100 Geometric Games Pierre Berloquin.2015-06-03 There are three loops in a tangle of rope. How many are independent, and how many are interlocked? Two knights stand on a chessboard. How many other knights must you add so that each square is occupied or threatened by a knight? Among six seemingly identical drawings of mandalas, each rotated by multiples of 60 degrees, one is different. Which is it, and why? Challenge yourself with these mind-benders, brainteasers, and puzzles. Each of them has been carefully selected so that none will be too tough for anyone without a math background — but they're not too easy. Some are original, and all are clearly and accurately answered at the back of the book.

Piero Edmond Baudoin.2018-11-06 A touching graphic memoir about brotherhood, coming of age, and artistic inspiration by one of France's most celebrated graphic novelists. Edmond Baudoin is one of the most revered and influential figures in European comics, renowned for his slashing, expressive brushwork and narrative experimentation. New York Review Comics is proud to present the first English translation of his most intimate and inviting book, his graphic memoir of growing up with his beloved brother, Piero. Whether stuck in bed with whooping cough or out exploring in the woods, the two brothers draw together endlessly. They confront Martians, battle octopuses, stage epic battles between medieval castles, and fly high over the earth. Inevitably, they begin to grow apart, and their shared artistic life is replaced by schoolwork, romance, dances, motorcycles, and the struggle to decide what sort of people they want to be. Piero is a delicate, exuberant testament to the joys of childhood and a bittersweet account of what it means to become an adult—and an artist.

Yes, I went there. Every woman doesn't want to sleep with you and I'm sure you're not even good in bed. And I'm someone that would know. From, Your Secret Not Admirer

Death Waits in the Dark Mark Edward Langley.2020-08-04 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
