*Zen Antics* Thomas Cleary. 1993-11-23 Throughout Zen history, stories and anecdotes of Zen masters and their students have been used as teaching devices to exemplify the enlightened spirit. Unlike many of the baffling dialogues between Zen masters preserved in the koan literature, the stories retold here are penetratingly simple but with a richness and subtlety that make them worth reading again and again. This collection includes more than one hundred such stories—many appearing here in English for the first time—drawn from a wide variety of sources and involving some of the best-known Zen masters, such as Hakuin, Bankei, and Shosan. Also presented are stories and anecdotes involving famous Zen artists and poets, such as Sengai and Basho.

*Embodied Politics in Visual Autobiography* Sarah Brophy, Janice Hladki. 2014-11-05 From reality television to film, performance, and video art, autobiography is everywhere in today's image-obsessed age. With contributions by both artists and scholars, *Embodied Politics in Visual Autobiography* is a unique examination of visual autobiography's involvement in the global cultural politics of health, disability, and the body. This provocative collection looks at images of selfhood and embodiment in a variety of media and with a particular focus on bodily identities and practices that challenge the norm: a pregnant man in cyberspace, a fat activist performance troupe, indigenous artists intervening in museums, transnational selves who connect disability to war, and many more. The chapters in *Embodied Politics in Visual Autobiography* reflect several different theoretical approaches but share a common concern with the ways in which visual culture can generate resistance, critique, and creative interventions. With

contributions that investigate digital media, installation art, graphic memoir, performance, film, reality television, photography, and video art, the collection offers a wide-ranging critical account of what is clearly becoming one of the most important issues in contemporary culture.

**Chinese Martial Arts Training Manuals** Brian Kennedy,Elizabeth Guo.2008-01-08 Secret training manuals, magic swords, and flying kung fu masters—these are staples of Chinese martial arts movies and novels, but only secret manuals have a basis in reality. Chinese martial arts masters of the past did indeed write such works, along with manuals for the general public. This collection introduces Western readers to the rich and diverse tradition of these influential texts, rarely available to the English-speaking reader. Authors Brian Kennedy and Elizabeth Guo, who coauthor a regular column for Classical Fighting Arts magazine, showcase illustrated manuals from the Ming Dynasty, the Qing Dynasty, and the Republican period. Aimed at fans, students, and practitioners, the book explains the principles, techniques, and forms of each system while also placing them in the wider cultural context of Chinese martial arts. Individual chapters cover the history of the manuals, Taiwanese martial arts, the lives and livelihoods of the masters, the Imperial military exams, the significance of the Shaolin Temple, and more. Featuring a wealth of rare photographs of great masters as well as original drawings depicting the intended forms of each discipline, this book offers a multifaceted portrait of Chinese martial arts and their place in Chinese culture.

Leaders will learn how to work at different levels of their personality in order to achieve this inner centricity - the inner-core balance, the foundation of effective leadership in the VUCA world, and the foundation of personal authenticity and natural authority. *Secrets of German Medieval Swordsmanship* Sigmund Ringeck, Johann Liechtenauer.2001 Medieval Fighting with the German Masters Christian Henry Tobler presents a beautifully interpreted study of fighting techniques recorded in the mnemonic verse of the legendary German swordmaster, Johannes Liechtenauer. Johannes Liechtenauer was a 14th century German fencing master born in the mid 1300s. Some of Liechtenauer's teachings were preserved in rhyming couplets, possibly done so to prevent the uninitiated from learning the techniques he presented. Christian presents his interpretation in a style that is readable, translating the original and then providing a practical interpretation of each technique. At once bold and martially efficient, these classic techniques of swordsmanship have proven their enduring allure. In this second reissue of a classic work, Chivalry Bookshelf offers students of martial arts, of martial culture during the middle ages, fencing historians, reenactors and students of medieval history. *T'ai Chi Ch'uan Ta Wen* Chen Wei-Ming.1993-01-26 This book, T'ai Chi Ch'uan Ta Wen, was written sixty years ago by Professor Ch'en Wei-ming, who was a famous exponent of the Yang style T'ai Chi Ch'uan and a student of the great master, Yang Cheng-fu. In 1927 he established the Chih Jou School in Shanghai where he taught many students. At that time he saw how popular T'ai Chi Ch'uan was becoming and he was concerned that if it became a fad it would lose its original spirit. In the process of its being spread, its principles would be forgotten or mixed with other forms, thus leading to the loss of an important part of its essence. Therefore, this book is based only on what Professor Ch'en heard in his teacher's classes. The questions are his own personal questions. -Benjamin Pang Jeng Lo, from the Introduction
