Smitten Kitchen Every Day Deb Perelman.2017-10-24 NEW YORK TIMES BEST SELLER • From the best-selling author of *The Smitten Kitchen Cookbook*—this everyday cookbook is “filled with fun and easy ... recipes that will have you actually looking forward to hitting the kitchen at the end of a long work day” (Bustle). A happy discovery in the kitchen has the ability to completely change the course of your day. Whether we’re cooking for ourselves, for a date night in, for a Sunday supper with friends, or for family on a busy weeknight, we all want recipes that are unfussy to make with triumphant results. Deb Perelman, award-winning blogger, thinks that cooking should be an escape from drudgery. *Smitten Kitchen Every Day: Triumphant and Unfussy New Favorites* presents more than one hundred impossible-to-resist recipes—almost all of them brand-new, plus a few favorites from her website—that will make you want to stop what you’re doing right now and cook. These are real recipes for real people—people with busy lives who don’t want to sacrifice flavor or quality to eat meals they’re really excited about. You’ll want to put these recipes in your Forever Files: Sticky Toffee Waffles (sticky toffee pudding you can eat for breakfast), Everything Drop Biscuits with Cream Cheese, and Magical Two-Ingredient Oat Brittle (a happy accident). There’s a (hopelessly, unapologetically inauthentic) Kale Caesar with Broken Eggs and Crushed Croutons, a Mango Apple Ceviche with Sunflower Seeds, and a Grandma-Style Chicken Noodle Soup that fixes everything. You can make Leek, Feta, and Greens Spiral Pie, crunchy Brussels and Three Cheese Pasta Bake that tastes better with brussels sprouts than without, Beefsteak Skirt Steak Salad, and Bacony Baked Pintos with the Works (as in, giant bowls of beans that you can dip into like nachos). And, of course, no meal is complete without cake (and cookies and pies and puddings): Chocolate Peanut Butter Icebox Cake (the icebox cake to end all icebox cakes), Pretzel Linzers with Salted Caramel, Strawberry Cloud Cookies, Bake Sale Winning-est Goopy Oat Bars, as well as the ultimate Party Cake Builder—four one-bowl cakes for all occasions with mix-and-match frostings (bonus: less time spent doing dishes means everybody wins). Written with Deb’s trademark humor and gorgeously illustrated with her own photographs, *Smitten Kitchen Every Day* is filled with what are sure to be your new favorite things to cook.

Routledge International Handbook of Religion in Global Society Jayeel Cornelio, François Gauthier, Tuomas Martikainen, Linda Woodhead.2020-11-30 Like any other subject, the study of religion is a child of its time. Shaped and forged over the course of the twentieth century, it has reflected the interests and political situation of the world at the time. As the twenty-first century unfolds, it is undergoing a major transition along with religion itself. This volume showcases new work and new approaches to religion which work across boundaries of religious tradition, academic discipline and region. The influence of globalizing processes has been evident in social and cultural networking by way of new media like the internet, in the extensive power of global capitalism and in the increasing influence of international bodies and legal instruments. Religion has been changing and adapting too. This handbook offers fresh insights on the dynamic reality of religion in global societies today by underscoring transformations in eight key areas: Market and Branding; Contemporary Ethics and Virtues; Intimate Identities; Transnational Movements; Diasporic Communities; Responses to Diversity; National Tensions; and Reflections on ‘Religion’. These themes demonstrate the handbook’s new topics and approaches that move beyond existing agendas. Bringing together scholars of all ages and stages of career from around the world, the handbook showcases the dynamism of religion in global societies. It is an accessible introduction to new ways of approaching the study of religion practically, theoretically and geographically.

The Next Millionaire Next Door Thomas J. Stanley, Ph.D., Sarah Stanley Fallaw, Ph.D. 2018-10-01
Is the millionaire next door still out there today? The latest research from Dr. Thomas J. Stanley and his daughter, Dr. Sarah Stanley Fallaw, confirms that, yes, the millionaire next door is alive and well. And he's achieving his financial objectives much the same way he always has: by living below his means, being a contrarian in a maelstrom of hyper-consumption, and being disciplined in reaching his financial goals. The book examines wealth in America 20 years after Dr. Stanley's groundbreaking work on self-made affluence. While a new generation of household financial managers are being inundated with the proliferation financial advice, *The Next Millionaire Next Door* provides readers with an analysis of what it takes to achieve wealth with data-based conclusions and evidence from those who have built wealth on their own over the last two decades. In this current work, the authors detail how specific decisions, behaviors, and characteristics align with the discipline of wealth building, covering areas such as consumption, budgeting, careers, investing, and financial management in general. Through case studies, survey research, and a careful examination of quantitative studies of wealth, the authors illustrate what it takes to achieve financial success today, regardless of market conditions or rising costs.

A tour-de-force by rising indy comics star Gene Yang, *American Born Chinese* tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Their lives and stories come together with an unexpected twist in this action-packed modern fable. *American Born Chinese* is an amazing ride, all the way up to the astonishing climax. *American Born Chinese* is a 2006 National Book Award Finalist for Young People's Literature, the winner of the 2007 Eisner Award for Best Graphic Album: New, an Eisner Award nominee for Best Coloring and a 2007 Bank Street - Best Children's Book of the Year. Political Pentecostalism Leandro L. B. Fontana, Markus Luber. 2021-08-13 The last decade has witnessed fundamental shifts in the relationship between religion and politics. In this light, religious symbols, motifs, justifications, and practices are increasingly noticeable in political discourses, as well as agendas, particularly in the Global South, with Pentecostal Christians standing out as salient actors. Performative practices enacted in political contexts such as the anointing of state authorities, prophecies, warfare prayers, etc. have drawn the attention of numerous scholars worldwide. The four surveys contained in this volume account for these developments in Africa, Asia, and Latin America, and synoptically engage with the following question: Can any meaningful nexus connecting multiple and apparently isolated nodes of Pentecostal engagement in the political sphere around the globe be identified? In addition, they do the groundwork for drawing parallels on a global level, on the basis of which new light can be shed on fundamental changes in Pentecostal actorhood and self-understanding. Thus, local developments and ethnographic studies are for the first time reflected upon from a global perspective.

Debt to Society Miranda Joseph.2014-09-01 It is commonplace to say that criminals pay their debt to society by spending time in prison, but what is a “debt to society”? How is crime understood as a debt? How has time become the equivalent for crime? And how does criminal debt relate to the kind of debt held by consumers and university students? In *Debt to Society*, Miranda Joseph explores modes of accounting as they are used to create, sustain, or transform social relations. Envisioning accounting broadly to include financial accounting, managerial accounting of costs and performance, and the calculation of “debts to society” owed by criminals, Joseph argues that accounting technologies have a powerful effect on social dynamics by attributing credits and debts. From sovereign bonds and securitized credit card debt to student debt and mortgages, there is no doubt that debt and accounting structure our lives. Exploring central components of neoliberalism (and neoliberalism in crisis) from incarceration to personal finance and university management, *Debt to Society* exposes the uneven distribution of accountability within our society. Joseph demonstrates how ubiquitous the forces of accounting have become in shaping all aspects of our lives, proposing that we appropriate accounting and offer alternative accounts to turn the present toward a more widely shared well-being.
