Kindle Buffet from Weberbooks.com is updated each day with the best of the best free Kindle books available from Amazon. Each day's list of new free Kindle books includes a top recommendation with an author profile and then is followed by more free books that include the genre, title, author, and synopsis. Read Your Google Ebook. You can also keep shopping for more books, free or otherwise. You can get back to this and any other book at any time by clicking on the My Google eBooks link. You'll find that link on just about every page in the Google eBookstore, so look for it at any time. Browsing books at eReaderIQ is a breeze because you can look through categories and sort the results by newest, rating, and minimum length. You can even set it to show only new books that have been added since you last visited. Looking for a new way to enjoy your ebooks? Take a look at our guide to the best free ebook readers. The \$domain Public Library provides a variety of services available both in the Library and online, pdf book. ... There are also book-related puzzles and games to play. eBooks Habit promises to feed your free eBooks addiction with multiple posts every day that summarizes the free kindle books available. The free Kindle book listings include a full description of the book as well as a photo of the cover. You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles. Librivox.org is a dream come true for audiobook lovers. All the books here are absolutely free, which is good news for those of us who have had to pony up ridiculously high fees for substandard audiobooks. Librivox has many volunteers that work to release quality recordings of classic books, all free for anyone to download. If you've been looking for a great place to find free audio books, Librivox is a good place to start. It's disappointing that there's no convenient menu that lets you just browse freebies. Instead, you have to search for your preferred genre, plus the word 'free' (free science fiction, or free history, for example). It works well enough once you know about

it, but it's not immediately obvious.
