The Listener Algernon Blackwood.2022-06-03 The writer of this book was well-known for his tales of the supernatural and horror. The book begins with a series of diary entries, describing the author's search for accommodation in London. We learn that he is of limited means and sells the occasional piece for a magazine. The rooms are described as ramshackle and dusty. He is the only occupant in the whole house and previous tenants have gone. Without saying so, there is a sense of unease even in the opening pages.

A Victim of Higher Space Algernon Blackwood.2014-01-01 Blackwood was born in Shooter's Hill (today part of south-east London, but then part of northwest Kent) and educated at Wellington College. His father was a Post Office administrator who, according to Peter Penzoldt, though not devoid of genuine good-heartedness, had appallingly narrow religious ideas. Blackwood had a varied career, farming in Canada, operating a hotel, as a newspaper reporter in New York City, and, throughout his adult life, an occasional essayist for various periodicals. In his late thirties, he moved back to England and started to write stories of the supernatural. He was very successful, writing at least ten original collections of short stories and eventually appearing on both radio and television to tell them. He also wrote fourteen novels, several children's books, and a number of plays, most of which were produced but not published. He was an avid lover of nature and the outdoors, and many of his stories reflect this. English writer of ghost stories and supernatural fiction, of whom Lovecraft wrote: He is the one absolute and unquestioned master of weird atmosphere. His powerful story *The Willows*, which effectively describes another dimension impinging upon our own, was reckoned by Lovecraft to be not only foremost of all Blackwood's tales but the best weird tale of all time. (Unfortunately, Blackwood, who was familiar with Lovecraft's work, failed to return the compliment. As he told Peter Penzoldt, he found spiritual terror missing in his young admirer's writing, something he considered all-important in his own.) Among his thirty-odd books, Blackwood wrote a series of stories and short novels published as *John Silence*, *Physician Extraordinary* (1908), which featured a psychic detective who combined the skills of a Sherlock Holmes and a psychic medium. Blackwood also wrote light fantasy and juvenile books. The son of a preacher, Blackwood had a life-long interest in the supernatural, the occult, and spiritualism, and firmly believed that humans possess latent psychic powers. The autobiography *Episodes Before Thirty* (1923) tells of his lean years as a journalist in New York. In the late 1940s, Blackwood had a television program on the BBC on which he read . . . ghost stories!

Zyla & Kai Kristina Forest.2022-06-07 A fresh love story about the will they, won't they—and why can't they—of first love. While on a school trip to the Poconos Mountains (in the middle of a storm) high school seniors, Zyla Matthews and Kai Johnson, run away together leaving their friends and family confused. As far as everyone knows, Zyla and Kai have been broken up for months. And honestly? Their break up hadn't surprised anyone. Zyla and Kai met while working together at an amusement park the previous summer, and they couldn't have been more different. Zyla was a cynic about love. She'd witnessed the dissolution of her parents' marriage early in life, and it left an indelible impression. Her only aim was graduating and going to fashion school abroad. Until she met Kai. Kai was a serial dater and a hopeless romantic. He'd put a temporary pause on his dating life before senior year to focus on school and getting into his dream HBCU. Until he met Zyla. Alternating between the past and present, we see the love story unfold from Zyla's and Kai's perspectives: how they first became the unlikeliest of friends over the summer, how they fell in love during the school year, and why they ultimately broke up... Or did they? Romantic, heart-stirring, and a little mysterious, Zyla & Kai will keep readers guessing until the last chapter.

Great Granny Webster herself is a fabulous monster, the chilliest of matriarchs, presiding with steely self-regard over a landscape of ruined lives.

The Dunwich Horror H. P. Lovecraft.2023-08-31 The Dunwich Horror by H. P. Lovecraft Audiobook is a horror novella by American writer H. P. Lovecraft. Written in 1928, it was first published in the April 1929 issue of *Weird Tales* (pp. 481–508). It takes place in Dunwich, a fictional town in Massachusetts. It is considered one of the core stories of the Cthulhu Mythos. Plot: In the desolate, decrepit Massachusetts village of Dunwich, Wilbur Whateley is the hideous son of Lavinia Whateley, a deformed and unstable albino, and an unknown father. Strange events surround Wilbur's birth and precocious development; he matures at an abnormal rate, reaching manhood within a decade. Locals shun him and his family, and animals fear and despise him due to an unnatural, inhuman odor emanating from his body. All the while his grandfather, a sorcerer named Old Whateley, indoctrinates him into certain dark rituals and the study of witchcraft. Various locals grow suspicious after Old Whateley buys more and more cattle, yet the number of his herd never increases and the cattle in his field become mysteriously afflicted with severe open wounds. Wilbur and Old Whateley have sequestered an unseen entity at their farmhouse; this entity is connected somehow to a being known as Yog-Sothoth, which is Wilbur's father. Year by year, the entity grows to monstrous proportions, requiring the two men to make frequent modifications to the farmhouse. People begin to notice a trend of cattle mysteriously disappearing. Old Whateley eventually dies, and his mother disappears soon after. The colossal entity eventually occupies the entire interior of the farmhouse. Wilbur ventures to Miskatonic University in Arkham to procure the copy of the *Necronomicon* – Miskatonic's library is one of only a handful in the world to stock an original. The *Necronomicon* has spells that Wilbur can use to summon the Old Ones, but his family's copy is damaged and lacks the page he needs to open the door. When the librarian, Dr. Henry Armitage, refuses to release the university's copy to him (and by sending warnings to other libraries thwarts Wilbur's efforts to consult their copies), Wilbur breaks into the library under the cover of night to steal it.

The Empty House And Other Ghost Stories Algernon Blackwood.2023-07-24 There was manifestly nothing in the external appearance of this particular house to bear out the tales of the horror that was said to reign within. It was neither lonely nor unkempt. It stood, crowded into a corner of the square, and looked exactly like the houses on either side of it. It had the same number of windows as its neighbours; the same balcony overlooking the gardens; the same white steps leading up to the heavy black front door; and, in the rear, there was the same narrow strip of green, with neat box borders, running up to the wall that divided it from the backs of the adjoining houses. Apparently, too, the number of chimney pots on the roof was the same; the breadth and angle of the eaves; and even the height of the dirty area railings...FROM THE BOOKS.
