*Cinema and Society in the British Empire, 1895-1940* James Burns. 2013-07-26 By 1940 going to the movies was the most popular form of public leisure in Britain's empire. This book explores the social and cultural impact of the movies in colonial societies in the early cinema age.

**The Routledge Companion to British Cinema History** I.Q. Hunter, Laraine Porter, Justin Smith. 2017-01-12 Over 39 chapters The Routledge Companion to British Cinema History offers a comprehensive and revisionist overview of British cinema as, on the one hand, a commercial entertainment industry and, on the other, a series of institutions centred on economics, funding and relations to government. Whereas most histories of British cinema focus on directors, stars, genres and themes, this Companion explores the forces enabling and constraining the films' production, distribution, exhibition, and reception contexts from the late nineteenth century to the present day. The contributors provide a wealth of empirical and archive-based scholarship that draws on insider perspectives of key film institutions and illuminates aspects of British film culture that have been neglected or marginalized, such as the watch committee system, the Eady Levy, the rise of the multiplex and film festivals. It also places emphasis on areas where scholarship has either been especially productive and influential, such as in early and silent cinema, or promoted new approaches, such as audience and memory studies.

*A Mirror for England* Raymond Durnat. 2019-07-25 Raymond Durnat's classic study of British films from the 1940s to the 1960s, first published in 1970, remains one of the most important books ever written on British cinema. In his introduction, Kevin Gough-Yates writes: 'Even now, it astounds by its courage and its audacity; if you think you have an 'original' approach to a film or a director's work and check it against *A Mirror for England*, you generally discover that Raymond Durnat had said it already.' Durnat himself said about the book that 'the main point was arranging a kind of rendezvous between thinking about movies and thinking, not so much about sociology, as about the experiences that people are having all the time.' Durnat used *Mirror* to assert the validity of British cinema against its dismissal by the critics of *Cahiers du cinéma* and *Sight and Sound*. His analysis takes in classics such as *In Which We Serve* (1942), *A Matter of Life and Death* (1946) and *The Blue Lamp* (1949), alongside 'B' films and popular genres such as Hammer horror. Durnat makes a cogent and compelling case for the success of British films in reflecting British predicaments, moods and myths, at the same time as providing some disturbing new insights into a national character by whose enigmas and contradictions we continue to be perplexed and fascinated.

**TRANSFORMATION AND TRADITION IN 1960S BRITISH CINEMA** FARMER..

*British Horror Films of the 1960s* Scott V. Palmer. 2017-03-28 This book is the second in a series of books on horror films made in Great Britain. Complete cast listings and story synopses are provided, along with the running times of the films and directorial credits. Many heretofore unseen pictures are included; there is also an introduction by the late, great horror film star Sir Christopher Lee.

**Transformation and Tradition in 1960s British Cinema** Richard Farmer. 2019-05-03 Making substantial use of new and underexplored archive resources that provide a wealth of information and insight on the period in question, this book offers a fresh perspective on the major resurgence of creativity and international appeal experienced by British cinema in the 1960s

**The Screenwriter in British Cinema** Jill Nelmes. 2019-07-25 Though screenwriting is an essential part of the film production process, in Britain it is yet to be fully recognised as a form in itself. In this original study, Jill Nelmes brings the art of screenwriting into sharp focus, foregrounding the role of the screenwriter in British cinema from the 1930s to the present day. Drawing on otherwise unseen drafts of screenplays, correspondence and related material held in the Special Collections of the BFI National Archive, Nelmes's close textual analysis of the screenplay in its many forms illuminates both the writing and the production process. With case studies of a diverse range of key writers - from individuals such as Muriel Box, Robert Bolt and Paul Laverty, to teams such as the Carry On writers - Nelmes exposes the depth and breadth of this thriving field.

**Sixties British Cinema Reconsidered** Petrie Duncan Petrie. 2020-03-02 This collection of exciting new research on British cinema of the 1960s reconsiders and reframes the film culture that emerged from that tumultuous decade. Challenging assumptions around Sixties stardom, the book focuses on creative collaboration and the contribution of production personnel beyond the director, and discusses how cultural change is reflected in both film style and cinematic themes. With perspectives and insights from established scholars and new critical voices, *Sixties British Cinema Reconsidered* draws on under-explored archival resources to explore four key research areas: stars and stardom; creative collaborations in filmmaking; developments in genre and film style; and how the cinema of the period both responded and contributed to social and cultural transformation in the 1960s.

