Sex Trafficking in South Asia Mary Crawford.2010-01-21 This book is a critical feminist analysis of sex trafficking. Arguing that trafficking in girls and women is a product of the social construction of gender and other dimensions of power and status within a particular culture and at a particular historical moment, this book offers the necessary locally grounded analysis. Focusing on the case of Nepal, from where 5,000 to 7,000 thousands of Nepali girls and women are trafficked each year primarily to India, Mary Crawford assesses how the social construction of trafficking - the concept and its representation in discourse - are influenced by the dynamics of gender, caste, and the development establishment. The defining figure is an innocent, naïve young girl being lured or duped into leaving the safety of her village. The trafficking victim is portrayed as backward; however, she is backward in specific ways that resonate with Nepal's struggle to resist and yet encompass Western influence. This view may lead to paradoxical effects in which efforts to protect girls and women instead restrict their human rights. Rather than seeing women as universalized victims, Crawford assesses how the social construction of trafficking in a particular society affects girls and women who live in that society. In this book, the author's voice as a woman, a feminist, and a social scientist immersed in a foreign way of life, illuminates aspects of this process and highlights the subjectivity of urban women. It makes the connection between Nepali subjectivities and a problem of international significance, the trafficking of girls and women. The book provides a model for other locally grounded accounts of sex trafficking to counter the universalizing rhetoric of the mass media and some anti-trafficking activists, filling a niche in South Asian Studies and Women's Studies.

Voices Against Sex Slavery in America Aayushi Shah,Katie Bemb.2017-04-15 An estimated 45.8 million people are enslaved in the world today. Although many have heard about human trafficking abroad, not many Americans are aware that sex slavery is a threat here in the United States. Our goal is to break the myth that sex trafficking is a foreign issue. It occurs right here in America, and *Voices Against Sex Slavery in America* points to different ways we can combat this illicit trade. We collected perspectives from survivors, family members of survivors, abuse counselors, law enforcement, policy makers, and scholars in order to effectively portray the scope of sex trafficking and how we can reach a solution. This book gives a very holistic version of what sex trafficking looks like in America and what we can do to end modern slavery. We want to encourage a multi-stakeholder approach to fighting sex slavery, where all these stakeholders unite their expertise to help as many survivors as possible.

The Whistleblower Kathryn Bolkovac,Cari Lynn.2011-01-04 When Nebraska police officer and divorced mother of three Kathryn Bolkovac saw a recruiting announcement for private military contractor DynCorp International, she applied and was hired. At great risk to her personal safety, she began to unravel the ugly truth about officers involved in human trafficking and forced prostitution and their connections to private mercenary contractors, the UN, and the U.S. State Department. After bringing this evidence to light, Bolkovac was demoted, felt threatened with bodily harm, was fired, and ultimately forced to flee the country under cover of darkness—bringing the incriminating documents with her. Rewriting the Victim Erin M. Kamler.2019-02-26 The international movement against the trafficking of women, which has gained momentum over the past two decades, is driven largely by the United States, in tandem with state governments and NGO workers. Feminist organizations have played a key role in carrying out anti-trafficking policies, but are increasingly divided over what those policies should look like. The primary divide exists between those feminists who want to abolish prostitution (as a key link to trafficking) and those who argue that what sex workers need is not to have their livelihoods taken away through paternalistic policies, but improved working conditions to alleviate the dangers associated with their work. A primary criticism of US NGO workers, well-intentioned as they may be, is that they misunderstand the cultural and economic conditions of the women they purport to help. This book provides a unique response to this misunderstanding. On one level it shows how this movement is, in fact, based on a Western mindset that problematizes women and puts its own interests before those of the women it is trying to help. But the project's primary innovation is in the method that it develops to explore the conflict of cultural values that gives rise to the aforementioned debates: what Erin M. Kamler calls Dramatization as Research (DAR). Through writing and producing *Land of Smiles*, a musical inspired by field research that includes over fifty interviews with female migrant laborers, sex workers, activists, NGO employees, and other members of the anti-trafficking movement, Kamler presents one of the dominant stories about human trafficking and critiques the discourse about the trafficking of women in Thailand. The

book examines how the musical aimed to facilitate communication between stakeholders in the anti-trafficking movement in Thailand and prime a dialogue to explore the policies, practices, and outcomes of actions in this environment. Through researching, writing and producing the musical for the individuals on whose experiences the story of the musical is based, Kamler shows how the arts can be used as a feminist communication intervention and a vehicle for understanding the cultural dimension of human rights.

