The Psychology of Money Morgan Housel.2020-09-08 Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In The

Psychology of Money, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

The Spectacle of the Scaffold Michel Foucault. 2008 Foucault's writings on power and control in social institutions have made him one of the modern era's most influential thinkers. Here he argues that punishment has gone from being mere spectacle to becoming an instrument of systematic domination over individuals in society - not just of our bodies, but our souls.

Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

The Craft and Science of Coffee Britta Folmer. 2016-12-16 The Craft and Science of Coffee follows the coffee plant from its origins in East Africa to its current role as a global product that influences millions of lives through sustainable development, economics, and consumer desire. For most, coffee is a beloved beverage. However, for some it is also an object of scientific study, and for others it is approached as a craft, both building on skills and experience. By combining the research and insights of the scientific community and expertise of the crafts people, this unique book brings readers into a sustained and inclusive conversation, one where academic and industrial thought leaders, coffee farmers, and baristas are quoted, each informing and enriching each other. This unusual approach guides the reader on a journey from coffee farmer to roaster, market analyst to barista, in a style that is both rigorous and experience based, universally relevant and personally engaging. From on-farming processes to consumer benefits, the reader is given a deeper appreciation and

L'Amour le Japon les sushis et moi N. M.

Zimmermann.2018-01-01 Lucrèce déménage au Japon : sa mère a obtenu le poste de ses rêves là-bas, et il ne reste plus qu'à prendre l'avion, petit frère bizarre et chien paillason sous le bras ! Lucrèce n'y voit pas d'inconvénient : après tout, quand on a 15 ans et qu'on est hyperconnecté, aller vivre à l'autre bout du monde n'a rien d'effrayant, pas vrai ? Mais entre le choc culturel et les difficultés d'adaptation, l'acclimatation n'est pas aussi facile que prévue. Tandis que sa mère s'enthousiasme pour tout et que son petit frère joue le bourreau des cœurs à la garderie, Lucrèce peine à trouver sa place. Elle ne parvient pas à se faire des amis et le club des amateurs de sushis auquel elle s'est inscrite ne tient pas vraiment ses promesses. Mais lorsqu'elle découvre, dans le local poubelle de son immeuble, un sac rempli de partitions de grande valeur, c'est le début pour Lucrèce d'une enquête qui pourrait bien se terminer par une histoire d'amour... à partir de 13 ans

Comment les Eskimos gardent les bébés au chaud Mei-Ling Hopgood.2013-08-28 Jeune mère américaine installée à Buenos Aires, Mei-Ling Hopgood a été choquée par l'heure tardive à laquelle les Argentins couchent leurs enfants. Était-ce bon pour leur développement, tant physique que social ? Poussée par sa curiosité de journaliste et ses interrogations de jeune maman, Mei-Ling Hopgood s'est lancée dans un tour du monde des méthodes éducatives, étudiant des problématiques aussi universelles que l'heure du coucher, l'apprentissage de la propreté, les repas, ou les activités ludiques. Aux quatre coins de la planète, elle a interrogé des parents issus des cultures les plus diverses, ainsi que des anthropologues, des éducateurs, et des experts en puériculture. Ainsi, les Chinois sont les rois de l'apprentissage de la propreté. Chez eux, le pot, ça commence à six mois ! Quant aux Kenyans, ils portent leurs bébés sur le dos, sanglés dans des écharpes colorées. Et ce n'est pas seulement par tradition - essayez donc de manœuvrer une poussette sur les trottoirs défoncés de Nairobi ! Les Français, eux, réussissent à faire de leurs bambins des gastronomes en culottes courtes. Toutes ces découvertes - et il y en a bien d'autres-, Mei-Ling Hopgood les a testées sur sa propre fille, dès la naissance. Et les résultats parlent d'eux-mêmes ! Ce regard original sur l'éducation à travers les cultures nous offre non seulement la possibilité d'expérimenter certaines de ces traditions mais nous prouve également qu'il y a mille et une façons d'être de bons parents. Traduit de l'anglais par Marine Bramly