*The British 'B' Film* Steve Chibnall, Brian McFarlane. 2019-07-25 This is the first book to provide a thorough examination of the British 'B' movie, from the war years to the 1960s. The authors draw on archival research, contemporary trade papers and interviews with key 'B' filmmakers to map the 'B' movie phenomenon both as artefact and as industry product, and as a reflection on their times.

**Historical Dictionary of British Cinema** Alan Burton, Steve Chibnall. 2013-07-11 The Historical Dictionary of British Cinema has a lot of ground to cover. This it does with over 300 dictionary entries informing us about significant actors, producers and directors, outstanding films and serials, organizations and studios, different film genres from comedy to horror, and memorable films, among other things. Two appendixes provide lists of award-winners. Meanwhile, the chronology covers over a century of history. These parts provide the details, countless details, while the introduction offers the big story. And the extensive bibliography points toward other sources of information.

*British Cinema* Robert Murphy. 2014 A new title in the Routledge Major Works series, Critical Concepts in Media and Cultural Studies, this is a four-volume collection of foundational and cutting-edge research on British cinema.

*Rise and Fall of the UK Film Council* Gillian Doyle. 2015-08-18 Drawing on interviews with leading film executives, politicians and industry stakeholders, including Alan Parker, Stewart Till and Tim Bevan, this book provides an empirically grounded analysis of the rise and unexpected fall of the UK Film Council, the key strategic body responsible for supporting film in the UK for over a decade. As well as offering a critical overview of the political, policy and technological contexts which framed the organisation's creation, existence and eventual demise, the book provides a probing analysis of the tensions between national and global interests in an increasingly transnational film industry, not least underlining how both US and EU interests and pressures have played themselves out. It therefore provides a timely and significant investigation into the contemporary policy environment for film in the 21st century.

Sex and the Single Girl Helen Gurley Brown.2012-07-10 The 1962 blockbuster that took on “one of the most absurd (if universal) myths of our time: that every girl must be married” (The New York Times). Helen Gurley Brown, the iconic editor in chief of *Cosmopolitan* for thirty-two years, is considered one of the most influential figures of Second Wave feminism. Her first book sold millions of copies, became a cultural phenomenon, and ushered in a whole new way of thinking about work, men, and life. Feisty, fun, and totally frank, *Sex and the Single Girl* offers advice to unmarried women that is as relevant today as it was when it burst onto the scene in the 1960s. This spirited manifesto puts women—and what they want—first. It captures the exuberance, optimism, and independence that have influenced the lives of so many contemporary American women.

Great British Films of the 1960s Scott V. Palmer.2019-10-27 This reference book is the fourth in a series detailing British films by decades-this time the 1960s. There are complete cast lists, directorial credits, numerous photographs, story synopses and more than 30 motion pictures included, from 1960-1969.

**Saints and Avengers** James Chapman.2002-04-26 Eccentric, ironic and fantastic series like *The Avengers* and *Danger Man*, with their professional secret agents, or *The Saint* and *The Persuaders*, featuring flamboyant crime-fighters, still inspire mainstream and cult followings. *Saints and Avengers* explores and celebrates this television genre for the first time. *Saints and Avengers* uses case studies to look, for example, at the adventure series' representations of national identity and the world of the sixties and seventies. Chapman also proves his central thesis: that this particular type of thriller was a historically and culturally defined generic type, with enduring appeal, as the current vogue for remaking them as big budget films attests.

**Sixties British Cinema** Robert Murphy.2019-07-25 British films of the 1960s are undervalued. Their search for realism has often been dismissed as drabness and their more frivolous efforts can now appear just empty-headed. Robert Murphy's *Sixties British Cinema* is the first study to challenge this view. He shows that the realist tradition of the late 50s and early 60s was anything but dreary and depressing, and gave birth to a clutch of films remarkable for their confidence and vitality: *Saturday Night and Sunday Morning*, *A Kind of Loving*, and *A Taste of Honey* are only the better known titles. *Sixties British Cinema* revalues key genres of the period - horror, crime and comedy - and takes a fresh look at the 'swinging London' films, finding disturbing undertones that reflect the cultural changes of the decade. Now that our cinematic past is constantly recycled on television, Murphy's informative, engaging and perceptive review of these films and their cultural and industrial context offers an invaluable guide to this neglected era of British cinema.

Sixties British Cinema Reconsidered Duncan Petrie,Melanie Williams,Laura Mayne.2021-11-30 Challenging assumptions around Sixties stardom, the book focuses on creative collaboration and the contribution of production personnel beyond the director, and discusses how cultural change is reflected in both film style and cinematic themes.