Slavery Inc Lydia Cacho.2014-05-13 Illegal, inhuman, and impervious to recession, there is one trade that continues to thrive, just out of sight. The international sex trade criss-crosses the entire globe, a sinister network made up of criminal masterminds, local handlers, corrupt policemen, willfully blind politicians, eager consumers, and countless hapless women and children. In this ground-breaking work of investigative reporting, the celebrated journalist Lydia Cacho follows the trail of the traffickers and their victims from Mexico to Turkey, Thailand to Iraq, Georgia to the UK, to expose the trade's hidden links with the tourist industry, internet pornography, drugs and arms smuggling, the selling of body organs, money laundering, and even terrorism. This is an underground economy in which a sex slave can be bought for the price of a gun, but Cacho's powerful first-person interviews with mafiosi, pimps, prostitutes, and those who managed to escape from captivity makes it impossible to ignore the terrible human cost of this lucrative exchange. Shocking and sobering, *Slavery Inc*, is an exceptional book, both for the colossal scope of its enquiry, and for the tenacious bravery with which Cacho pursues the truth.

Angels Over Moscow Juliette M. Engel.2021-09-22 *Angels Over Moscow* is an inspirational, first-person account of the life of American physician, Dr. Juliette Engel, who founded the non-profit MiraMed Institute to devote her energy and resources to helping reform maternal and infant healthcare in Russia. During a mission to improve medical care for children in orphanages, she discovered a link between the State institutions and an international network that trafficked young Russian girls to Scandinavia for prostitution. She followed their trail north into Norway, where she ran headlong into the international slave trade of the 20th Century—human trafficking. From that point forward, there was no turning back for the determined doctor, as she traveled throughout the former USSR, often at great personal peril, building a network of villagers, educators, police, media, and government officials called the Angel Coalition who committed their talents and resources to fighting human trafficking, and bringing thousands of Russian trafficking victims safely home. As a result of her work, she became eyewitness to the collapse of an empire as the USSR broke apart, and the Russian people struggled to find their identity without losing their humanity. Her strength and personal commitment saved thousands of lives and has helped heal the wounds of a broken nation. In *Angels Over Moscow*, Dr. Engel describes her journey as the gift of an unexpected life. More than that, it is a tribute to American ideals, and to idealists like Dr. Engel, who put her life and freedom on the line to fight the good fight for all of us. Every human being encounters crossroads on the path of life that require fate-altering decisions with unknowable outcomes. Selling my medical practice to live and work in Russia wasn't among my life plans when I first set out to explore what lay beyond the boundaries of my familiar world. How could I anticipate that I'd be drawn down the harder, darker, unexplored road into the tumultuous disorder of Russia? I look ba

The Slave Next Door Kevin Bales,Ron Soodalter.2009-06-18 In this riveting book, authors and authorities on modern day slavery Kevin Bales and Ron Soodalter expose the disturbing phenomenon of human trafficking and slavery that exists now in the United States. In *The Slave Next Door* we find that slaves are all around us, hidden in plain sight: the dishwasher in the kitchen of the neighborhood restaurant, the kids on the corner selling cheap trinkets, the man sweeping the floor of the local department store. In these pages we also meet some unexpected slaveholders, such as a 27-

year old middle-class Texas housewife who is currently serving a life sentence for offences including slavery. Weaving together a wealth of voices—from slaves, slaveholders, and traffickers as well as from experts, counselors, law enforcement officers, rescue and support groups, and others—this book is also a call to action, telling what we, as private citizens, can do to finally bring an end to this horrific crime.

Trafficked Sophie Hayes.2013-09-03 The haunting, unforgettable memoir that took the UK by storm, *Trafficked* is a gripping first-hand account of a young woman who survived the horrors of human trafficking. Sophie Hayes, a young, educated English woman, was spending an idyllic weekend in Italy with her seemingly charming boyfriend. But the day of her return home, he made it clear she wasn't going anywhere. Punching and shouting at her, he threatened to kill her adored younger brothers if she didn't cooperate to help him pay off hundreds of thousands of dollars he'd racked up in debts. Over the next six months, Sophie is forced to work as a prostitute in a country where she didn't speak the language, nobody knows her whereabouts, and escape seems impossible. She struggles to survive, constantly at the mercy of her boyfriend's violent moods and living in fear of being killed by any of her customers. When a life-threatening illness lands her in the hospital, Sophie has a chance to phone her mother and escape—if her boyfriend doesn't get to her first. Chilling and captivating, *Trafficked* is one of the first memoirs to present a stunning personal look at the criminal human sex trafficking trade and bring this disturbingly widespread abuse to light.

