Aging Education in a Global Context Dena Shenk, Lisa Groger. 2013-12-19 A selection of proceedings from the 2004 Association for Gerontology in Higher Education annual conference Aging Education in a Global Context is a carefully considered set of papers based on selected proceedings from the 2004 Association for Gerontology in Higher Education annual conference. Each forward-thinking presentation provides unique perspectives on teaching resources and education, presenting a wellspring of creative ideas for new and experienced teachers in gerontology and aging education. Respected educators present cutting-edge concepts and effective strategies in gerontology curriculum development and cross-cultural perspectives for advancing gerontology as a field of study. Over the next twenty years, the world's aging population will increase dramatically, requiring increased attention to global aging issues. To prepare gerontologists around the world for future challenges, Aging Education in a Global Context provides educators with fresh viewpoints and practical information on which to base the latest teaching strategies. Each presentation provides a multitude of valuable ideas perfect for incorporating into aging education curriculums, such as how to use films and literature for teaching about aging, how to enfold global perspectives into aging courses, and how to avoid cross-cultural misunderstandings when teaching gerontology in a host country. This invaluable resource is extensively referenced. Aging Education in a Global Context examines aging education, issues, and ageism topics such as: the consequences of globalization for older people a course design incorporating cross-cultural, anthropological approaches to understanding aging an approach to teach about death and dying through the cross-cultural viewpoint of various religious faiths a study of fourteen international films that provides gerontologists with models of successful aging to pass on in coursework teaching cross-cultural aging using Chilean literary portrayals of elders the evolution and present state of gerontology education in Japan gerontology research and cooperative education in Kenya educating about community-based long-term care in China Aging Education in a Global Context presents a wealth of new ideas for all gerontology educators and educators addressing cross-cultural aging issues within discipline-based courses in sociology, social work, anthropology, public policy, and psychology.

Human Performance Models Revealed in the Global Context Victor C.X. Wang, Kathleen P. King. 2008-11-01 As globalization brings different cultures together, human performance interventions and training solutions may be strained by cultures, policies and other lines of thinking specific to a particular country, region or continent. What is considered a systematic process of discovering and analyzing important human performance gaps, such as designing and developing cost-effective and ethically justifiable strategies to close those gaps, implementing the strategies, and evaluating the financial results in one country may not apply in another. Human Performance Models Revealed in the Global Context powerfully presents different models of human performance from across the globe, and enables readers to understand a much broader range of interactions, perceptions, models, and possibilities for HR management, training and development. Human performance is high on the agenda of organizations around the globe because they must raise the level of company performance and bring about organizational change in order to continue to survive and thrive in a global economy. Human Performance Models Revealed in the Global Context unveils worldwide, lessons about organizations facing similar, and different challenges focusing on this pressing need to improve human performance. Indeed human performance is seen as the greatest asset to affect organizational performance than any other. Although physical, financial, intangible, and other assets are crucial in varying degrees in different organizations, human performance is the "glue" that holds all the other assets together and guides their use to achieve results. Effective use of an organizational human capital will no doubt be one of the most valuable strategies to help a firm gain a competitive advantage in this global, and changing, economy. Human Performance Models Revealed in the Global Context's valuable presentation of the developments and future of this field is informative and inspiring for a wide readership, because of its broad constellation of cases, its insights and recommendations and foundational lessons for guiding human performance initiatives in organizations. Readers who will find the volume valuable will include a wide spectrum including, trainers in Human Resource Development; Human Resource Managers; Military trainers; adult learning professionals; business administrators and aspiring administrators; public school administrators; business managers; nonprofit, NGO, hospital and community organization administrators; managers, directors, and supervisors; educational administrators; college professors/teachers, undergraduate and graduate students.

