as they attempted to free themselves from tribute payments to the Aztecs.Written by a leading historian of Latin America, *Conquistadors and Aztecs* offers a timely portrayal of the fall of Tenochtitlan and the founding of an empire that would last for centuries.
