Is It Love or Is It Addiction Brenda Schaeffer.2009-08-07 A fresh, updated, and expanded edition of the book that changed the way we think about romance and intimacy. Many of us confuse longing and obsession with true love. Through two previous editions, Is It Love or Is It Addiction? has helped countless people find their way from the trials and confusion of addictive love to the fulfillment of whole and healthy relationships. As the author reveals, we can begin to work through relationship difficulties with compassion and lasting effect by increasing our awareness of the ways that we express love. In this expanded third edition, Brenda Schaeffer draws on years of feedback and new developments to foster an understanding of love addiction: what it is and what it is not, how to identify it, and, even more important, how to break free of it. Stories of real people struggling to develop sound relationships illustrate the characteristics of healthy love and help readers to free themselves to find real intimacy. Included is the most up-to-date information about the biological basis of addictive behaviors and the impact of technology on intimate relationships. The author also explores the influence of past abuse and trauma on the predisposition to love addiction.

Fake It 'Til You Break It Meagan Brandy.2023-06-08 Fake. That's what we are. That's what we agreed to be. So why does it feel so real? I thought

it would have been harder, convincing everyone our school's star receiver was mine and mine alone, but I was wrong. We played our parts so well that the lines between us began to blur until they disappeared completely. The thing about pretending, though, someone's always better at it, and by the time I realized my mistake, there was no going back. I fell for our lie. And then everything fell apart. It turned out he and I were never playing the same game. He didn't have to break me to win. But he did it anyway.

The Greatest Love Story Ever Told Megan Mullally,Nick Offerman.2019-09-03 *A New York Times Bestseller* Megan Mullally and Nick Offerman reveal the full story behind their epic romance—presented in a series of intimate conversations between the couple, including photos, anecdotes, and the occasional puzzle. The year: 2000. The setting: Los Angeles. A gorgeous virtuoso of an actress agreed to star in a random play, and a basement-dwelling scenic carpenter said he would assay a supporting role in the selfsame pageant. At the first rehearsal she surveyed her fellow cast members, determining if any of the men might qualify to provide her with a satisfying fling. Her gaze fell upon the carpenter, and like a bolt of lightning the thought struck her: no dice. Moving on. Yet, unbeknownst to our protagonists, Cupid had merely set down his bow and picked up a rocket

launcher...that fired a love rocket (not a euphemism). The players were Megan Mullally and Nick Offerman, and the resulting romance, once ignited, was...epic. Beyond epic. It resulted in a coupling that has endured to this day; a sizzling, perpetual tryst that has captivated the world with its kindness, athleticism, astonishingly low-brow humor, and true (fire emoji) passion. How did they do it? They came from completely different families, ignored a significant age difference, and were separated by the gulf of several social strata. Megan loved books and art history; Nick loved hammers. But much more than these seemingly unsurpassable obstacles were the values they held in common: respect, decency, the ability to mention genitalia in almost any context, and an abiding obsession with the songs of Tom Waits. Eighteen years later, they're still very much in love and have finally decided to reveal the philosophical mountains they have conquered, the lessons they've learned, and the myriad jigsaw puzzles they've completed. Presented as an oral history in a series of conversations between the couple, the book features anecdotes, hijinks, photos, and a veritable grab bag of tomfoolery. This is not only the intoxicating book that Mullally's and Offerman's fans have been waiting for, it might just hold the solution to the greatest threat facing our modern world: the single life.