Breaking the Illusions Sicily Kariuki. 2024-02-08 Breaking the Illusions is the story of resolve and grit in the face of seemingly insurmountable challenges. In this tell-all book, the author paints an insider's view of government, exposing the odds that are inexorably ranged against those who challenge the status quo and are perceived to be all-powerful. Hers is the intriguing story of a mistaken tag that at once opens multiple warfronts with shadowy detractors and opens previously unimaginable doors. The author provides a window into statecraft in a way that leaves the reader, researchers, ministers and even serving and aspiring public servants the richer.

Cross Cultural Management Zachary Thuita. 2015-12-15 Essay from the year 2015 in the subject Business economics - Business Management, Corporate Governance, grade: A, Kenyatta University (Kenyatta University), course: Bachelor of Commerce HRM, language: English, abstract: The need for cross-cultural management has become an integral part of the modern business organization. This is because the advancement in communication technology has made it possible for people and groups of people from different cultures to work together electronically, bridging the time and space between people. Migration and movement of people has enabled people from diverse cultures to move and work in a different region from its culture of origin. Similarly, globalization has made it possible for companies to venture into new markets with new cultures (Cukier and Middleton 1996). All these factors have enabled companies to employ people from different cultural background. Currently, organizations have to confront the reality of having to deal with cultural diversity, which is increasing in the workplace as one of the most serious concerns (Jones 2012). This essay examines the Chinese culture. The discussion revolves around the nature of its culture looking at aspects such as social structure,

economic philosophy, language, political philosophy and cultural norms in the society among other important aspects of Chinese culture. According to Briley (2007), individuals coming from different cultural backgrounds have varied norms, values and expectations, which in turn shape and influence their decisions, judgments and subsequent behavior. Bodley (1994), defines culture to mean values, ideals or rules of living passed on to future generation as social tradition or heritage. It encompasses the complexity of ideas or habits learned that constrain impulses and differentiate human beings from animals. Functionally, it is the way people solve problems of living together or adapt to their environment. Recent studies show that the cultural norms and v

Intersectionality and Women's Access to Justice in Africa J. Jarpa Dawuni.2022-10-17 This book examines women's access to justice in both traditional and statutory courts through an intersectional lens. It analyzes the lived experiences of women and their access to justice by situating the courtroom as both a spatial and a temporal arena for seeking justice (as litigants) and for seeking access to the bench (as judges).

A Profile of Kenyan Entrepreneurs Waithaka, Wanjiru, Majeni, Evans.2014-12-04 A Profile of Kenyan Entrepreneurs profiles a dozen of Kenya's most successful entrepreneurs across a variety of industries - manufacturing, pharmaceuticals, agriculture, ICT, retail, media and entertainment to name a few. It is a collection that proves that when there is money to be made, you cannot beat a good entrepreneur no matter how deprived his or her background. Be inspired by stories that illustrate the triumph of hope over means and the resilience of the human spirit in the face of seemingly insurmountable odds. Find out how they got to where they are, the pitfalls and challenges along the way and how they made and lost millions. Through their eyes you will get a fascinating glimpse into Kenya's history and the events that shaped business in the colonial, pre- and post-independence periods. In this first book of its kind, Kenyan entrepreneurs tell it all - the good, the bad and the ugly. From the building of the Kenya-Uganda railway, the state of emergency in 1952 and the crackdown on Mau Mau fighters, the coffee boom and policy of Africanisation in the 1970s, to the political corruption in the 1980s, the decline of the Kenyan economy in the 1990s and the modicum of hope in 2000s. And best of all, a section on tips for aspiring entrepreneurs where they tell you how to achieve their level of success.

Second Class No Longer Phillip L. Beukema.2023-10-19 No one could have predicted thirty years ago that online learning would become such a key facet of our educational landscape in nearly every corner of the world. Online teaching and learning have evolved rapidly and far more widely than imaginable, accompanied by huge impacts on business, society, and our entire educational enterprise. Drawing on his extensive experience in online teaching at both the graduate and undergraduate level as well as his 25 years in higher ed administration, the author paints a global picture of the evolution of online education. He describes how one country after another has witnessed the astonishing growth of online degrees and "microcredentials" of all kinds. Along the way, he dispels the myths and misperceptions that have grown up around online learning. With incisive analysis built on solid data, the author demonstrates that online programs are no longer regarded as second class but in fact are fully in the mainstream of higher education. Not only that but he predicts that, by 2030, they will become the gold standard by which the more traditional degrees will be judged.