Domestic Minor Sex Trafficking Susan C. Mapp.2016-06-01 Human trafficking is a thriving business around the world. Although attention had been focused initially on those who were trafficked over international borders for sexual exploitation, awareness has slowly increased of the trafficking of US citizens within its own borders, including its children. However, due to the still-evolving research on this issue, and the subsequent reliance on mass media, there is a lack of accurate knowledge about this crime that this book seeks to address. Pulling together scholarly information from diverse fields including social work, psychology, and biology, Susan Mapp explores the particular risk factors (such as poverty, child maltreatment, and being a sexual minority) that place children at higher risk for being trafficked. The different methods of Domestic Minor Sex Trafficking (DMST)—pimp-controlled, gang-controlled, familial, and survival - are explained, including how children come to be involved in them and the mechanisms by which they occur. Assisting those being trafficked to leave the life is a difficult process, and this book explains why. It is important for everyone to act on what can be done to fight this crime; suggestions for professionals, as well as everyday citizens, are offered, together with a list of resources.

Human Trafficking is said to be the second biggest International crime after the drugs trade and has an annual value of 31.6 billion US Dollars. An International Labour Organization report states that 2.5 million people are victims of human trafficking each year with 1.4 million of

these being for sexual purposes. These victims are mostly women. To put this into perspective, it is equivalent to the entire female population of Albania or Jamaica being forced or coerced to leave and made to work overseas as prostitutes - each and every year.

Up for Sale Alison Marie Behnke.2017-01-01 Trafficking thrives in the shadows. And it can be easy to dismiss it as something that happens to someone else, somewhere else. But that is not the case. Trafficking is a crime that involves every nation on earth, and that includes our own.—US secretary of state Hillary Rodham Clinton, 2009 Human trafficking is as old as slavery and continues to be practiced in the modern world. Victims of human traffickers include workers in restaurants and in garment factories, maids and nannies in the homes of wealthy families, child sex workers, beggars on the street, boy soldiers, even infants kidnapped for foreign adoptions. Women and children are more likely to be coerced or seized than

men and boys, especially if they are poor and uneducated. Traffickers sell their victims for their bodies or for their labor and reap an enormous profit. Human trafficking is estimated to be a \$30 to \$45 billion industry on an annual basis, rivaling weapons and drug trafficking as one of the most profitable criminal undertakings in the world. *Up for Sale* takes a hard look at human trafficking, identifying perpetrators and telling the stories of victims through their own words. You'll discover why some people become vulnerable to trafficking and you'll read about what their lives are like on a daily basis. You'll also meet some of the courageous individuals and organizations working to free people from lives in bondage so that, in the words of US president Barack Obama, each person can forge a life equal to [their] talents and worthy of [their] dreams.

Silenced No More Sylvia S. J. Yu Friedman. 2015-09-30 *Silenced No More: Voices of Comfort Women* weaves the unforgettable stories of the suffering voiceless with themes of forgiveness, reconciliation, and unflagging hope, together with the author's own investigative journey into a tapestry that will open your eyes to one of the largest human rights tragedies in the 20th century: hundreds of thousands of girls and women were trafficked into Imperial Japanese military sex slavery before and during World War II. This grave injustice was never dealt with at the end of World War II. The author, Friedman, argues that this little known historical atrocity against women must be exposed to encourage a grassroots reconciliation process to begin in Asia - for the healing of both the victims and perpetrators alike, as well as for the nations involved. Closure of the war wounds is urgently needed. Sylvia Yu Friedman is an award-winning journalist, filmmaker, international speaker, and writer. She is the author of two books, *Silenced No More: Voices of Comfort Women*, the only journalistic account of historical Japanese military sex slavery during WWII, and *Heart and Soul: The Life Story of Pastor Augustus Chao*. A current affairs documentary producer, former TV anchor, and advisor to philanthropists, Sylvia was among the Top 100 Human Trafficking & Slavery Influence Leaders List in 2017 by Assent Compliance. She won the prestigious 2013 International Human Rights Press Award for her three-part documentary series on human trafficking in China, Hong Kong, and Thailand. After ten years of intensive research and interviewing elderly survivors, academics, lawyers and activists in different nations, Sylvia is considered a global expert on comfort women Japanese Imperial military sex slavery. She's been interviewed or featured on the BBC, CNN, SCMP, Globe and Mail, CGTN among others and covered widely in the Chinese media. Sylvia is a SheSource expert of the Women's Media Center, founded by Jane Fonda and Gloria Steinem and is listed in a database of women experts who serve as a resource for journalists. Since 2005, Sylvia has managed and directed millions of dollars to major humanitarian portfolios impacting at least more than one million people. This work has given her access to many influential networks in different countries. Sylvia led a Hong Kong-based movement against human trafficking that involved more than 120 churches, NGOs, and organizations and later expanded to other nations like Malaysia, South Africa, and the U.S. Sylvia is married to Matthew Friedman, a leading global expert on slavery, the CEO of The Mekong Club, and former U.N. and U.S. diplomat.