**Hollywood, England** Alexander Walker.2005 'Hollywood England' is a book of an era as much as of the cinema. The focus of Walker's commentary is American power operating on British talent as, in the sixties, for the first time British cinema achieved a truly national character.It was an era of Billy Liar and Kes, of the Beatles, musicals, the whole swinging London cycle; of directors such as Richardson, Loach and Russell and stars such as Albert Finney, Michael Caine and Julie Christie. And yet there was the irony that by the end of the decade Hollywood sustained 95% of British film making. Alexander Walker traces the change from the sober reality of post-Suez Britain to the consumer boom, and gives sharp judgements and critical appraisals on the vast variety of American and British film people who made up this extraordinary new wave.

**Re-Viewing British Cinema, 1900-1992** Wheeler W. Dixon.1994-07-01 *Re-Viewing British Cinema, 1900-1992* is a collection of essays on British cinema history and practice. It offers both the casual reader and the film scholar a different view of British filmmaking during the past century. Arranged in chronological order, the book explores those areas of British cinema that have not been fully examined in other works and also offers fresh interpretations of a number of classic films. From the work of Frederic Villiers, the pioneering British newsreel cameraman who at the turn of the century brought home images of battlefield carnage, to essays on the British 'B' film and the long-forgotten 'Independent Frame' method of film production, to new readings of classics such as *The Red Shoes*, *Passport to Pimlico*, and *Peeping Tom*, the authors offer a look behind the scenes of the British film industry and engage the reader in some of the most compelling interpretational and historical issues of recent film history and critical theory. In addition, the volume contains a number of interviews with such key directors as Stephen Frears, Terence Davies, Wendy Toye, and Lindsay Anderson and also pays particular attention to the work of early twentieth-century British feminist filmmakers whose films have often been ignored by conventional film theory and history. It also offers new material on the British 'film noir,' the English horror film, and the pioneering gay director Brian Desmond Hurst. Taken as a whole, this book presents an entirely new series of viewpoints on British film practice, theory, and reception and affords a fresh and vibrant view of the British film medium.

*Hollywood UK* Alexander Walker.1974

**British Cinema, Past and Present** Justine Ashby,Andrew Higson.2013-05-13 *British Cinema: Past and Present* responds to the commercial and critical success of British film in the 1990s. Providing a historical perspective to the contemporary resurgence of British cinema, this unique anthology brings together leading international scholars to investigate the rich diversity of British film production, from the early sound period of the 1930s to the present day. The contributors address: \* British Cinema Studies and the concept of national cinema \* the distribution and reception of British films in the US and Europe \* key genres, movements and cycles of British cinema in the 1940s, 50s and 60s \* questions of authorship and agency, with case studies of individual studios, stars, producers and directors \* trends in British cinema, from propaganda films of the Second World War to the New Wave and the 'Swinging London' films of the Sixties \* the representation of marginalised communities in films such as *Trainspotting* and *The Full Monty* \* the evolution of social realism from *Saturday Night, Sunday Morning* to *Nil By Mouth* \* changing approaches to Northern Ireland and the Troubles in films like *The Long Good Friday* and Alan Clarke's *Elephant* \* contemporary 'art' and 'quality' cinema, from heritage drama to the work of Peter Greenaway, Derek Jarman, Terence Davies and Patrick Keiller.

*Hollywood, England* Alexander Walker.1986

*Studying British Cinema* Danny Powell.2009 Using key film texts as its starting point, *Studying British Cinema: The 1960s* analyses this famously revolutionary decade, and examines how the films of the day reflected the inward battle of the nation. Danny Powell examines differing representations of time and place making sense of the complexities of a changing nation, highlighting cinematic changes in style and outlook that were crucial in communicating, evaluating and constructing British identity in this famous decade, exporting a unified image to the rest of the world, and how this period continues to define Britain today. --Book Jacket.