The Educated Street Boy Sam Rogeni.2013-09-12 The book is based on a true story on how a father, Athur Kingoina, mistreats his youngest son, Maxwell Ratemo who had just graduated from Nairobi University with a B.Com degree. His father occasionally, receives some money from his other three children who are studying in the US and thinks that the one at home should have a job and may be, be in a position of giving him money too. His girlfriend, Rosalina, is not kind either. She jilts him for another man whom he meets with her at Uhuru Park enjoying their time. The good thing was that he didn't confront them. This tough life makes him to run away from home to even a tougher life of being a street boy in Nakuru town after searching for a job in vain. A road accident one evening which nearly took his life, changed everything. When all these events were happening in the life of Ratemo, politicians were campaigning in preparation for the general elections which was scheduled to take place at the end of the year; Dec.27.2007. When the time reached and the electorates cast their votes, chaos erupted after the tallying had been done and the incumbent president was declared the winner. The results were disputed which sparked the violence. A great destruction was done to both human lives and properties. Business operations were disrupted for two months. This impacted negatively to jobs, especially into those foreign companies which had ventured to do business in the country. The majority of them, wound up their business ventures and re-located to other countries which were politically stable. Ratemo's company, DIMA investment was no exception. After the lull of the big storm of violence, the company found that it had made unsurmountable loss, it laid off almost all the workers and later on wound its business rendering many employees jobless.

The Palgrave Handbook of Urban Development Planning in Africa Meleckidzedek Khayesi, Francis Nyongesa Wegulo.2022-11-25 Where can one get a synthesis of research findings on urban development planning in Africa? This book addresses this gap in knowledge by distilling existing research to provide insights into theories, research designs, empirical findings and approaches on urban development planning in Africa. Starting with the overall planning culture and strategies, the book chapters move on to specific themes such as governance, population, poverty, water, recreation, transport, agriculture, air quality and rural-urban linkages. This book reduces the prevailing risk of unnecessary duplication of research and the inadequate attention that is being given to extending research in new areas. This situation has partly been due to existing research remaining scattered in different organizations and publications and has not been subjected to critical synthesis to unearth any new developments that it contains. The book makes available research findings to be utilized in current and future urban development planning in Africa.

One Day I Will Write About This Place Binyavanga Wainaina.2011-07-19 *A New York Times Notable Book* *A New York Times Book Review Editors' Choice* *A Publishers Weekly Top Ten Book of the Year* Binyavanga Wainaina tumbled through his middle-class Kenyan childhood out of kilter with the world around him. This world came to him as a chaos of loud and colorful sounds: the hair dryers at his mother's beauty parlor, black mamba bicycle bells, mechanics in Nairobi, the music of Michael Jackson—all punctuated by the infectious laughter of his brother and sister, Jimmy and Ciru. He could fall in with their patterns, but it would take him a while to carve out his own. In this vivid and compelling debut memoir, Wainaina takes us through his school days, his mother's religious period, his failed attempt to study in South Africa as a computer programmer, a moving family reunion in Uganda, and his travels around Kenya. The landscape in front of him always claims his main attention, but he also evokes the shifting political scene that unsettles his views on family, tribe, and nationhood. Throughout, reading is his refuge and his solace. And when, in 2002, a writing prize comes through, the door is opened for him to pursue the career that perhaps had been beckoning all along. A series of fascinating international reporting assignments follow. Finally he circles back to a Kenya in the throes of postelection violence and finds he is not the only one questioning the old certainties. Resolutely avoiding stereotype and cliché, Wainaina paints every scene in *One Day I Will Write About This Place* with a highly distinctive and hugely memorable brush.
