The Book of Ezekiel and the Poem of Erra Daniel Bodi.1991

Grandeur And Misery Anthony Adamthwaite.2014-03-04 A central question in European history is how did a great power pre-eminent in 1918 lie defeated by the same enemy less than 20 years later. Until recently the explanation has been sought in fundamental weaknesses that could only leave the French of 1940 hamstrung and demoralized. Recent studies have challenged that view and now, for the first time, the revisionist approach is displayed in a single volume, both summarizing the research of others and drawing on the author's own work in the archives. The book is about as far from 'dry as dust' diplomatic history as it's possible to get. Its very readable and the author manages to show with the telling anecdote that even a serious subject has its comic side: that, for instance, the French High Command kept forces stationed in the Alps for seven years because no one in the foreign service had thought to pass on news about a secret treaty between Italy and France in 1902; or that after a particularly stressful meeting Andrew Bonar Law, the British prime minister, mouth to Poincaré, the French president, through the closed carriage window of his train 'and you go to hell', all the while smiling and exuding affability. Such episodes are not the substance of the book, but they oil its progress.

First Contacts in Polynesia - the Samoan Case (1722-1848) Serge Tcherkezoff.2008-08-01 This book explores the first encounters between Samoans and Europeans up to the arrival of the missionaries, using all available sources for the years 1722 to the 1830s, paying special attention to the first encounter on land with the Laperouse expedition. Many of the sources used are French, and some of difficult accessibility, and thus they have not previously been thoroughly examined by historians. Adding some Polynesian comparisons from beyond Samoa, and reconsidering the so-called 'Sahlins-Obeyesekere debate' about the fate of Captain Cook, 'First Contacts' in Polynesia advances a hypothesis about the contemporary interpretations made by the Polynesians of the nature of the Europeans, and about the actions that the Polynesians devised for this encounter: wrapping Europeans up in 'cloth' and presenting 'young girls' for 'sexual contact'. It also discusses how we can go back two centuries and attempt to reconstitute, even if only partially, the point of view of those who had to discover for themselves these Europeans whom they call 'Papalagi'. The book also contributes an additional dimension to the much-touted 'Mead-Freeman debate' which bears on the rules and values regulating adolescent sexuality in 'Samoan culture'. Scholars have long considered the pre-missionary times as a period in which freedom in sexuality for adolescents predominated. It appears now that this erroneous view emerged from a deep misinterpretation of Laperouse's and Dumont d'Urville's narratives.

A Reference Grammar of French R. E. Batchelor,M. Chebli-Saadi.2011-07-14 A Reference Grammar of French is a lively, wide-ranging and original handbook on the structure of the French language. It includes new information on register, pronunciation, gender, number, foreign words (Latin, Arabic, English, Spanish, Italian), adjectives and past participles used as nouns, texting, word order, frequency of occurrence of words, and usage with all geographical names. Examples come not only from France, but also from Quebec, Belgium and Switzerland. Readers will appreciate the initial passages illustrating the grammatical features of a given chapter. Also included is a user-friendly introduction to the French language, from its Latin origins to modern times. A full glossary explains any terms that might confuse the less experienced reader, and the index leads the student through the detailed labyrinth of grammatical features. This handbook will be an invaluable resource for students and teachers who want to perfect their knowledge of all aspects of French grammar.

Beauvoir in Time Meryl Altman.2020-11-23 Beauvoir in Time situates Simone de Beauvoir's *The Second Sex* in the historical context of its writing and in later contexts of its international reception, from then till now. The book takes up three aspects of Beauvoir's work more recent feminists find embarrassing: bad sex, dated views about lesbians, and intersections with race and class. Through close reading of Beauvoir's writing in many genres, alongside contemporaneous discourses (good and bad novels in French and English, outmoded psychoanalytic and sexological authorities, ethnographic surrealism, the writing of Richard Wright and Franz Fanon), and in light of her travels to the U.S. and China, the author uncovers insights more recent feminist methodologies obscure, showing that Beauvoir is still good to think with today.

Salvator Rosa in French Literature James Patty.2005-01-31 Salvator Rosa (1615–1673) was a colorful and controversial Italian painter, talented musician, a notable comic actor, a prolific correspondent, and a successful satirist and poet. His paintings, especially his rugged landscapes and their evocation of the sublime, appealed to Romantic writers, and his work was highly influential on several generations of European writers. James S. Patty analyzes Rosa's tremendous influence on French writers, chiefly those of the nineteenth century, such as Stendhal, Honoré de Balzac, Victor Hugo, George Sand, and Théophile Gautier. Arranged in chronological order, with numerous quotations from French fiction, poetry, drama, art criticism, art history, literary history, and reference works, *Salvator Rosa in French Literature* forms a narrative account of the reception of Rosa's life and work in the world of French letters. James S. Patty, professor emeritus of French at Vanderbilt University, is the author of *Dürer in French Letters* . He lives in Nashville, Tennessee.

Culture and Imperialism Edward W. Said.2012-10-24 A landmark work from the author of *Orientalism* that explores the long-overlooked connections between the Western imperial endeavor and the culture that both reflected and reinforced it. In the nineteenth and early twentieth centuries, as the Western powers built empires that stretched from Australia to the West Indies, Western artists created masterpieces ranging from *Mansfield Park* to *Heart of Darkness* and *Aida*. Yet most cultural critics continue to see these phenomena as separate. Edward Said looks at these works alongside those of such writers as W. B. Yeats, Chinua Achebe, and Salman Rushdie to show how subject peoples produced their own vigorous cultures of opposition and resistance. Vast in scope and stunning in its erudition, *Culture and Imperialism* reopens the dialogue between literature and the life of its time.