The Last Bohemian Lance Pettitt.2023-06-12 *The Last Bohemian* offers the first extended, critical evaluation of all of Brian Desmond Hurst's films, reappraising the reputation of a director who was born in 1895 in Belfast and died in Belgravia, London, in 1986. Pettitt skillfully weaves together film analyses, biography, and cultural history with the aim of bringing greater attention to Hurst's qualities as a director and exploring his significance within Irish film and British cinema history between the 1930s and the 1960s. The director of *Dangerous Moonlight* (1941), *Theirs Is the Glory* (1946), and his best-known *Scrooge* (1951) made most of his films for British studios but developed an exile's attachment to Ireland. How in the early twenty-first century has Hurst's career been reclaimed and recognized, and by whom? Why in 2012 was Hurst's name given to one of the new Titanic Studios in Belfast? What were his qualities as a filmmaker? To whose national cinema history, if any, does Hurst belong? Richly illustrated with film stills and other visual material from public archives, *The Last Bohemian* addresses these questions and in doing so makes a significant contribution to British and Irish cinema studies.

*A Critical History of the British Cinema* Roy Armes.1978 The names that stand out in the annals of British film history are set into historical perspective in this comprehensive study. It questions some of the myths surrounding British cinema and probes the strengths of a national output conditioned in its practice by a love-hate relationship with Hollywood and customarily judged in terms of its predominantly realist approach.

*British Cinema of the 1950s* Sue Harper,Vincent Porter.2003-09-11 In this definitive and long-awaited history of 1950s British cinema, Sue Harper and Vincent Porter draw extensively on previously unknown archive

material to chart the growing rejection of post-war deference by both film-makers and cinema audiences. Competition from television and successive changes in government policy all forced the production industry to become more market-sensitive. The films produced by Rank and Ealing, many of which harked back to wartime structures of feeling, were challenged by those backed by Anglo-Amalgamated and Hammer. The latter knew how to address the rebellious feelings and growing sexual discontents of a new generation of consumers. Even the British Board of Film Censors had to adopt a more liberal attitude. The collapse of the studio system also meant that the screenwriters and the art directors had to cede creative control to a new generation of independent producers and film directors. Harper and Porter explore the effects of these social, cultural, industrial, and economic changes on 1950s British cinema.

British Cinema History James Curran, Vincent Porter. 1983

*The History of British Film (Volume 3)* Rachael Low. 2013-09-13 This set is one of the cornerstones of film scholarship, and one of the most important works on twentieth century British culture. Published between 1948 and 1985, the volumes document all aspects of film making in Britain from its origins in 1896 to 1939. Rachael Low pioneered the interpretation of films in their context, arguing that to understand films it was necessary to establish their context. Her seven volumes are an object lesson in meticulous research, lucid analysis and accessible style, and have become the benchmark in film history.

British Historical Cinema Claire Monk, Amy Sargeant. 2015-01-28 Films recreating or addressing 'the past' - recent or distant, actual or imagined - have been a mainstay of British cinema since the silent era. From Elizabeth to Carry On Up The Khyber, and from the heritage-film debate to issues of authenticity and questions of genre, British Historical Cinema explores the ways in which British films have represented the past on screen, the issues they raise and the debates they have provoked. Discussing films from biopics to literary adaptations, and from depictions of Britain's colonial past to the re-imagining of recent decades in retro films such as Velvet Goldmine, a range of contributors ask whose history is being represented, from whose perspective, and why.

*British Cinema* Amy Sargeant. 2019-07-25 Although new writing and research on British cinema has burgeoned over the last fifteen years, there has been a continued lack of single-authored books providing a coherent overview to this fascinating and elusive national cinema. Amy Sargeant's personal and entertaining history of British cinema aims to fill this gap. With its insightful decade-by-decade analysis, British Cinema is brought alive for a new generation of British cinema students and the general reader alike. Sargeant challenges Rachel Low's premise 'that few of the films made in England during the twenties were any good' by covering subjects as diverse as the art of intertitling, the narrative complexities of Shooting Stars and Brunel's burlesques. Sargeant goes on to examine among other things, the differing acting styles of Dietrich and Donat in the seminal Knight Without Armour to early promotional campaigns in the 1930s, whereas subjects ranging from product endorsement by stars to the character of the suburban wife are covered in the 1940s. The 1950s includes topics such as the effect of post-war government intervention, to Free Cinema and Lindsay Anderson's 'infuriating lapses of rigour', together with a much-needed overview of Michael Balcon's contribution to British cinema. For Sargeant, the 1960s provides an overview of the tentative relationship between film and advertising and the rise of young Turks such as Tony Richardson, Ken Loach, Donald Cammell and Nicolas Roeg.