The Island of Slaves Pierre de Marivaux.2002-04-22 What will become of us? Four people, the sole survivors of a shipwreck, crawl out of the sea. Two of them are masters, and two of them are servants; and all four are about to discover what life feels like when the boot is on the other foot. Marivaux's potent mix of laughter, emotion and theatrical game-playing makes him one of the most surprising and most modern of all classic playwrights. Neil Bartlett has adapted this brilliant comedy of role-swapping and redemption, which premiered at the Lyric Hammersmith in April 2002. Cast size: 4

Discipline and Punish Michel Foucault.2012-04-18 A brilliant work from the most influential philosopher since Sartre. In this indispensable work, a brilliant thinker suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul.

Barnes, Lucien Huysse. 2003 How does a newly democratized nation constructively address the past to move from a divided history to a shared future? How do people rebuild coexistence after violence? The International IDEA Handbook on Reconciliation after Violent Conflict presents a range of tools that can be, and have been, employed in the design and implementation of reconciliation processes. Most of them draw on the experience of people grappling with the problems of past violence and injustice. There is no right answer to the challenge of reconciliation, and so the Handbook prescribes no single approach. Instead, it presents the options and methods, with their strengths and weaknesses evaluated, so that practitioners and policy-makers can adopt or adapt them, as best suits each specific context. The Black Jacobins C. L. R. James.2001-05-31 In 1789 the West Indian colony of San Domingo supplied two-thirds of the overseas trade of France. The entire structure of what was arguably the most profitable colony in the world rested on the labour of half a million slaves. In 1791 the waves of unrest inspired by the French Revolution reached across the Atlantic dividing the loyalties of the white population of the island. The brutally treated slaves of Saint Domingo seized at this confusion and rose up in rebellion against masters. In this classic work, CLR James chronicles the only successful slave revolt in history and provides a critical portrait of their leader, Toussaint L'Ouverture, 'one of the most remarkable men of a period rich in remarkable men'.

Godard On Godard Jean-luc Godard.1986-03-22 Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for La Gazette du Cinéma to his later writings for Cahiers du Cinéma, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself-his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of Breathless, A Woman Is a Woman, My Life to Live, Alphaville, La Chinoise, and Weekend, this book of writings is an important document and a fascinating study of a vital stage in

Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.

On Diary Philippe Lejeune.2009-04-30 On Diary is the second collection in English of the groundbreaking and profoundly influential work of one of the best-known and provocative theorists of autobiography and diary. Ranging from the diary's historical origins to its pervasive presence on the Internet, from the spiritual journey of the sixteenth century to the diary of Anne Frank, and from the materials and methods of diary writing to the question of how diaries end, these essays display Philippe Lejeune's expertise, eloquence, passion, and humor as a commentator on the functions, practices, and significance of keeping or reading a diary. Lejeune is a leading European critic and theorist of diary and autobiography. His landmark essay, *The Autobiographical Pact*, has shaped life writing studies for more than thirty years, and his many books and essays have repeatedly opened up new vistas for scholarship. As Michael Riffaterre notes, Lejeune's work on autobiography is the most original, powerful, effective approach to a difficult subject. . . . His style is very personal, lively. It grabs the reader as scholarship rarely does. Lejeune's erudition and methodology are impeccable. Two substantial introductory essays by Jeremy Popkin and Julie Rak place Lejeune's work within its critical and theoretical traditions and comment on his central importance within the fields of life writing, literary genetic studies, and cultural studies.

Click on any author's name, and you'll see a biography, related links and articles, quizzes, and forums. Most of the books here are free, but there are some downloads that require a small fee. You can also browse Amazon's limited-time free Kindle books to find out what books are free right now. You can sort this list by the average customer review rating as well as by the book's publication date. If you're an Amazon Prime member, you can get a free Kindle eBook every month through the Amazon First

Reads program. We also inform the library when a book is "out of print" and propose an antiquarian ... A team of qualified staff provide an efficient and personal customer service. LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains. You can browse the library by category (of which there are hundreds), by most popular (which means total download count), by latest (which means date of upload), or by random (which is a great way to find new material to read).