**The Routledge Companion to British Cinema History** I.Q. Hunter, Laraine Porter, Justin Smith. 2017-01-12 Over 39 chapters The Routledge Companion to British Cinema History offers a comprehensive and revisionist overview of British cinema as, on the one hand, a commercial entertainment industry and, on the other, a series of institutions centred on economics, funding and relations to government. Whereas most histories of British cinema focus on directors, stars, genres and themes, this Companion explores the forces enabling and constraining the films' production, distribution, exhibition, and reception contexts from the late nineteenth century to the present day. The contributors provide a wealth of empirical and archive-based scholarship that draws on insider perspectives of key film institutions and illuminates aspects of British film culture that have been neglected or marginalized, such as the watch committee system, the Eady Levy, the rise of the multiplex and film festivals. It also places emphasis on areas where scholarship has either been especially productive and influential, such as in early and silent cinema, or promoted new approaches, such as audience and memory studies.

**Film and Colonialism in the Sixties** Jon Cowans. 2018-12-07 Relations between Western nations and their colonial subjects changed dramatically in the second half of the twentieth century. As nearly all of the West's colonies gained their independence by 1975, attitudes toward colonialism in the West also changed, and terms such as empire and colonialism, once used with pride, became strongly negative. While colonialism has become discredited, precisely when or how that happened remains unclear. This book explores changing Western attitudes toward colonialism and decolonization by analyzing American, British, and French popular cinema and its reception from 1960 to 1973.

Your Face Here Ali Catterall, Simon Wells. 2002 Blow Up, Get Carter, Performance, A Clockwork Orange, Quadrophenia, Naked, Lock, Stock and Two Smoking Barrels—in recent years, an industry has grown up around certain British cult movies, spawning soundtracks, videos, internet sites, and cinematic re-releases. The makers of these films have become icons of cool, revered throughout the worlds of film, music, and fashion. How has this come about? And what turns these films into lifestyles? Drawing on exclusive interviews with studio bosses, actors, filmmakers, and fans, and touring dozens of film locations, Your Face Here reveals all.

**Cinema Memories** Melvyn Stokes, Matthew Jones, Emma Pett. 2022-03-10 Cinema Memories brings together and analyses the memories of almost a thousand people of going to the cinema in Britain during the 1960s. It offers a fresh perspective on the social, cultural and film history of what has come to be seen as an iconic decade, with the release of films such as A Taste of Honey, The Sound of Music, Darling, Blow-Up, Alfie, The Graduate, and Bonnie and Clyde. Drawing on first-hand accounts, authors Melvyn Stokes, Matthew Jones and Emma Pett explore how cinema-goers constructed meanings from the films they watched - through a complex process of negotiation between the films concerned, their own social and cultural identities, and their awareness of changes in British society. Their analysis helps the reader see what light the cultural memory of 1960s cinema-going sheds on how the Sixties in Britain is remembered and interpreted. Positioning their study within debates about memory, 1960s cinema, and the seemingly transformative nature of this decade of British history, the authors reflect on the methodologies deployed, the use of memories as historical sources, and the various ways in which cinema and cinema-going came to mean something to their audiences.

British National Cinema Sarah Street. 2009-06-02 The first substantial overview of the British film industry with emphasis on its genres, stars, and socioeconomic context, British National Cinema by Sarah Street is an important title in Routledge's new National Cinemas series. British National Cinema synthesizes years of scholarship on British film while incorporating the author's fresh perspective and research. Street divides the study of British cinema into four sections: the relation between the film industry and government; specific film genres; movie stars; and experimental cinema. In addition, this beautifully illustrated volume includes over thirty stills from every sphere of British cinema. British National Cinema will be of great interest to film students and theorists as well as the general reader interested in the fascinating scope of British film.

**British Cinema of the 90s** Robert Murphy. 2019-07-25 This work examines major box office hits like 'The Full Monty' as well as critically acclaimed films like 'Under the Skin'. It explores the role of distribution and exhibition, the Americanisation of British film culture, Hollywood and Europe, changing representations of sexuality and ethnicity.

Offers a startling re-evaluation of what has until now been seen as the most critically lacklustre period of the British film history. Covers a variety of genres, such as B-movies, war films, women's pictures and theatrical adaptations; as well as social issues which affect film-making, such as censorship. Includes fresh assessment of maverick directors; Pat Jackson, Robert Hamer and Joseph Losey, and even of a maverick critic Raymond Durnat. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars). If your public library has a subscription to OverDrive then you can borrow free Kindle books from your library just like how you'd check out a paper book. Use the Library Search page to find out which libraries near you offer OverDrive. AvaxHome is a pretty simple site that provides access to tons of free eBooks online under different categories.
